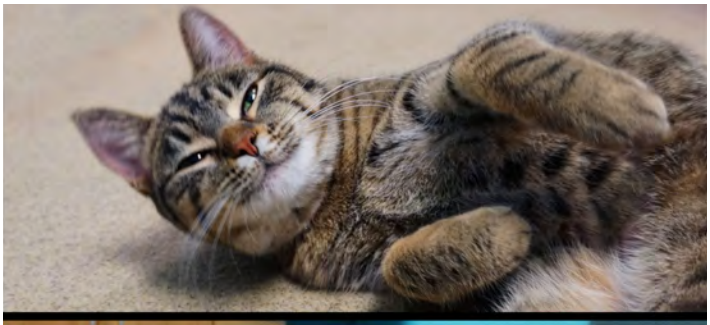
"A Tail of Two Kitties"

by Kim Peacock, DVM - Humane Society of Portage County

The idea of being a stray invokes images of a lonely animal, struggling to get by in a world where they must find their own food, own shelter, and have no companionship. Sometimes a pair of friends or in this case, what we believe to be a pair of sisters can make the road a little less lonely.



Matty and Keever arrived as a pair of strays found together on the UWSP campus. Maybe they were sorority sisters? Some kind human realized the streets weren't a safe place for the girls and brought them to the HSPC. Both were very sweet natured young adult brown tabbies.

The cats were very bonded to each other, snuggling and grooming each other in their cage, and very much enjoying a good meal of kibble and wet food when I first saw them. However, it was clear that everything was not well. Keever's rear leg kept bending out at a very disturbing angle. Though it must have hurt terribly, she did not lash out at the staff, but instead rubbed and purred and begged for more attention.

An x-ray taken at a local veterinary hospital that helps us with services we lack revealed that Keever had broken the thigh bone of her left leg and that it was too out of alignment for HSPC to fix. However, dogs and cats do great with three legs provided they do not have arthritis and are not overweight. So, we amputated her leg at the hip and gave her good pain medication.

I want to reiterate how great cats and dogs do when they are missing a limb. Often, amputation can save them from a lifetime of pain if the limb is damaged and destined to not heal well or if the joint itself is damaged. Sometimes, it is necessary to remove a limb to get rid of cancer, so can be lifesaving. I have seen a lot of pet parents that hesitate because they feel an amputation (or eye removal) will just be too hard on the animal. Trust your veterinarian if they recommend it. The critters do great and have no emotional baggage about their lack of parts. Often, they adjust so well people do not readily notice they are watching a three legged animal cruise around.

Keever missed her friend, Matty, during recovery. Matty also seemed subdued without her companion she had faithfully kept company when she was hurt in the streets. Matty began losing weight, we suspected from the scarey changes in her life and the loss of her companion. We decided to house them in cages next to each other and both animals perked right up! Often they would be play swatting through the bars with their neighbor-sister.

Both girls are now doing great, and hopefully will keep their future adventures confined to the safety of a loving home.

Dr. Peacock attended undergraduate, graduate, and veterinary school at the University of Wisconsin-Madison. Her life's work has largely been with animals and non-commercial enterprises. Prior to becoming a veterinarian she engaged in a variety of work with wildlife and natural resources, finding herself working in the Bering Sea fishery for NOAA, in Puerto Rico studying primate behavior, at the Vilas Zoo as an animal caretaker, and working with peregrine falcons, captive cranes and prothonatary warblers. She found she had a knack for teaching a different sort of wildlife, undergraduates, as a faculty assistant in chemistry and biology courses at UW-Madison for many years.

Veterinary medicine has allowed her to find deeply fulfilling work making the world a better and kinder place for animals. Surgery, dentistry, ophthalmology, behavior and reproduction are some of her favorite specialties. No taxa of animals can lay claim as her favorite, though working with creatures in need brings her the most fulfillment.

She shares her life with a pack of unruly Boston Terriers, a chiweenie, two cats, multiple fish and shrimp, and birds.

Our Everyday Wish List

Canned cat food (Friskies pate)
Canned dog food
Adult and kitten dry food (Iams, Royal Canin, Purina Pro)
Cat & Dog toys
Mr Clean liquid cleaner
Bleach
Liquid Laundry Soap
Frontline Plus for Dogs (45-88 lbs)
Revolution for Dogs (85-130 lbs)

A special need!

Dental and oral disease is by far the most common medical problem in dogs and cats. Dental disease is not only painful, it is also a source of both local and systemic infection, meaning proper therapy has a significant positive affect on the quality of life. In addition, proper dental care for animals requires anesthesia and is often extensive which is why the associated costs are generally expensive. It is unrealistic for most potential adopters to take on a large health care investment when adopting a new pet. This makes shelter animals with dental disease significantly less adoptable, which means that these pets tend to have long shelter stays and/or require placement with rescue groups instead of an adoptive family.

in 2011 we acquired our scaler and in 2014 a pair of donors helped us acquire a used dental drill and dental cart.

The drill currently needs to be refurbished or replaced at an estimated cost of $2,000.

Anything you can do to financially support our efforts will be greatly appreciated.

These two photos show the before and after view of an animal we were able to help.

Mission Statement

Our mission is to prevent cruelty, abuse, neglect and overpopulation of companion animals while seeking adoption of these animals into compatible homes, and teaching humans awareness and respect for all life thus helping to build a better community.

Hours of operation

Monday: 12:00 noon – 3:00 p.m.
Tuesday: 12:00 noon – 7:00 p.m.
Thursday: 12:00 noon – 7:00 p.m.
Friday: 12:00 noon – 3:00 p.m.
Saturday: 11:00 A.M. – 3:00 p.m.

We are closed on Wednesdays, Sundays & Holidays

Online Adoption & Foster Applications Available at www.HSPCWI.org

From The Heart
Sherri Galle-Teske

It all started with a phone call—the ”job is open”!

Those were the words I heard when inquiring about the Executive Director position for the Humane Society of Portage County. For those of you that know me –you know my lifelong love for animals (domesticated and not) and I couldn't let this opportunity pass without applying. You can imagine the happiness I felt when I was selected for an interview and then the position.

Sherri Galle-Teske and Tala

Being a kid from a small town in north central Wisconsin gave me exposure to some of my best playmates ever. There were frogs, wood salamanders, sturgeon, and the wild birds that were part of the rural Wolf River area. As if that weren't enough -along came the farm dogs and Mrs. McGlinn's cats (too many to mention). Every day was an adventure on the river.

I grew older -but didn't outgrow my love for animals. As my career focus changed over the years–I found peace and comfort in—the animals. And the adventure continues-right here at the Humane Society. My first month was an adventure full of heartwarming stories-exactly as I thought it would be. Every animal is different and comes with a “tale”-as unique as a thumb-print.

There's the story about the beautiful brown rabbit that was found in a trap-this sweet creature was brought to our shelter. He sat on our laps and ate strawberries. After about two and a half weeks we said goodbye as he was adopted to a loving home.

Then there was Drako—a darling little (yes-he was little) pit bull who had a heart condition. I worried who would want to adopt him? A lovely Stevens Point lady became his mother. We enjoyed the photos she sent of him at the first night in his new home. He was lying in blankets on a cozy warm bed as he slept with her—with a smile on his face.

The real stories are here to tell and be seen everyday. They are heartwarming and spirit lifting-like two best friends-Keever and Matty-our cover story.

As I focus on community engagement I want the stories to be heard of all the joy and happiness to be shared when you adopt a pet from the Humane Society of Portage County. I could not have chosen a better place to be to continue my adventures with animals.

I am very proud to be part of the HSPC; which also recognizes the need for humane awareness and has made the commitment to acknowledge respect for all life. We strive to prevent abuse and overpopulation of companion animals while seeking adoption of these animals into compatible homes.

We can't do what we do without the help of the Portage County people. We appreciate the support our community residents, business partners, and local government has given us; and wish to thank everyone who made donations and dropped off supplies during these past winter months.

I'm excited to be working with all staff and getting to know our Board of Directors. I look forward to meeting the donors, volunteers, neighbors, and event attendees—anyone who is interested in our animals. Spring is here and there will be more stories to tell about kittens and puppies.

Please stop by for a visit at 3200 Iber Lane, in Plover. The coffee is on……..

Sherri Galle-Teske

Here are five of our residents that have been waiting very patiently for a loving home. Please stop in to meet them. They all desperately want a forever home! Might you be the answer to their wish?

207 Days	167 Days	126 Days	138 Days	134 Days
				Crow	Daya	Jules	Kane	Tala

Thank You Peter & Laura McPartland Family

PetFEST is our largest fundraiser and our largest raiser of FUN. There is something for everyone! Start with a large basket raffle and silent auction. Then add in games, live auctions, face painting, caricature artist, a photo booth, and live entertainment. Top off the event by adding liquid refreshments and food. We are grateful to the McPartland family as our sponsor, the Holiday Inn for the facility, and all the folks who donate items and talents.

PetFEST's success was made possible by the generosity of these supporters

SPRING SAFETY

Have you purchased a 2019 dog license yet? Dog licenses are required in Wisconsin for any dog over five months old. Licenses are due on January 1st, but you can still purchase a license from the Humane Society or your municipal center. Dog licenses keep our communities safe by ensuring every dog has a rabies vaccination and making it easier to return dogs home through their license tag if they get lost. Further, dog licenses are required by law and dog owners may face a fine for not purchasing one.

We all celebrate spring as a time to get back outside and this includes our furry friends! Whether or not you are a pet owner yourself, you likely encounter neighborhood pets everyday. Our Animal Control team places community safety as our top priority, and we work hard to ensure pet owners know the law and have their pets under safe control at all times. Always walk you pet on a leash when off your property and keep close watch over your pets. Never approach an unknown animal, and always ask the owner before petting a dog or cat out for a walk. If you see a lost pet or an animal behaving strangely, call Animal Control right away.

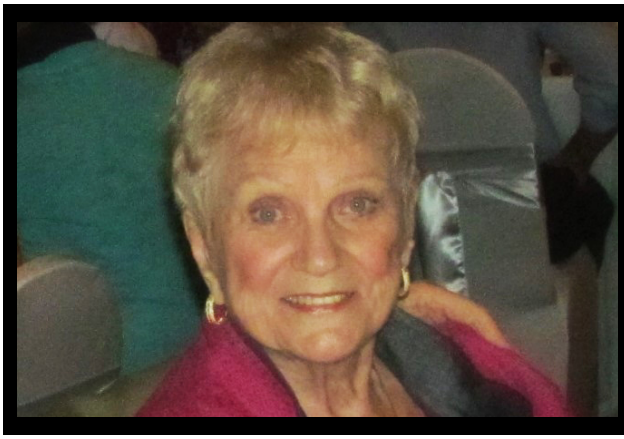
Springtime also means we increase our intake of pets to the shelter, many of which are baby kittens. While these little critters are irresistibly cute, it is still important to be careful if you find a litter. Kittens not only carry a variety of parasites and diseases that can spread to humans, but they are also highly vulnerable to illness themselves. Mother cats can be protective of their litters and moving newborn kittens away from their mother can be disastrous, even if you are trying to do the right thing. Call Animal Control if you find a litter of kittens this spring.

Please email, call or stop by the Humane Society of Portage County with any questions. You can reach Animal Control by calling our direct line at 715-344-6012, Ext. 305, or through the Portage County Sheriff's Office at 715-346-1400. You can email us at humane.officer@hspcwi.org. Thank you for keeping our pets and communities safe in 2019!

Marco Mascitti is our Animal Control Manager. Along with his team of three certified Humane Officers, they provide 24/7/365 response to animal complaints and animals in need in our community. Marco is a 2016 UWSP graduate in Wildlife Ecology and Management and Biology. Before joining HSPC Marco worked at the Philmont Scout Ranch in Cimarron, New Mexico where he was responsible for tracking and relocating American black bears and educating campers on bear safety.

Thank You Yoga for Paws

2018 was the 5th annual Yoga 4 Paws event and it broke all previous records. With more than 70 attendees it raised over $2,400 for the Humane Society of Portage County. Ana Merchak, owner of Ana Marie Yoga partners with Kim and Craig Wold at Point Embroidery to provide a yoga program led by Ana with the participants enjoying talks about animals. The custom t-shirts provide an additional level of excitement. Yoga 4 Paws is held early in December. Watch for details about the 6th annual program this fall.



A Special Thank You to Pat Okray

On behalf of staff and our furry family the Humane Society of Portage County wishes to express sincere thanks to Pat Okray for her support and kindness throughout the years. This special lady acknowledged the needs of our animals and the work we do. You will be missed.

Wanted: Kitten Foster Caregivers!

Photos courtesy of a current foster! Kittens were born in home 2/23/19!

Foster parents open their homes and hearts to cats and kittens who need them now more than ever. These compassionate people play a vital role in the life of that animal and are a critical component to the success of the Humane Society of Portage County's mission. Foster parents provide a home environment for healing and growth that a shelter cannot duplicate.

With kitten season rapidly approaching we are in great need of foster families that would be willing to take in pregnant moms, moms with kittens, abandoned kittens that need to be bottle fed, kittens that are under socialized, or kittens that are able to eat on their own, but need to grow before they can be available for adoption.

Here are some commonly asked questions from new fosters:

Q: What if I don't know how to foster all types of kittens that may need help?

A: We let foster families tell us what they feel comfortable fostering. We want this to be a great experience so if you don't feel comfortable fostering an expecting mother, that's okay!

Q: Do I need to buy the food and litter?

A: Everything from litter, food, towels and toys are supplied by the shelter to foster families. You just provide the time and care!

Q: How long am I expected to keep my foster group?

A: Depending on the situation it could be anywhere from a couple of weeks to eight weeks. We are always willing to work with our foster families so if something comes up and you're unable to foster for the full duration we completely understand!

Q: What kind of room do I have to have in my home in order to foster?

A: It is required that our foster animals be separated from the pets in your home. The area where they are kept must be climate controlled and secure so they cannot escape.

The smallest among us need us the most
Become a kitten foster!

If you would like to help save lives please contact the Adoption Team at adoption@hspcwi.org or visit www.hspcwi.org to fill out a foster application online.

Amanda Hoks is our Shelter Manager with resposibility for adoption and shelter care. Amanda started her animal career here in at HSPC in 2009 working in shelter care. Later Amanda served as a Humane Officer and then as an Adoption Coordinator. Amanda shares her home with her husband Chris, three children, two fur babies (a Frenchton & Hound) and a yellow bellied slider turtle. Picture shows Loki enjoying a ride.

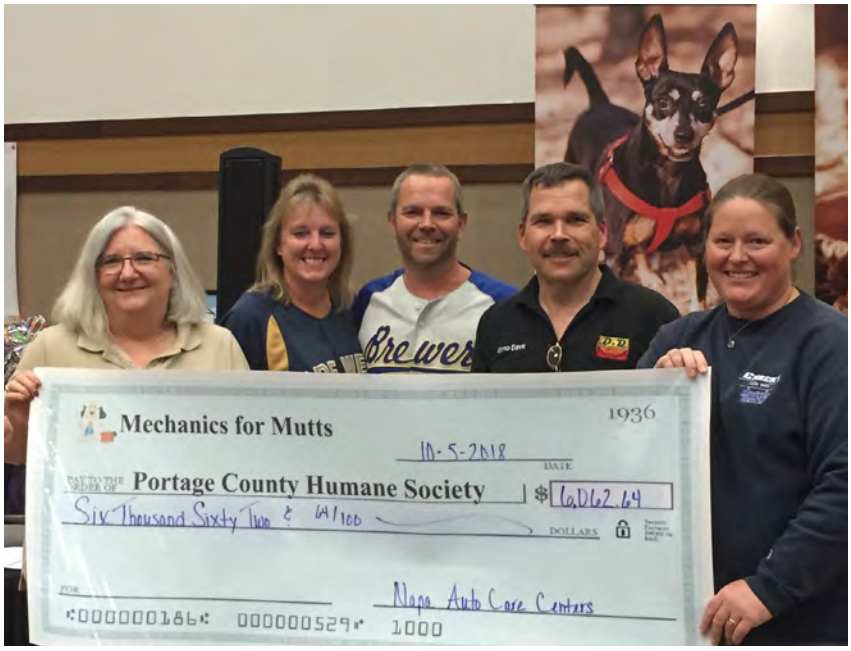
Mechanics for Mutts

On October 5, 2018, Dave Harvath, owner of D&D Auto presented a check to the Humane Society Portage County for $6,062.64. The funds were proceeds from the 2nd annual "Mechanics for Mutts" fundraiser event held on October 3, 2018, at 12 local Napa Auto Care Centers comprised of the Auto Exchange, Auto Helpers, 2 locations of Auto Select, Auto Sense, Check's Muffler, Daddio's, Gary's Service Center, K&S Auto, Premier Auto Body, Riverwest Motorwerks and of course Dave's own shop D&D Automotive. The idea for this event came from Dave and his wife Anna as they were looking for a way to give back to the local community who has supported their business for over 29 years.

Each participating Auto Care Center was given the option of donating the proceeds from oil changes performed on the chosen day for the event or donating a percentage of that day's sales. Local Napa Auto Parts stores owned by Scott Furgason contributed by providing parts for the oil changes at no cost to the Auto Care Centers who participated in this worthy event. The money raised was then presented in the form of a check to the Portage County Humane Society during their annual Pet Fest fundraising event. This annual fundraiser was a huge success as it far surpassed the group's goal of $5,000.00.

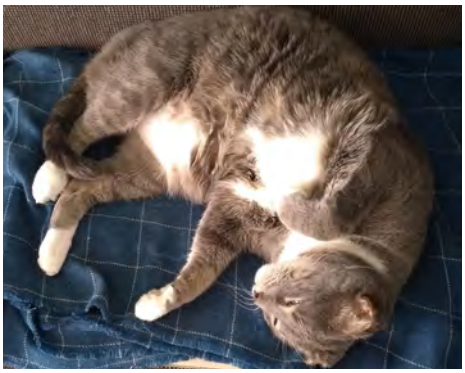


From left: Sheila Kessler (HSPC), Sue & Kurt Kudrna (K&S Auto), Dave Horvath (D&D Auto) and Debbie Hirt (Check's Muffler)

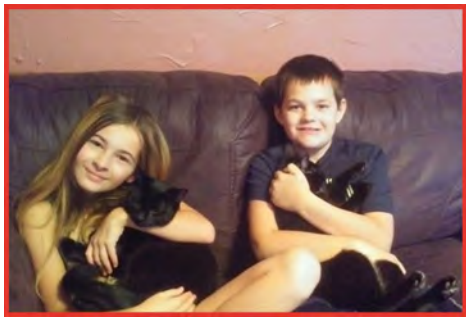
Happy Tails - stories about adopted animals & shelter visitors

Kelly Schey says “I was unsure on how to share my gratitude for helping us find our fur baby so I thought I’d share some wedding photos with you guys. Thanks for all the good work you do, Our dog is so sweet. We hope to adopt again soon!”

Nichole Scheuermann says “I’d say we got lucky with this sweet girl. She’s such a perfect fit! We all settled on naming her Marie (after one of the kittens from Aristocats) but it was a tough choice when we had some great contenders like Teddy’s #1 choice of Balloon Kitty. Thank you so much HSPC for completing our family! She is so loved.”



Maia Reck Johnson says “Five years ago HSPC rescued Puddy (formally Wilderness Kitty) from severe weather. Now he sleeps through these storms on a heating pad. Thank you for taking care of him!”



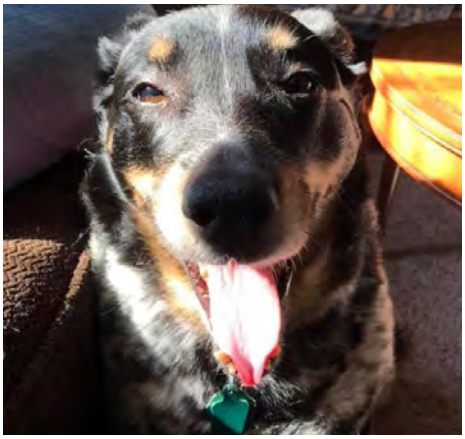
Gary Koch says “Magnum and Bart found their forever home. Thank you HSPC for picking the right two cats for my children. I would recommend HSPC to anyone, their love and dedication to these animals are amazing. Thanks again HSPC”

Barbara Woyak says “A year ago today Belle, aka Annabelle, came to live with me. What a fantastic cat. 6 months ago she was given 4 weeks to live due to an inoperable tummy tumor. Here she is today, amazing everyone by continuing to enjoy her life. I love this 14 year old lady. What a great time of year to say thank you. You do good work.”

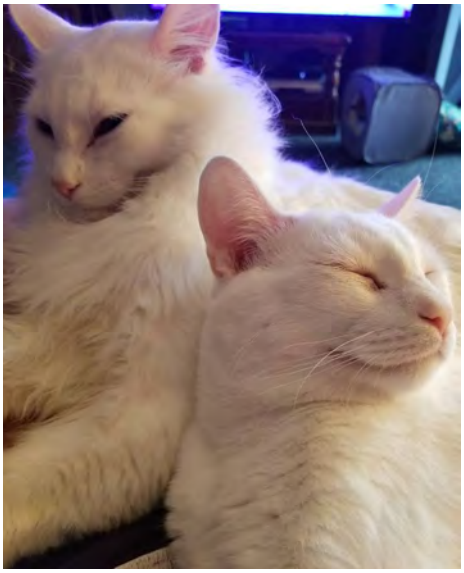
Miriah Miller says “Dear Humane Society, I just want to thank you for blessing Joey and I with Rex. Thank you for letting us see him even though we were told he wasn’t up for adoption yet. We had an amazing time calling him ours. We got Rex from y’all on March 16th 2018 and on September 10th we found out he has lymphoma. We lost our baby on November 5th. Even though we only got 8 months to be with him it was the best 8 months of our lives. Thank you again !!”

Hannah Bialas says “Cheese Mo loves his new person and everyone else in the house! He walked into our house and our family like he had been there his whole life. He is very happy and has plenty of people to love him! He’s such a good boy and my son has autism and we have been searching for a pup for him for a while but none seem to connect with him until we met Cheese Mo! Right away they connected and I knew we had to bring him home! He’s such a snuggler so I knew he was loved growing up! And the kids all love his playing dead trick.”

Taylor Bartlett says “4 years ago we adopted Ginger from your facility and it changed our lives forever. My husband and myself wanted to send you a picture from the day we adopted her to present day. We also wanted to simply say thank you! She brings so much joy and happiness to us. And we ask ourselves daily, Who rescued who?”



Shiann Kvatek says “I adopted Caramel, who we have renamed Hazel. She is the most well behaved dog ever! We’re working on shedding some pounds and surprisingly she loves to run! But she loves her food, and she isn’t afraid to let you know when she wants a bite of what you’re eating. She cries and yells louder and louder when she’s excited, it’s so cute! Not to mention all the crying she does in her sleep, she has very deep dreams every night that wake up the whole house lol. Hazel, my other dog and cat all seem to get along fine. Hazel loves to herd them since she is a cattle dog and they aren’t too fond of it, but we’re working on it. She’s such a beautiful girl and brightens everyones day!”



Cherie Sampson says “A year later and Marley and Picachu aka, Tristan and Tabian are still on our laps. They have brought so much love and laughter to our home. Thank you Portage C. H. S and the family that fostered these two.”

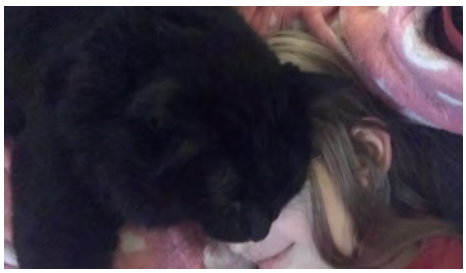
Kristen Biadasz says “I hope they talked their way off the naughty list while they were there”

Laura Grefe says “I just wanted to send a quick message to thank you. About 4 years ago, my family adopted a beautiful senior yellow lab from you. Her name was Millie. She was completely deaf. She stole our hearts. Unfortunately, she recently passed away at the amazing age of 16. I just wanted to thank you for allowing my family to give her the home and comfort she deserved. She was an amazing girl, and we loved her so much. We knew everyone at HSPC loved her as well. So thank you again for giving my family the most amazing blessing we could ask for.”

Janet Gilbert says, “About 2 years ago we adopted this “unadoptable” pair, Skully (on the left) had an aversion to the litter box, and, Mother Hubbard who was a feral mama with kittens. After the kittens were adopted she was to be a barn cat. After 2 days as outdoor cats in my shed they both ended up in my home. Skully now uses his own special litter box and is a perfect gentleman. Mrs. Hubbard turns out had chronic ear infections and dental problems. After several visits to the vet with sedated exams, treatments for her ears and most of

her teeth extracted, she “coexists” in our home and LOVES playing and wrestling with her partner Skully. Since she is mostly deaf now, I can sneak up on her and pet her without her running away, and sometimes she will even purr and push her back against my hand. We love them and they are an interesting addition to our family! Thanks.”

Versace Monique Martina says “One year ago I adopted my best friend. Rocky means the world to me and I am so grateful to have spent this past year together, since we don’t know his birthday I just decided to celebrate it on his gotcha day. He is such a happy boy who loves long walks and warm cuddles with his mommy!”



Amy Bayer says “This Cat, crawls across my head so he can lay his head on his girl. Our Halloween kitty turned 7 yesterday. We adopted Smokey, 5 years ago and we love him so much!! He adores his children and has to say hi to everyone that walks through our front door. We are still very grateful we adopted him from HSPC! Thank You!!!”

The Fix is in!

What is “The Fix Is In” you might ask? It is the ultimate easy, efficient, and cost effective way to spay/neuter your dog or cat! “Fixing” your pet doesn’t have to be an inconvenience-in fact this spay/neuter clinic on wheels comes to the HSPC monthly. It couldn’t be easier to have your pet live a longer and happier life.

Today, The Fix Is In clinic team travels throughout Wisconsin providing affordable, high quality spay/neuter services to 8+ counties. Since July 2012, a total of over 20,000 spay/neuter surgeries have been completed.

The Fix Is In works closely with not only the public, but also: humane societies, animal advocate groups, rescue groups, and Trap Neuter Release groups. Their mission is to provide high quality, low cost spay and neuter services in under served communities throughout Wisconsin, including community cat programs, shelters and rescues.

For locations and appointment times –go to their website at **https://thefixisin.org**

Update on the Sally Port

Thank you for your generous donations that will enable the HSPC to construct a Sally Port. This costly item was desperately needed to help keep dogs and staff safe. Once the weather cooperates our Port enclosure will be added to our existing dog enclosure. We collected a bit more than was needed so we will be able to add a second dog play area. We will post an update after the installation.

A special “tail wag” of doggy thanks goes out to:
John & Mari Buzza, William & Mary Mullins, Charlene & Paul Smuda, Ron & Louise Stephene, Elizabeth Vehlow and the Stevens Point Area Retired Teachers Association.

Thank You Adventure 212

In December Adventure 212 held a promotion to support the Humane Society of Portage County. The promotion was ten visits to Adventure 212 for ten dollars. The proceeds of the promotion were donated to the Humane Society.

The proceeds were presented on Thursday February 14 at Adventure 212. From left to right are 212 staff members Ashley Schmidt, Emily Nowak, Jen Poljacik, Michelle Peariso and Chad Sparling. Accepting the check (far right) is Sherri Galle-Teske Executive Director of the Humane Society of Portage County.

Planned Giving

Pets are part of the family. They make a significant impact in our lives through the unconditional love and valuable lessons they teach us. Leaving a legacy that honors that, can have a significant impact. We are asking you to consider including the Humane Society of Portage County (HSPC) in your final giving plans. You and your heirs will enjoy charitable gift benefits while you make a powerful statement about your deep commitment to the care and welfare of animals. Your planned gift to HSPC can help to ensure a healthy financial future for the homeless, abused and neglected animals in Portage County.

What is Planned Charitable Giving?
Planned charitable giving is when you, as a donor, make a purposeful charitable gift of your estate assets to a nonprofit organization.

Benefits for You:
• Reduces federal estate taxes and probate expenses for your heirs.

• Establishes a living memorial fund for yourself or in the name of a special loved one.

• Provides a lasting tribute to your ideals or in honor of an animal lover.

• Creates a positive feeling of making a significant gift that was not possible or practical during your life.

• Offers the satisfaction of leaving a life-saving legacy and helping to make the community a better place.

Benefits for Humane Society of Portage County:
• Provides much needed financial support for our mission.

For additional information contact Sherri Galle-Teske at 715-344-6012.
