

Joan Simon

HSPC Dog Training Classes

Meet the Trainer

Joan has been training dogs for 40 years. Her personal dogs (border collies, golden retrievers, and mixed breeds) have won many nationally prestigious awards that have involved obedience and agility, experiencing placements in the top 10. Also, Joan has appeared with her dogs on national TV including "That's My Dog" and "Pet Star" on the Animal Planet network.

Joan comments: "My passion is dogs and my goal is to have people live in 'harmony' with their pets." There is nothing you can tell me about your dog that will surprise me. I know your frustration and I can help you. If you are willing to work through your problems with your dog, I will give you the results you are dreaming to happen. Dog training is a language barrier—the dog speaks DOG and you speak ENGLISH—so basically, I'll teach your dog ENGLISH."
