Activity Report by Sherri Galle-Teske

And the holiday marathon begins! November is the start of the holiday hustle and bustle and this November wasn't any different.

Besides the staff turn-around in ShelterCare we have had our share of a lot of dogs in the building. When we tend to lean into "near full" capacity stress levels can get high amongst staff. We are dealing with this as well as we can. We do manage to get through the busy times as in previous years and we are moving forward through this stage as well.

Good news on the "Event" side of things-.Eron's Event Barn has contacted me with another "Dueling Piano's" event for March 2024!. We are thrilled to of been selected as the beneficiary for this event once again. If you like music and good food please consider joining us. Our major 2024 events are at the bottom of this report.

"Giving Tuesday" is a national day of giving to non-profits. This year it fell on Nov. 28.. We promote it via FB and this years total was approximately \$1500.

Happy to tell you the "Mechanics for Mutts" donation from D & D Motors was over \$10K this year. And we had another request for bequest information.

Onward to Christmas and a busy December!

Hope you all had a blessed Thanksgiving! Thank you Board of Directors for all you do for HSPC and the animals! ("On The Go" report – see the calendar and photo's submitted)

Topic: "The ABC's of Protecting Your Family & Your Future"

About the Program: Insurance is all about risk. The purpose of insurance policies are to protect and minimize risk for you, your family, and your coworkers. With Secure Heritage we strive to put you at ease and have confidence that your family and loved ones will be protected thus making the insurance work for you.

Key Points included:

- Learn what different types of benefits are available
- Knowing and understanding exactly what your coverage will cover
- Where and how to get the needed benefits for your employees, family and individual benefits

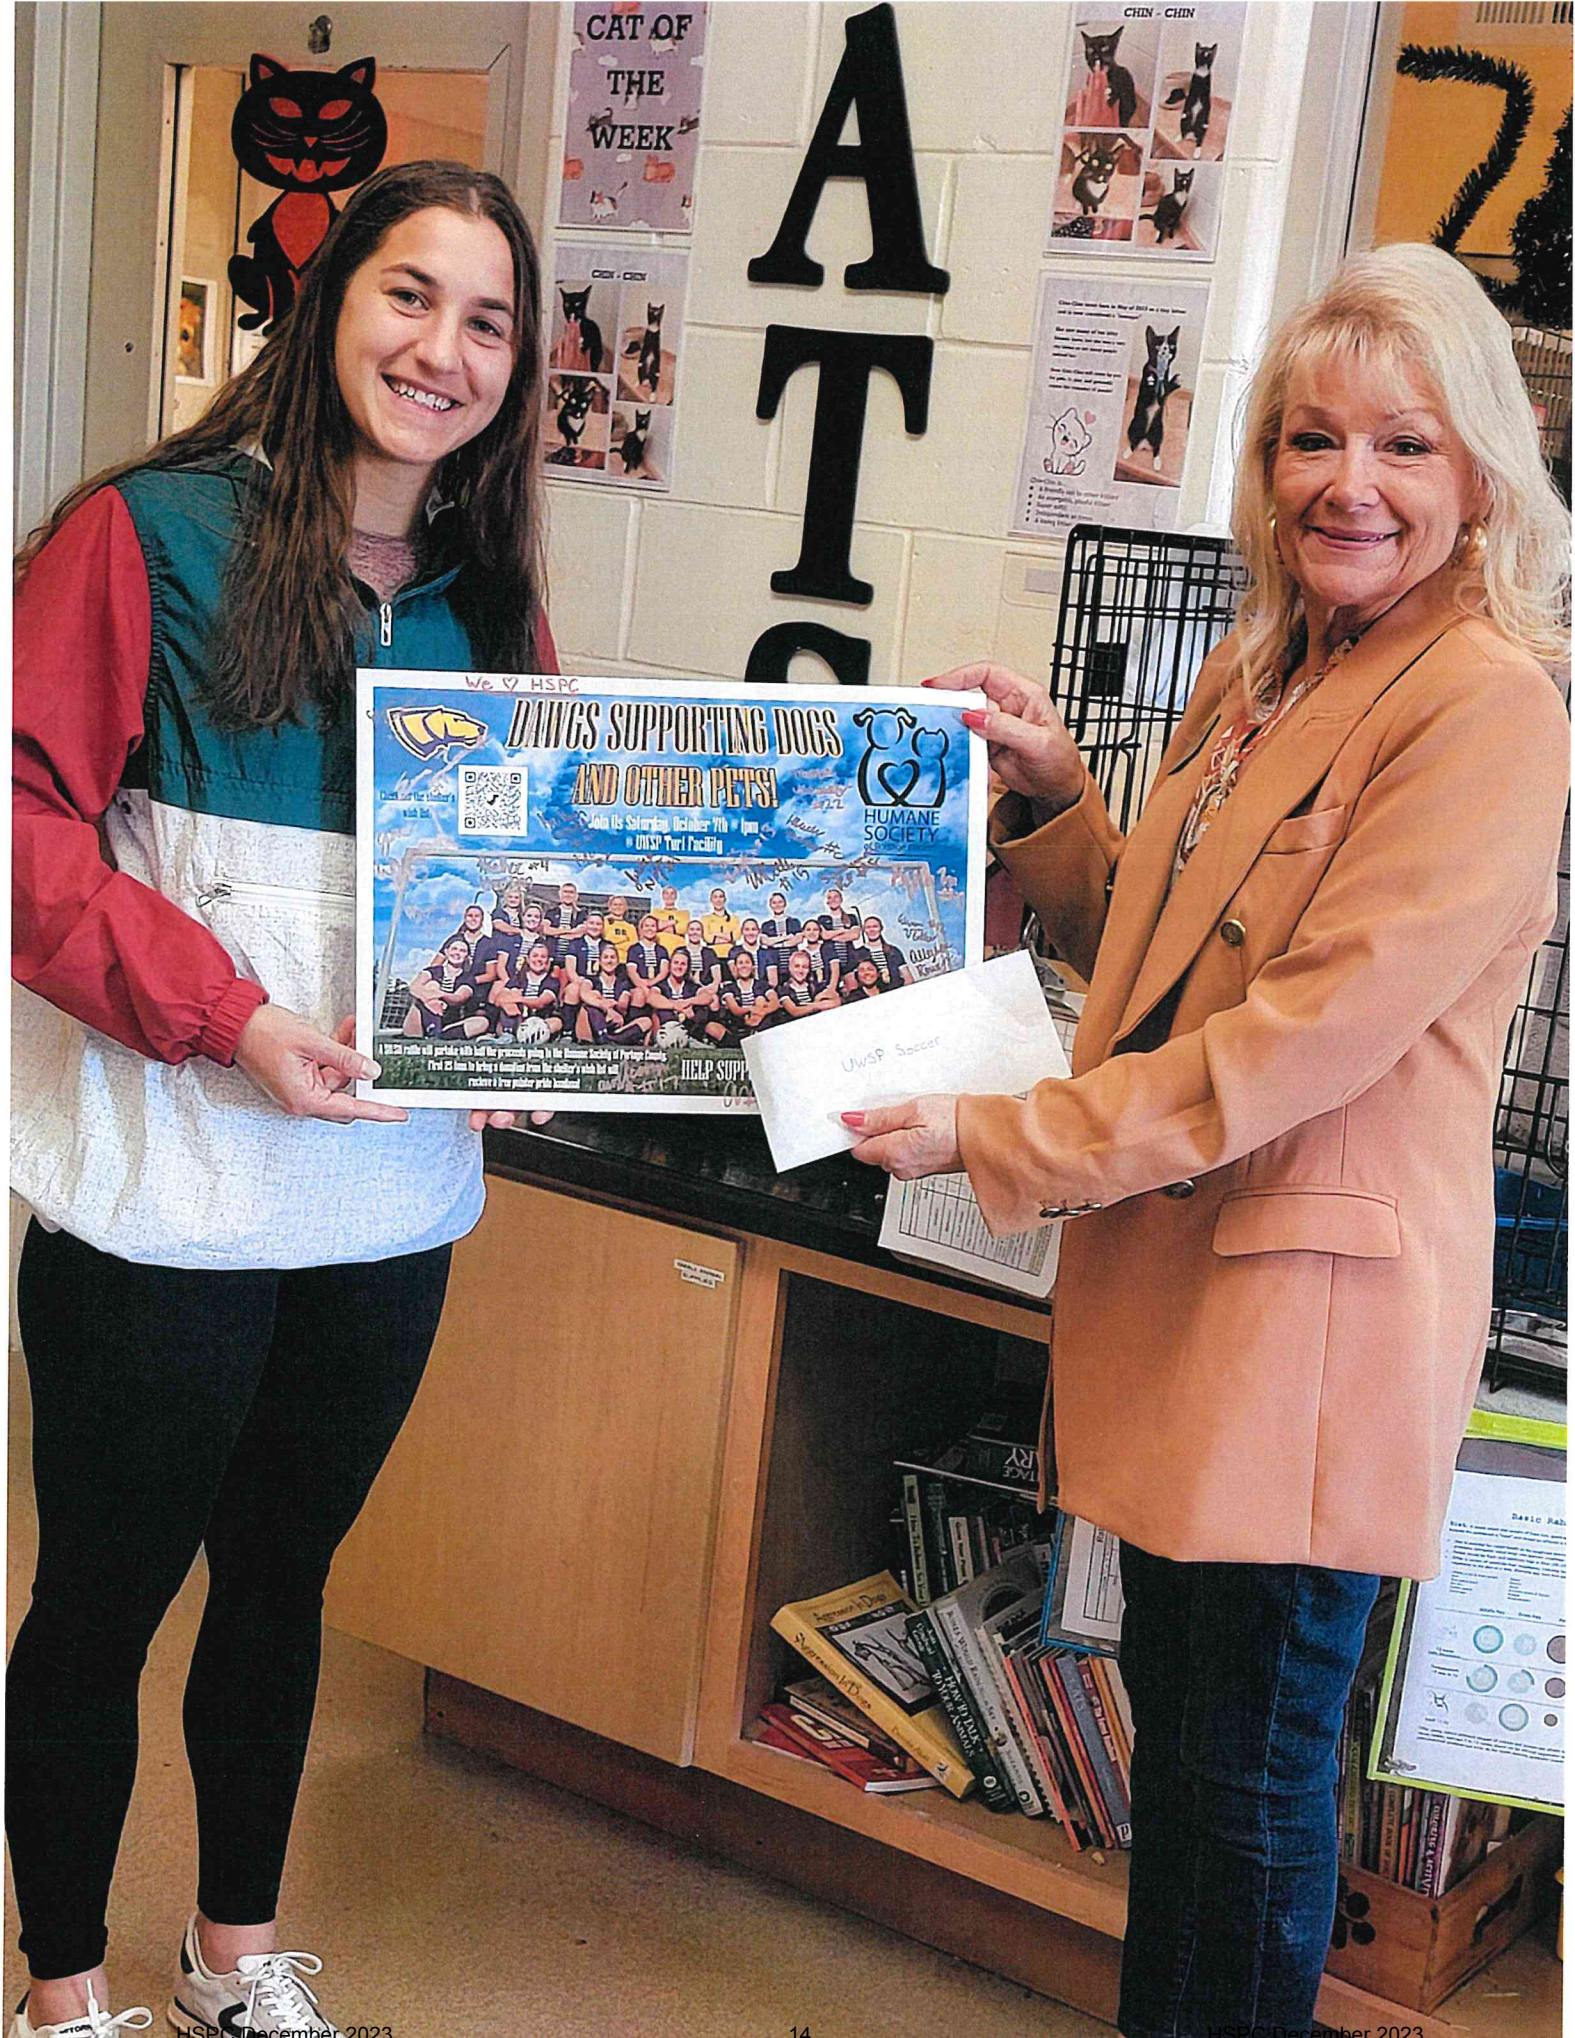

Phillip Hollis
Secure Heritage Insurance Agency

Special THANK YOU to Secure Heritage Insurance Agency for their sponsorship of this program.

About our Presenter & Secure Heritage Insurance: Secure Heritage Insurance Agency is a veteran owned business located in downtown Stevens Point. Phillip Hollis is the CEO/Broker and has been in the business for over 23 years. Phillip is active in his community as a veteran and belongs to the Stevens Point Noon Lions Club, along with being the immediate past district governor. This past year, he was top agent with three of his Medicare companies. By being licensed in other states, Phillip, his office staff, and agents are able to follow their clients as they grow and move on to new chapters in their lives, such as retirement. Secure Heritage works not just with Medicare clients, but with families and businesses to help with all their health needs. A new initiative of Secure Heritage is developing The Benefit Doctor of Central Wisconsin. This initiative opens the door to cost savings and tailored group policies that employers are proud to offer their employees while potentially offering better benefits at lower costs than ever before.

RE: Donation from “Mechanics For Mutts” D & D Motors/ Dave & Anna Harvath

The “Mechanics For Mutts” fundraiser was started in 2017 by Dave Harvath owner of D & D Automotive Services, Inc. and his wife Anna. Every November since then; with a short hiatus during the pandemic; D and D Automotive Services has donated their services and money to this fundraiser for the shelter animals. “Mechanics For Mutts” has helped MANY animals at HSPC and has saved MANY lives. In six years the fundraiser has donated over \$50,000. With the rising costs of animal healthcare and supplies HSPC is over-the-top thrilled to accept the donation. This years “Mechanics For Mutts” donation gave HSPC and the shelter animals over \$10,325.00. Shown in the photo is Dave and Anna Harvath and Exec. Dir. Sherri Galle-Teske. Holding “Woofy” the puppy is Adoption Manager Deb Kline. With a big bow-wow and a meow—thank you to Dave, Anna, and the team at D & D Automotive Services, Inc.

Adoption – Deb Klein Coordinator Manager, Kala Blasi and Lindsey Kraklow - Coordinators
Tammy Mathewson - Adoption Volunteer Assistant

The amount of calls and emails we receive for surrender requests seems to be increasing. We are receiving more requests from people who are losing their homes and are now homeless. Also there are many requests for pet surrenders from people that live out of our service area. Other Shelters and Rescues seem to be at their intake limits also.

Due to the large amount of cats coming into our shelter we are running out of kennels for them. We did contact a shelter that is out of our area to see if they had room for some of our adoptable cats. The shelter helped us out by taking fourteen of our cats. The cats were transported to the shelter by Humane Officer Cailyn. We are working on another cat transport for the Month of December.

We also exchanged two of our adoptable dogs, Tulie and Nimbus with two dogs from a different shelter. All four dogs received adoption applications at their new shelters shortly after arriving.

In November we found homes for cats, dogs, a chicken a rabbit and a turtle ☺ Tammy has left us for a couple months to enjoy the warm weather down south. Lindsey has been busy taking pictures of the adoptable dogs and cats to post on Shelter Boss and Face Book. You will see some of her Cat and Dog Christmas pictures posted on the walls around the shelter.

A picture of the adoption board for November is included for you to enjoy.

Animal Control – Brett Jarman Interim Leader

Animal Control activities vary from shelter activities like answering phone calls and performing stray animal intake to working in the field performing inspections and rescuing animals. Our highest priority task is handling the multiple step process when an animal bites a person. This month I am highlighting some of the less common tasks that are performed.

After a storm and suspected fox attack on a local chicken coup, Hennifer Anniston escaped and needed rescuing. Hennifer was found by a home owner snuggled up next to their house in a bush. Hennifer was captured in the field and placed into foster care. Hennifer's owner was spending time recovering other chickens that had escaped. The HSPC Lost and Found website and FaceBook posts helped Hennifer get reunited with her owner.

Sometimes people get overextended with too many pets. One of the folks we had been working with and monitoring experienced the full range of responses we have available. We started with advice and the donation of supplies and when the situation got worse citations were issued along with an abatement order. When the person was evicted we helped by accepting the surrender of a couple of dogs and helped transport the person (including their family and other pets) to two different locations.

Jimbo is a dog that loves the game of chase. Jimbo refers to the game as **Catch Me If You Can**. Jimbo had been living in a car with his owner and escaped when a law enforcement officer did a welfare check. Jimbo had 4 law enforcement officers chasing him on the first night before we arrived. No one was able to catch him. Two nights later Jimbo was still on the run. Cold and hungry, Jimbo, allowed a law officer to make friends and catch him. Jimbo has been at the shelter in protective custody for 45 days while his owner is recuperating.

Humane officers help with animal transport and transfers. In November 14 cats were transferred to Elmbrook Humane Society and 2 dogs were exchanged with the Trempealeau County Humane Society. This was our second exchange with Trempealeau. Exchanges tend to benefit both parties. The dogs that were exchanged had been waiting a long time to be adopted. The change in location seems to be a magic bullet as they were quickly adopted.

Bella and Tabby are a bonded pair of cats that are in protective custody. They have been with us before. We know who their owner is. She calls us frequently to ask about her babies and asks us to tell them she misses them and is working on solution to get them back as soon as she is released.

Cailyn is one of our humane officers. She started with HSPC early in 2021 just before she graduated from UWSP with hopes to work in a job that would match her love of chemistry and biology. Cailyn is pictured with Finnigan (Hspc name Wuzzie). Finigan was rescued by Cailyn and Cailyn later adopted Finigan. Cailyn decided to chase her dream job and her last day at HSPC will be December 29, 2023. Cailyn's love for science is more than skin deep. Her favorite microscopic animal is the Tardigrade, also known as water bears or moss piglets. They are a phylum of eight-legged segmented micro-animals about the size of the period at the end of this sentence. Cailyn has a tattoo of a Tardigrade.

We will miss Cailyn and we have begun a search for her replacement.

October 2023

Humane Society of Portage County IT Status Report –November 2023

Many of the things I do and help with are like the movie Groundhog Day, we do them every month. Some we do every week and other are daily activities.

Board Support

- Created the board package. (see May 2021 report for details).
- Worked with Sherri, and board members Beth and Melinda to update the employee manual for 2024.

Updated animal counts at the “Shelter Animal Count” web site

- Physical inventory of animals in the shelter. This process guarantees our computer systems match real life. It increases trust in the system
- Prepared the foster report.

ShelterBoss Software System

- Worked with software developer to fix problems on ShelterBoss. Additional help was provided to a shelter similar to HSPC in North Carolina

IT Support

- Contract with Spectrum to provide a network switch with vlan support has been completed. The ip-address inventory has been completed.
- Preliminary Voice over IP meeting was held. New phones on hold waiting on firewall and switch.

Fundraising Support

- Started planning for the Santa Paws event
- Provided counts and logistical data to support Yoga4Paws
- Created the banners for Yoga4Paws

Humane Officer Activity

- See my humane officer report earlier in the board package for additional details.

Newsletter

- The next newsletter continues to be developed. No significant progress was made in November – The newsletter will restart with a 2024 edition.

Staff support

- Transported food and supplies from our offsite storage.
- With dog population at a record high the amount of laundry generated is more than staff can complete. I spend between 2 and 6 hours a day helping with laundry and dish washing.

Facilities Update

- Generator monitoring panel has been installed

- 12 Ethernet ports have been installed in the lobby. They will support the new personal computers, the printer, credit card machine and video monitoring system

- Curtains have been installed inside the adoptable dog run. The curtains are used when dogs are in the hallway getting exercise so the dogs in their kennels don't react as much.

Note Adopted The count of adoptions is from the animal inventory report. The adoption process takes time. After applications are approved it takes time for applicant to schedule a meet and pickup date. Sometimes an adoption is delayed until an animal is spayed or neutered or a medical problem is resolved. Adoption counts may be higher than application counts because some adoptions are for a pair of animals.

FOUND DOG LOCATED AT HSPC! HELP US FIND HIS OWNER!

The shelter-assigned name is Byron, ID# 25439

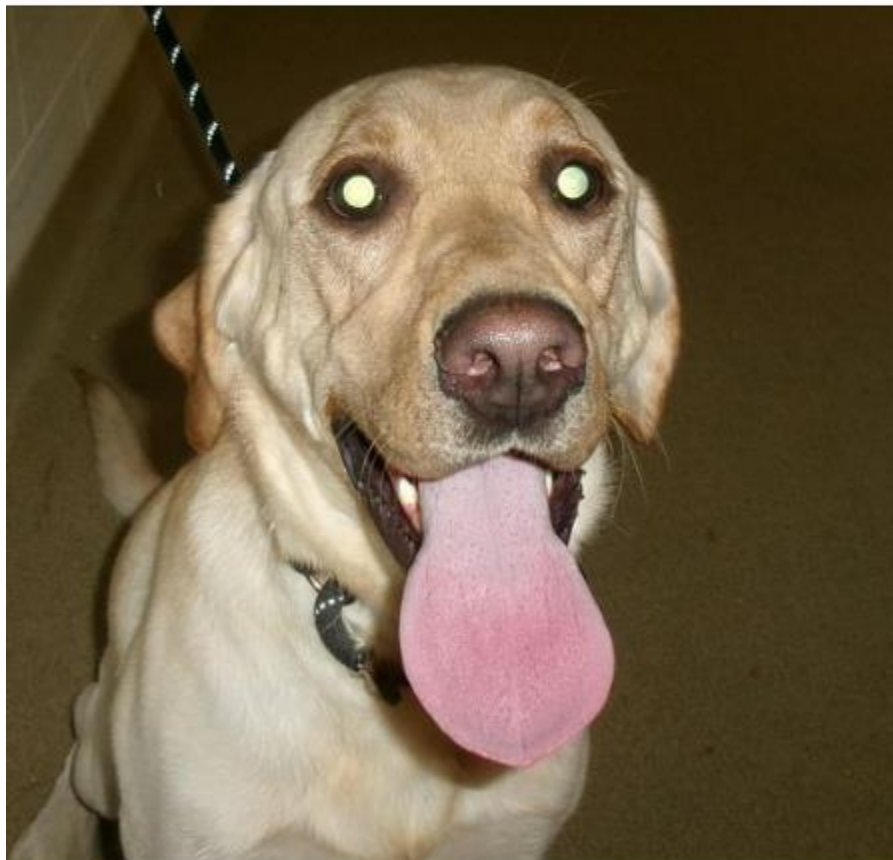

FOUND 11/17/23 on County Road D and County Road F in the Town of Grant WI. Here is a link to the Lost & Found list <https://hspcwi.org/lost-found>. Lost & Found list entries are in "date lost/found" sequence.

Contact: Humane Society Of Portage County. Call 715-344-6012 during business hours. If this is your animal please see the reclaim protocol on our website. Here is the link

<https://hspcwi.org/animal-control>. When you take the link, select "RECLAIM A PET".

We will not be able to answer inquiries or questions about a found animal on Facebook. Please call 715-344-6012 for answers to your questions. We are deliberately not posting identifying information other than a picture and general location. We want to give the owners the opportunity to correctly identify their animal to ensure the animal goes to the right home. We will try to update the listing if/when the animal has been reclaimed. There is a state mandatory 4-day hold for every stray. After that the animal will be assessed and may be available for adoption. We cannot "hold" any animal for possible adoption. Please check our web site

<https://hspcwi.org/adoptable-animals> for all our animals currently available for adoption.

Volunteer Statistics

On May 6, 2023 a purge of inactive volunteers was performed. This is the first volunteer purge since 2019. During the pandemic years we were unsure what impact would be on the volunteers. Many of our volunteers are students. Most students graduate in four years so this purge had a significant impact. A reconciliation of active fosters will be done at a later date.

Over the past few months we have stopped using Volgistics to schedule staff. There were several volunteer entries we established to support scheduling. WE also had broken many of the jobs down into smaller pieces to support scheduling. All of these items have been marked as inactive. The result of these changes provides the ability to report staff hours along with volunteer hours. This new report started in May 2023 and replaces the previous report which only covered volunteers.

On November 19, 2023

360 people entries in the system

- 16 inactive

- 127 applicants (volunteer applicants received in 2023)

 - 40 prospects (job applicants)

 - 20 prospects not a fit

 - 4 prospects interested in

 - 38 staff (36 worked hours in October or November)

- 115 volunteers (62 have zero hours in 2023

 - 53 have volunteer hours in 2023 –

 - 30 performed fostering in 2023

 - 20 performed volunteer services

 - 4 performed both fostering and volunteer service)

There are many volunteers that help us with events and several board members helping with community activities and veterinary services that are not counted in these reports.

A purge of inactive staff occurred on January 2nd, 2023

A purge of inactive volunteers was performed on May 6, 2023. This purge was volunteers with zero hours of service, volunteer applicants, and staff that have left our employment. The normal criteria for purging is no recent service in past 100 days or applicant for more than 100 days is the criteria for purging.

The pandemic has dramatically reduced our use of volunteers. We expect a different more structured volunteer program to be implemented in the last quarter of 2021.

Fosters were reconciled in December 2020 which reduced the number of active fosters.

DonorPerfect Statistics

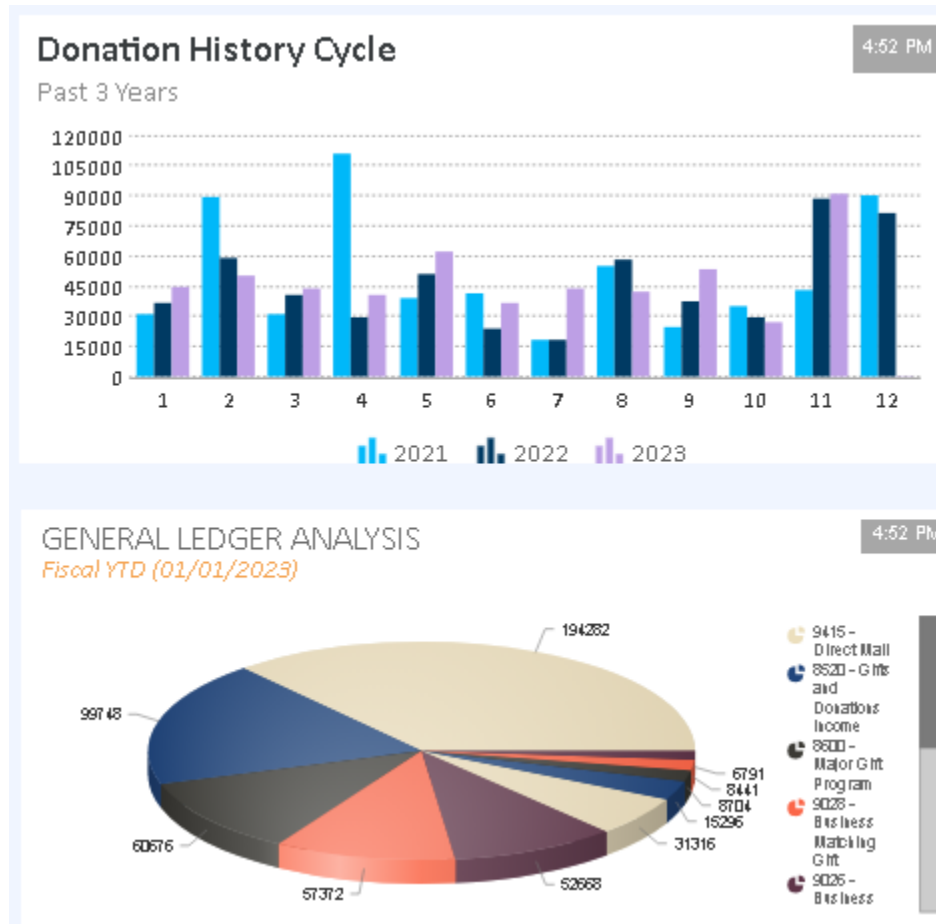

DonorPerfect is software that helps HSPC record information about our donors and patrons. It has been active since the end of August 2013

- All Individual monetary donations has been extracted from our old system and loaded.
- All Business and organization monetary donations has been extracted from our old system and loaded.
- All contributions are put into DonorPerfect (cash and non-cash gifts)
- All Volunteers are added to DonorPerfect – (updated every 4 months)
- Any person that attends one of our major events and purchases an item (registration , auction) are added to Donor Perfect
- All people who make in-kind donations and sign our gift registry have been loaded into Donor Perfect.
- All mailing lists have been consolidated into Donor Perfect
- All people who have adopted a pet from HSPC in the past 5 years have been loaded into Donor Perfect. New adopters are added each week.
- Donor Perfect has been the system of record for all donations since August 2013.

Our donor base continues to grow. In January 2014 we had 6,289 donors and in January 2015 we had 7,655. On December 2, 2023 we have 16,731 constituent records in our Donor Perfect database. Note: 11,109 are do not mail records.

Note: Large estate gifts received in February 2021, April 2021 & December 2022 will skew these graphs.

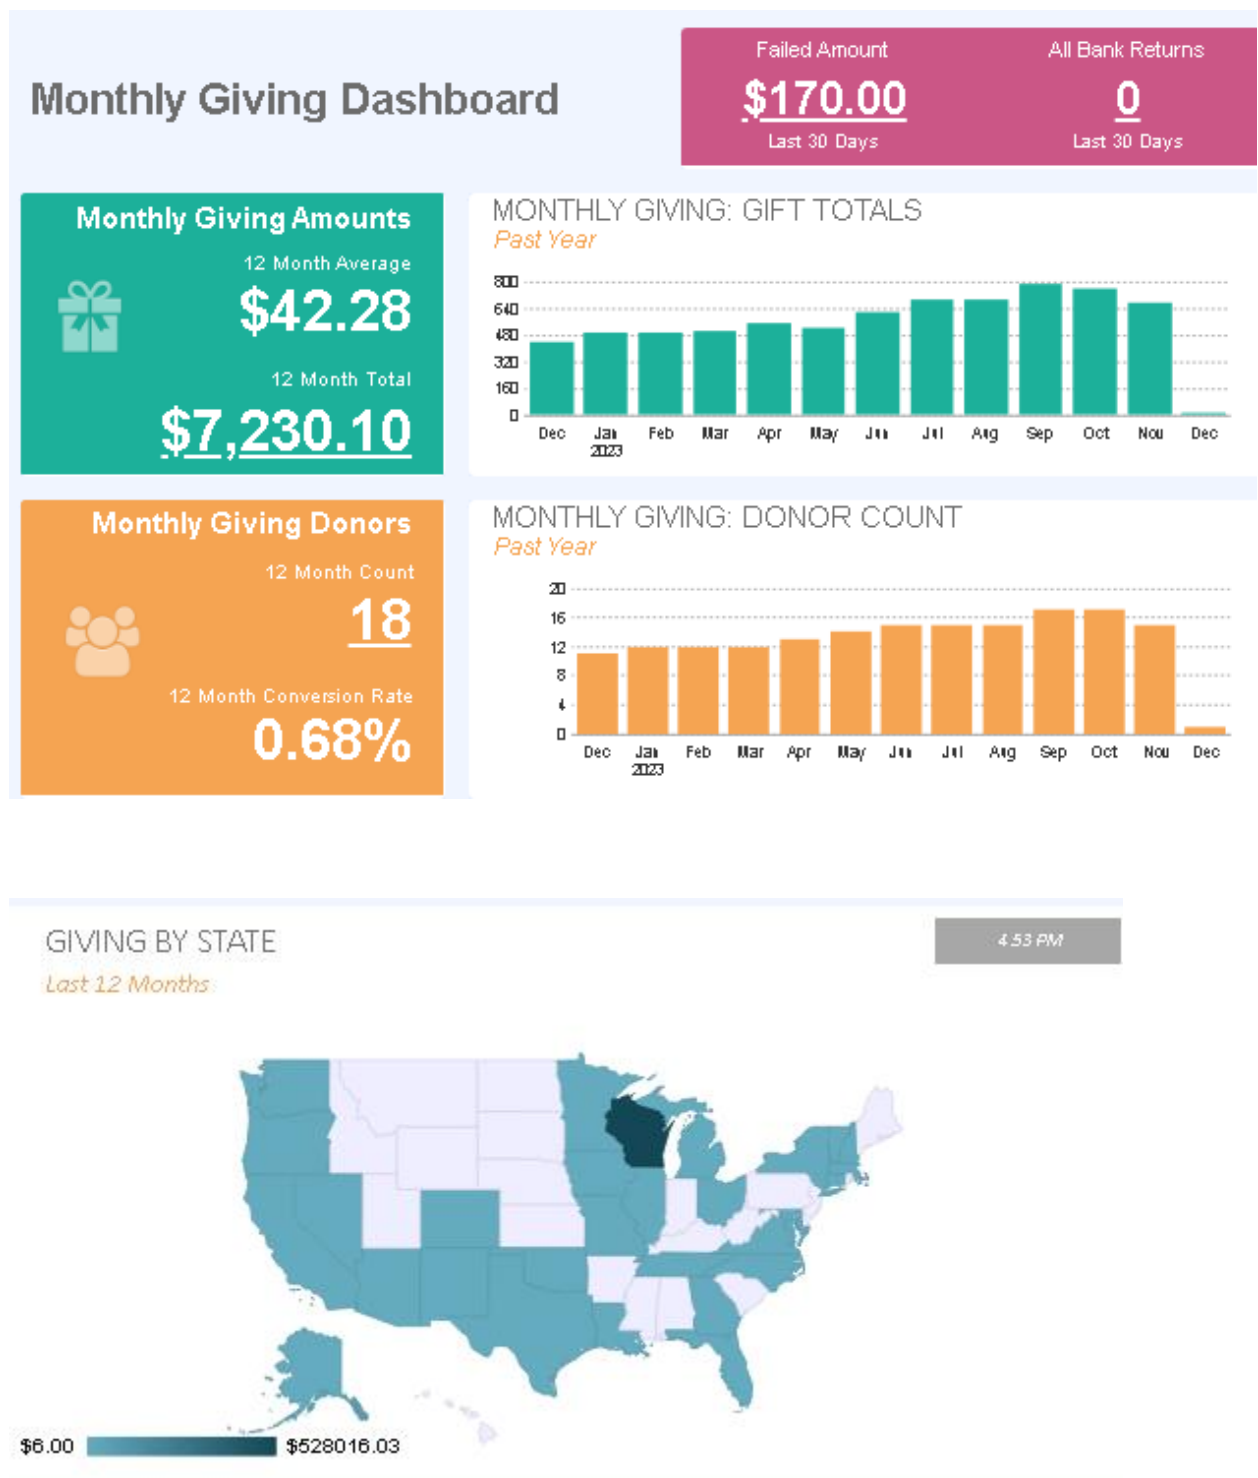

NOTE: In January 2023 we discovered that items that contained a memorial or honorarium message had been coded as memorial or honorarium income. This would cause some of the solicitation reports to have shown lower results than actual. All the gifts were counted it was only the coding of general ledger codes that was incorrect. Our goal is to use the general ledger code for the source of the gift.

NOTE: In May 2023 we analyzed the names in our donor database. As part of the analysis we performed a calculated process to remove people from our active mailing database. Examples of our criteria include:

- Names with incomplete addresses
- Potential donors that have been receiving mail from us for 3 or more years and never made a gift
- Donors that have made a gift in the past but have not made any gifts for the past 4 years
- Donors that live outside of our service area (Portage County) and have not made any gifts in the past 2 years.
- Donors that have made only one gift and the gift was made in memory or in honor of a person or animal and this single gift was made more than a year ago.

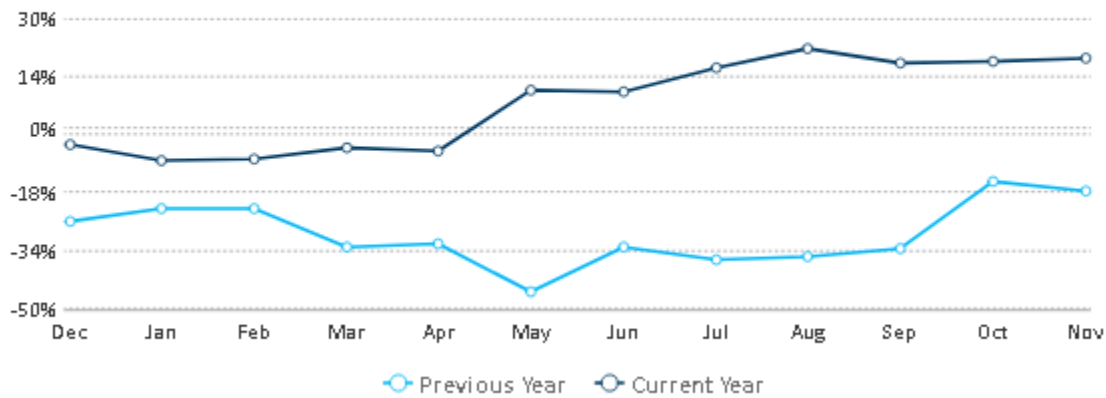

In October 2020 Donor Perfect added an additional dashboard item that shows monthly donors.

The following reports from DonorPerfect will provide additional details.

In September 2021 the Humane Officer team was restructured. A new interim manger was appointed and the interim manager attended the Humane Officer training program conducted by the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) in Madison. This week long course is required training for all Humane Officers.

Based on the training in the class many of the ways the HSPC Humane Officers were using our computer system were reviewed and analyzed for efficiency and accuracy. Several changes were implemented that will cause the following report to look different in 2022. One of these changes is the way we track animals that are received as stray or surrendered animals.

HSPC receives nearly 1,000 stray or surrendered animals each year. The majority of the animals are brought to the shelter. In 2021 the animals was entered into the computer system and an additional / duplicate entry was made as a dispatch. The dispatch entries would show up on the report shown below. In late 2021 we stopped creating dispatches for stray and surrendered animals that were not part of an investigation.

It is our hope that we can change the way the report is produced to reflect both the dispatch counts and the animal intake counts.

In January 2023 the format of the Humane Officer report was changed so it was easier to read. This new version does not include the animal intake counts.

2023 Dog & Cat Report

HSPC is an Adoption Guarantee facility. This means that all healthy animals are kept for adoption until a home is found or until circumstances would change. Some animals adopt quickly while others are with us for many months but we keep looking for a great home for each and every one of our "adoptables."

We take our commitment to our animals and community very seriously and try to do the best for the animals first while considering what is also best for the community. It happens periodically that an animal is no longer adoptable if there are serious health or behavioral concerns. In these situations euthanasia may be our only recourse if an animal has dangerous behavior or temperament that can't be corrected, a fatal or chronic disease, or is seriously injured.
