Hank's Story

by Sherri Galle-Teske

Everyone likes some "alone" time. Curling up in front of the fireplace with a book and a cup of your favorite beverage sounds great on a cold day. But, what if you were always alone; **always alone?**

Hank is a beautiful black and white 8-year-old Australian Shepherd. Hank's early life is a mystery. We know that Hank was enjoying life in the country with his elderly human owner on a four acre farmette.

Hank and his owner were partners. They watched out for each other. Then something terrible happened. Hank's owner got ill and had to be hospitalized—a place where Hank couldn't go.

Hank waited, and waited, but his human never came back. Neighbors stepped in and brought Hank food and water. Hank missed his owner and became the defender of the house.

Hank did not go outside for potty breaks and he did not go outside for exercise. He stayed in the house. This was Hank's life for over six months.

The home became dirty and unfit to live in. The neighbors who were helping knew Hank was in a downward spiral. His emotional state was shattered. He had become terrified, withdrawn, and would squeeze under his owner's bed. Hank's owner was unable to return home and the neighbors called for HSPC's help.

Working with the Portage County Sheriff's Department, our Humane Officers were able to gain access to Hank's home.

The home had become unfit for Hank. Hank's feces and urine were in every room. The home had a terrible odor.

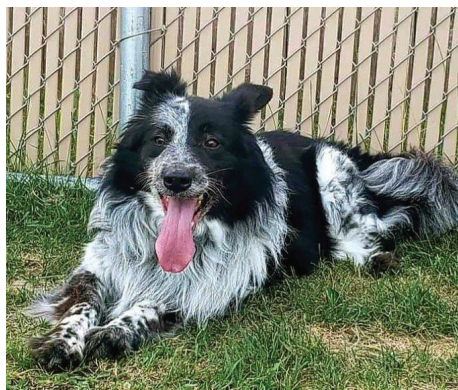

Hank wanted nothing from us. He was so used to being alone he tried to hide

under his owner's bed and refused to come outside. He was aggressive and wouldn't let anyone come near him. Hank needed immediate help and most of all love and attention. The Humane Officers captured Hank and took him back to the shelter.

I remember meeting Hank for the first time. I could smell him before I saw him! As I strolled past his private kennel he was crouched in the corner snarling.

Four weeks passed. His demeanor had not improved. At six weeks a miracle occurred. Hank fell in love with one of our shelter care staff. Every day she would sit down on the kennel floor and talk to him. Time does heal.

He grew accustomed to seeing her and hearing her voice. Veterinary staff gave him daily treats - and he loved them too. Soon he was sitting near the kennel window looking at people every day and watching everyone work.

Hank's progress was slow. He was nervous wearing a collar and using a leash. When warm weather arrived and the grass turned green it was time to re-introduce Hank to the outdoors. The first attempt did not go well. One sniff of the fresh air and he went right back to his kennel. He was afraid of how the grass felt under his feet. It took many attempts before Hank was free of his anxiety and started to become a real "dog" again.

Hank was finally allowing people to pet him and feed him snacks. Things were going so well and then bad news hit. Hank has lymphoma. The news flew

through the shelter and we were all heartbroken. Hank had come so far in his journey-- and we all loved him.

On the heels of the bad news came extraordinary good news. A Veterinary Tech from Marshfield saw Hank and started asking about him and his situation. She took Hank for a walk and announced she would like to adopt him!

Hank spent more than six months alone before coming to HSPC. It took an additional six months for Hank to regain his trust of humans before moving to his forever home. He couldn't have asked for a better "mother". She is medically trained and understands his condition. Hank has become playful enjoying his new family which includes a couple of cats and another Australian Shepherd.

In his new home Hank is comfortable, safe and loved. He is no longer alone.

On Hank's last day at the shelter I went to say goodbye to him. I told him we loved him and that he is going home within the hour. He gave me a very somber look and I just knew he was saying thank you. I will never forget my surprise and the look in Hank's eyes when he sat up near the glass and raised his paw on it to say "goodbye".

Turn to page 10 to see Hank enjoying his new home.

Mission Statement

Our mission is to prevent cruelty, abuse, neglect and over-population of companion animals while seeking adoption of these animals into compatible homes, and teaching humane awareness and respect for all life thus helping to build a better community.

Kitten Fosters needed

We receive many kittens (two months of age or younger) who need urgent rescue and care. We are looking for Kitten Fosters who can bottle feed kittens overnight while we secure a long-term foster home! We are also in need of foster homes for adult cats who have special requirements or just need a break from the stressful shelter setting. As an adult cat foster, you'll provide us with valuable information about your foster cat's personality that will help us find the perfect adopter! We are looking for those extra special people with a little extra love and room to spare who are willing to offer special needs foster care for these animals. HSPC will provide everything you need to care for your new foster and work with you to provide the best care. If you are interested in becoming a foster, please complete an application or call the adoption coordinator at 715-344-6012 ext 308.

Online Adoption & Foster Applications Available at www.HSPCWI.org

A Frequently asked Question - Why is HSPC Open by Appointment Only?

Until February 2020 the Humane Society operated as a retail store. We had set hours where the public was invited to visit us without having an appointment. We never knew if we would have many visitors or no visitors. Many things outside of our control changed visit patterns. With scheduled open hours we always had to have complete set of staff ready to help our visitors.

In 2020 everyone learned new ways of operating. Work from home, remote education and visits by appointment only were practiced. At HSPC we learned there were many benefits to this new model. The animals at the shelter were healthier and less stressed by interruptions. HSPC staff became more efficient because they could concentrate on the animals well being and health. Staff expenses for adoption and front desk went down. These savings were redirected to increase staff working with animals (cleaning, enrichment and veterinary). Our cat population saw a dramatic drop in upper respiratory infections.

The time to approve adoptions and operational costs like heating and cooling dropped (less doors being opened and closed). Adopters are now pre-approved before coming to the shelter for their appointment. Once at the shelter adopters get the full attention of staff which makes their visit(s) more enjoyable and productive.

All of our adoptable and recently found animals can be viewed on our web site. **WWW.HSPCWI.ORG**

Hours of operation

The Humane Society of Portage County shelter is open by appointment only. Call 715-344-6012 to make an appointment.

Our Everyday Wish List

Canned cat food (Hill's Science Diet, Friskies & Iam's PATÉ ONLY)
Canned dog food (Hill's Science Diet, Pedigree, Purina ONLY)
Adult cat and kitten dry food (Iams, Royal Canin, Purina Pro)
Cat & Dog toys
Liquid Laundry Soap
Frontline Plus for Dogs (45-88 lbs)
Revolution for Dogs (85-130 lbs)

Wildlife Information

While HSPC thinks undomesticated (wild animals) like squirrels, rabbits, raccoons and deer are important, we are not licensed to take care of them at our facility.

The Wisconsin Department of Natural Resources has a web page that provides information about determining

if a wild animal needs help, how you can help the animal, who to contact, details about animal rehabilitators and the best way to transport a wild animal. Visit

<https://dnr.wisconsin.gov>

and search for

Keep Wildlife Wild

From The Heart

Sherri Galle-Teske Executive Director

Dear Animal Lover,

I hope this newsletter finds you and your fur family in good health and spirit. So as the calendar page turns to a new year, let me say thank you. Thank you for your continued dedication, loyalty and support. It is a great honor for me as we look forward to a wonderful year ahead with continued efforts to promote animal welfare, animal safety, animal health, and our shelter. Let us all march into 2023 with pride of what we have accomplished in the past and the drive to make the next year even more amazing as well.

I am super excited about bringing in the New Year! There is so much to look forward to this year besides the warmer sunshine. This issue contains some heartwarming stories of resilience—"animal style". I hope you take the time to read about "Hank" and "Bella". Both of them beating the odds and now living a better life. I hope you find these stories as encouraging as I do. Many of our animals have faced sadness, terror, and health obstacles.

I am always amazed at the way they face different challenges and adapt to their circumstances. They teach us so much!

We are back on the road to event planning! HSPC is planning on some spring events you should know about—all dates found in this issue. You will find the details for our old favorite Walk For Wags. We are even planning more "Fill The Vans" I hope you can plan on attending some of these events or those put on by other businesses for us. The businesses who sponsor fundraisers for HSPC have been our "animal support angels" and we really appreciate all they do for us. Many of them have gone "above and beyond" bringing in animal food, supplies like kitty litter and enrichment toys. Some have even donated a portion of their monthly profits. Please patronize these Portage County businesses.

I cannot end this note without a huge "Thank You" to many of you who donated financially or with goods to the animals in 2022. You are a wonderful reflection of all the good things existing in our community. We believe in Portage County. We believe in the

caring community members who have compassion for the animals and support for the services we provide. We wouldn't be here without you. As always thank you for caring about local shelter animals. Should you have any questions please contact me at executive.director@hspcwi.org.

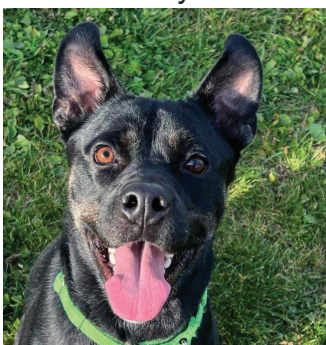

All the best,

Sherri Galle-Teske

Here are five of our residents that have been waiting very patiently for a loving home. They all desperately want a forever home! Might you be the answer to their wish?

Happy Tails - stories about adopted animals & shelter visitors

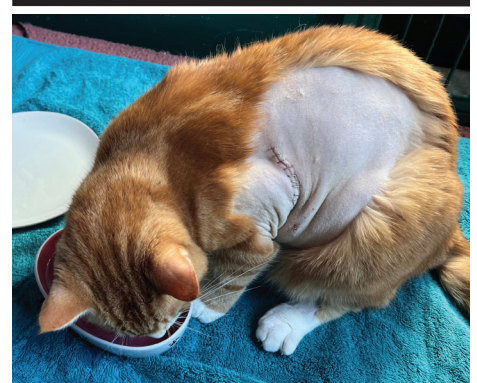

Kelly Tielens says "My husband adopted Pook as a kitten from the HSPC shortly after we started dating. She was with us when we graduated college, got married, started our family, and she moved between 4 different cities and 7 different houses with us. Milestones came and went, jobs came and went, other animals came and went. But not Pook. Pook came and stayed. Forever in our hearts."

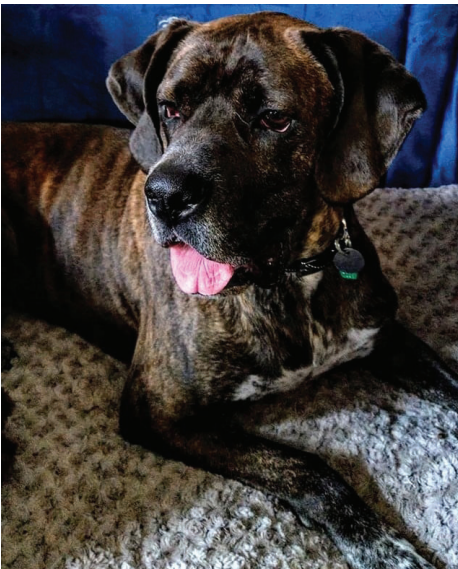

Matt and Sarah Knott say "We wanted to send a few pictures of Seger to make sure you knew how simply marvelous he has been for our family. He stays in our yard without running off, learned to swim, and is perfect with our two kids. He makes sure there are no chipmunks or red squirrels anywhere near our house! He listens incredibly well and is the friendliest dog on earth. Everyone that meets him says how cool he looks and well behaved he is. Thanks for trusting us to adopt him and giving us the gift of having him in our lives. The groomer even tried getting us to sell him to her. Not a chance!"

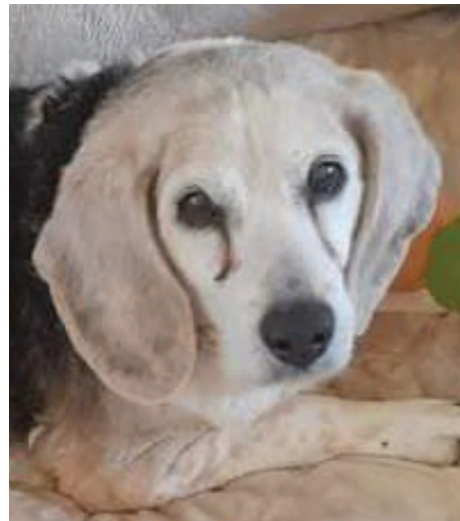

his cognitive decline led to walking into corners or coming up to walls and thinking he was stuck, he would wait until someone would come and get him. Even with all the pain, both physical and emotional, he had a strong will to live and was very proud. He took my Teenage Mutant Ninja Turtles blanket from my childhood and claimed it as his own. He was buried in that blanket today. He loved walking on grass as it gave him a much firmer footing. In the end, it was the positive attention he craved the most. Being smothered in kisses became his favorite thing in the world. We are hurting so much as we love senior and special needs dogs. He will be missed as he was a good boy!"

Gary Clure (who calls himself Abraham's "cat dad") sent this update: "I know you see a lot of cats come and go, but I wanted to give you an update on the cat I adopted, Abraham.

Brian L. Polzin says "Tiger's first few hours home. We are calling him Chester. He has been very happy watching critters in the drizzle. He loves his chest scratched when he's on his back. Still can't get over how regal he looks when he stands to look out the window. We are so happy to share our home with him. Thanks to your staff for taking care of him."

Robert LeRoy Titus Steinke says "Trooper was helped over the rainbow bridge today. He came to us a little over 2 years ago after he found his way to the Humane Society of Portage County as a stray dog. He was barely able to walk and stand as his hind legs couldn't hold him up. It was evident that he suffered from some kind of head trauma as he was prone to walking in circles and eventually

We met last Fall when my friend from Florida, Angela came to visit. He had an undiagnosed heart murmur, and I was unsure if I was going to have it treated or not. We both caught a cold in April, and I was told to take him to the vet because his heart could be unduly stressed by it. Point Area Veterinary Clinic referred me to UW Madison Veterinary Care, where he was given an echocardiogram. He was diagnosed with a Patent Ductus Arteriosus. This would lead to congestive heart failure within 2-5 years. After considering the pros and cons, I decided to have him undergo an operation to correct this condition.

He was operated on this last Tuesday, and I brought him home on Wednesday. He is recuperating comfortably, and I believe at this point, he will be just fine, and will live a long and happy life."

Beth, Thao, and Ivy Van Dong say "We were in on Thursday to adopt a kitty, and wanted to say thank you for your kindness with our daughter. She wanted a kitty so badly, but all the build-up and newness of it got to her. We are so in love with our little guy. These pictures are from today; the first time she let him get on her lap. She loves him so much. We just had her Harry Potter themed birthday party, which explains the lightning scar tattoo. Thanks again!"

Melissa Warburton says "I just wanted to thank you for entrusting this sweet chubby piggy with me. He's so handsome and gentle! My kids and I are excited to get to know him in the coming days and weeks as he settles into his new home. We've renamed Hammy to Meatball (we used to have a dog named Hammy) and it seems fitting due to his size! He has been happily exploring his new home. Thank you again, he's going to live like a piggy king!"

Keegan and Scott Hoffman say "We have had Red One for a month today and we could not have adopted a more amazing friend. He is a wonderful companion. We are honored to share his golden years with him, and to be able make them the years he deserves. We love him and we are very sure he loves us!"

Joe (part of Jasper's family) says "Our daughter got a dog from you a year or more ago. What a dog. You folks had some negative comments about him. All untrue it seems today. This is the first dog I know of that actually smiles! And he gives hugs. I am amazed at how he can read my mind and knows just what to do, when to play, when to nap. He loves bike rides, herding cattle and chickens, riding on the UTV to check fence lines, and playing fetch. I feel sorry for the folks that had to give him up. It must have been hard. Like giving up one of your family..... I'm so grateful he is now part of ours."

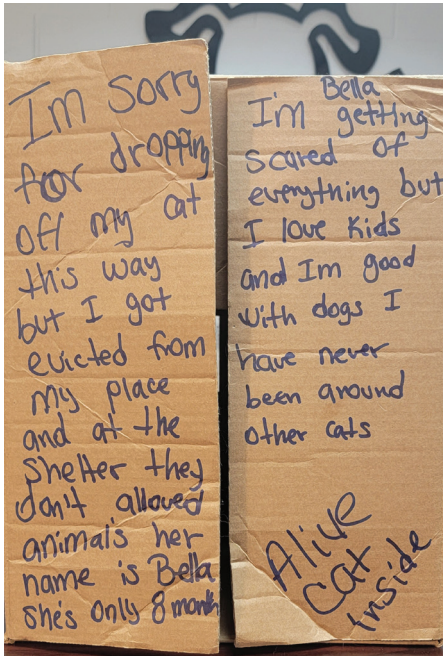

Jasmine Leigh says "Gummo (now Monty or "Mo") is such a sweet boy. It has been a long two months trying to slowly introduce him to our other cat Pippi (formerly Fettuccine) who we adopted 3 years ago. He has been so wonderfully patient with her as she slowly comes around and a great addition to our family. He loves our kids and playing with all of the cat and baby toys we have. Mo also loves his food and charming the kids into giving him extra portions. He has gained a hefty amount of weight since adoption, so he is now on a diet. He loves to give kisses and snuggle and I know once Pip warms to him, she will be grateful to have such a sweet friend."

Susan Stommel says "Lily is doing fantastic! After I got home Monday afternoon she hid under the bed for 10 minutes, came out to get petted and made herself at home like she has been here forever. She is eating, drinking and using the litter box plus cuddling a lot, she follows me around and if I leave the room she's in she starts meowing and I tell her where I am and she comes by me. She responds well to NO and Come Lily. She's just starting to play with her toys, loves naps between my legs when I'm on the recliner and looking out the windows. I think we're a perfect match."

Open letter to Bella's former owner

On August 22, 2022 a Stevens Point resident found the box pictured below on their doorstep. Inside was a live cat named Bella. They brought Bella to the Humane Society.

Dear former Owner of Bella,

We know you have fallen on hard times and you needed to provide for your cat Bella. I am writing this letter in hope it finds you and you read it. We want you to know the happy outcome for her.

We received Bella -your cat in the box (pictured) and appreciated the information you wrote. It helped

us find her the right home, and understand her situation.

Bella is a wonderful kitty and likes people well. You raised her to be a very social, playful and a polite girl. We understand your circumstances and know how hard this decision must have been for you to make. When she arrived at the shelter she was a bit scared but warmed up to the staff and medical crew within 24 hours. She ate well and came in very healthy. We fed her and provided her with a health exam. After the exam she received her immunizations. Within a couple weeks she was spayed.

Her lovable nature shined though her kennel every day. She was moved to the adoption circle soon and loved the hugs and attention of our staff and volunteers.

Bella's new human owner came to the shelter, saw her, and fell in love with her and adopted her.

Thank you for trusting us with your precious kitty. She is doing very well in her new home.

Sincerely,

The Staff of the Humane Society of Portage County

On September 20, 2022 Bella had a spay surgery and received a microchip. On October 7, 2022 Bella was adopted. The photos on the right were taken by Bella's new owners.

Please do not abandon your pets. Contact HSPC for help.

Adoption Updates! In the "Paws to Read" July 2022 edition, we showcased our longest term residents.

HUMANE SOCIETY OF PORTAGE COUNTY

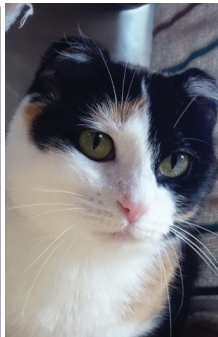

Paws to Read

The longest term residents of the Humane Society of Portage County are featured in the July 2022 edition of Paws to Read. These cats have been with us for a long time and are now looking for new homes.

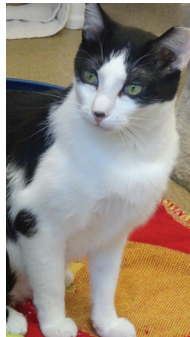

Residents:

- Tundra:** Adopted 10/7/22. A black and white cat who has been with us for a long time.
- Bali Hai:** Adopted 12/5/21. A black and white cat who has been with us for a long time.
- Geneva:** Adopted 7/5/22. A grey and white cat who has been with us for a long time.
- Double-O-Seven:** Adopted 7/21/22. A black and white cat who has been with us for a long time.
- Smackers:** Adopted 8/19/22. A black and white cat who has been with us for a long time.

WALK FOR Wags

Building Tomorrow Together

A Salute to Our Military Working War Dogs

Sponsored by:

Sunday, June 25th 2023 at Pfiffner Pioneer Park 11AM - 2PM

1.5 mile walk for dogs and their humans, fun activities for animal lovers, music, demonstrations, vendors, and a basket raffle. 300 participants expected. Some of the highlights will be a flag color guard by the local VFW Post 10262, military working dog handler, Portage County Humane Officer table, Cycling Without Age, free children's events, food, ice cream, a multitude of vendors, and a Patriotic Pet Fashion Show. All hosted by guest emcee WSAW Channel 7's Jeff Thelen.

Military veterans are invited and encouraged to share in the tribute.

Register Online at [HSPCWI.ORG/W4W](https://hspcwi.org/w4w)

Join us for a fun day of activities at Walk For Wags at Pfiffner Pioneer Park from 11AM - 2PM.

Schedule of Events

Dogs and their owners are invited to participate in Walk for Wags.

- 10:30 a.m. — Registration for walkers & their dogs
- 11:00 a.m. — 1.5-mile walk begins
- 12:30 p.m. — Pet fashion and costume contest - Patriotic theme
- Kids games
- Win great prizes and baskets with raffle tickets and games
- Face painting
- Vendors will display pet products and services
- Music
- Walk held rain or shine
- Walk with or without a pet!
- Dogs must be on a leash and be current on vaccinations. Please use a muzzle if your dog needs one.
- Food and beverages available for purchase or included if registered for the walk

ALL PROCEEDS BENEFIT THE HUMANE SOCIETY OF PORTAGE COUNTY

Thank you for supporting

The Humane Society of Portage County!

A Frequently asked Question - Who are Humane Officers & what do they do?

Humane Officers at HSPC are appointed by the Portage County Sheriff's Department to handle animal control matters. These matters include the intake of stray animals, animal cruelty investigations, and the enforcement of State and County statutes and ordinances. Each of the municipalities in Portage County are required to provide animal control services to their residents. 24 of the 27 municipalities representing 99% of Portage County's population and geography have partnered together and receive services provided by HSPC's Humane Officers.

Our Humane Officers attend a 40 hour course in Dane County where they learn about animal investigations, Wisconsin laws, and officer safety. The attendance in this course is required for all appointed Humane Officers in the state of Wisconsin in order to continue their roles in their counties. Humane Officers are also required to complete 32 hours of training every two years to maintain their certification. Prior to attending the state class our Humane Officers complete two twenty-five hour classes from the National Animal Care and Control Association.

Left to right: Emily Wimme, Taylor Aumann, Brett Jarman, Patti Mitch, Cailyn Contreras and (not pictured) Kailey Wood alongside one of the Humane Officer vehicles.

During daytime work hours, Humane Officers address pet licensing, animal cruelty complaints and investigations, nuisance animal complaints (running at large, barking, etc), the state's Rabies Control Program (animal bites), handling and intake of strays, and requests from the Sheriff's Department. After work hours, Humane Officers are on call to assist in animal emergencies and animal complaints.

Animal Bites - Animal bites are serious because there is the risk of an animal having Rabies. Please go to an urgent care or emergency room as soon as possible to receive the appropriate care. When skin is broken by a bite from a wild or unknown animal you will likely be required to start a series of expensive and painful Rabies shots. If the biting animal is in the custody of its owner or is quarantine the shots can be delayed and the animal can be observed to determine if it has Rabies.

Animal Cruelty Complaints - Humane Officers follow-up on reports of animal cruelty. Photos and written statements from people who have observed the cruelty help get the offenders prosecuted.

Stray Animals - The intake of stray animals is typically handled during the day, and an appointment can be made by calling the on-call Humane Officer at the number listed below, or by contacting the Portage County Sheriff's Department. Humane Officers require that an animal is contained in a trap or carrier, or by leash when retrieving an animal in the field. The Humane Society of Portage County also offers live trap rentals for those needing assistance with capturing strays on a private property.

Running at Large Animals - Humane Officers are not animal catchers. Dogs think chase is a game and cats are faster and nimbler than humans. Frequently loose animals return home or are found by their owners before a Humane Officer can respond. Humane Officers request a description of the animal(s) and the last known location in order to develop a thorough report. Humane Officers encourage the public to never chase an animal, especially near roadways.

Cat and Dog Traps - Humane Officers have traps that can be loaned to help with the capture of stray animals. Each trap requires a \$40 deposit which is returned when the trap is returned. Humane Officers do not deliver traps. Humane Officers encourage the public to trap from 6am-6pm daily to reduce the likelihood of trapping wildlife. Animals caught in live traps should be brought to HSPC to reduce the chances of the animal getting loose during a transfer from a trap to a kennel.

Nuisance animal complaints - Typically barking dogs or animals defecating on a neighbor's property start with a letter or conversation with the animal's owner. All dogs bark and what may be a nuisance to one person may not meet the requirement for a citation. Humane Officers encourage the use of a bark log to log the dates, times and duration of barking.

Contact us - If you see a pet/domesticated animal in immediate danger contact the Portage County Sheriff's Department Communication Center at (715)-346-1400. If you have other concerns about an animal's welfare, nuisance barking, a lost or missing pet, or concerns for stray animals contact Humane Officers by calling (715)-344-6012 ext. 305 and leave a message.

HUMANE OFFICER

PORTAGE COUNTY ANIMAL CONTROL AND PROTECTION

715-344-6012 ext 305

Protect - Prevent - Provide

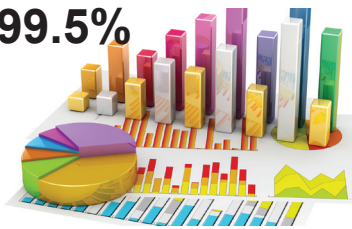

Kaitlin Loberg says “He’s doing great so far, trying desperately to befriend the cats.”

669 Stray & Abandoned
262 Surrendered
33 Seized by law enforcement
7 Transferred from other animal welfare organizations

688 Adopted
296 Returned to owners
66 Transferred to other animal welfare organizations

99.5%

Animal shelters and rescues work hard to ensure the animals they serve have good outcomes. A key metric is number of animals achieving a successful outcome. This metric is known as the “Live Release Rate”. Shelters that achieve a 90 percent live release rate can call themselves a “No Kill” shelter. Our Veterinarians, Vet Technicians, Shelter Care and Adoption staff work hard to keep our animals healthy. We don’t give up on animals or have time limits. In 2022 our live release rate improved to 99.5%.

8,627 animal nights in foster care performed by 16
Volunteer fosters who help us expand our capacity to care
1,292 Pets spayed or neutered
98 other types of surgeries performed

The Live Release Rate, also known as the Save Rate, is the percentage of dogs and cats adopted, returned to their owner, or transferred to another organization.

7,274 Hours of volunteer service contributed by 54 Volunteers who donate their time to help perform tasks that range from animal walking and socialization to office work.

--	---	--	--	---	---

Our heartfelt thanks go to the many unlisted folks who brought us items during the Covid Pandemic when we were unable to record your name.

Active Volunteers April 2022 - November 2022

The Covid Pandemic has impacted our ability to have volunteers at the shelter. We miss our volunteers and look forward to a time where they will be back with us. Many of the folks listed here are helping foster kittens or helping at an event.
