Activity Report by Sherri Galle-Teske

Gearing up for the holidays! The “Giving Season” is upon us and we are finalizing events and donor marketing for the end of the year. We are also planning for 2024.

On the marketing side we have multiple mailers from RKD/Alpha Dog designated for delivery in our area and also the holiday phone message I recorded. Many of you have received the “match” letter; a part of our holiday drive campaign. In progress is our “Giving Tuesday” event set for Nov. 28. This event is 90% online giving and I work closely with Darcy & Brett. We primarily utilize FB promotion for engagement .

We are event planning for the big December line up; starting with bringing back “Santa Paws” on Dec. 09; at the Artist and Fare building (old Shopko in Plover). See the flyer in the packet. I am treating this as a first time event—starting fresh since we moved it out of the shelter. For the first time we are co-hosting with a business-Mission Coffee. They assisted in securing the free venue and will be serving complimentary “Pup Cups”. Back to help us is Kent Meyer/Santa, and photographer/Rheanna Lynn. We also have a couple of craft booths set up to keep people and pets busy as they get their photo taken. This is not a huge money maker for us but it provides a lot of community visibility and new outreach. It also gives back a fun memory to our many donors, adopters and followers.

The next weeks in December follow with “Yoga 4 Paws” on Dec. 10, and “Christmas Crawl” on Dec. 16. More details to follow.

The month of October wasn’t too scary after all. Memorial money was consistent and we have topped the Donor mark at over 10,000 donors. We remain at a little over 60% in retention, and came pretty close to meeting last year’s donation totals.

We are continuing to work on our HSPC company handbook revisions-Thank you Melinda & Beth for assisting!!

As we review HSPC activity you will see visits to the Stevens Point Health Center (thanks to Susan & Melinda), our appearance at the Humane Officer presentation for Portage County, UWSP Soccer game (thanks Chris), Ambassador Ribbon Cuttings and ending the month with a stint at the Business Council’s Wines of the World. Internally we celebrated National Vet Tech week with “build your own” ice cream sundaes; and had “Trick or Treat” day with a fun gift hand-out (spooky jewelry & socks) and cookies as treats. As an extra joke I added a few tricks to my treat dish on my desk. (See photo)

Thank you Board of Directors for all you do for HSPC and the animals! (“On The Go” report – see the calendar and photo’s submitted)

Sherri

RE: HUMANE SOCIETY DONATION

Sherri, we have always been a strong supporter of the Humane Society of Portage County. At our annual meeting we discussed distributions to local charitable organizations and thought of you and your building that we contributed to during your building fund drive back in 2004/2005. Enclosed please find a check in the amount of \$2,000.

We appreciate the hard work you put into caring for animals and finding good homes for pets that need them.

We would appreciate it if you could please forward a receipt of contribution which acknowledges the above donation so we can complete our records.

Thank you.

Adoption – Deb Klein Coordinator Manager, Kala Blasi and Lindsey Kraklow - Coordinators
Tammy Mathewson - Adoption Volunteer Assistant

We have had a lot of dogs coming into our shelter this year and thankfully we have many dogs being adopted. Amy, Lyle and Versace have been helping us with the dog adoption introductions. Amy, Lyle and Versace all spend time walking and working with the dogs and have information to share with the adopters about their personalities and quirks.

Two young dogs that came in 6/16/23, Teagan and Sara were brought here in a wire cage. The woman who brought them claimed they were strays she had found. The dogs were terrified of everything. Staff could not touch them.

It was with a lot of time, work and patience from our staff that these two terrified dogs become social enough to enjoy people, being walked and touched. They did have some adoption meeting fails as they were a little timid of meeting new people. Thankfully the staff's patience and hard work paid off. Tegan was adopted 10/9/23 and Sarah was adopted on 9/22/23. They both have been able to remain in their homes as their adopters are working with them on their sociability and their basic fear of almost everything new.

A sweet little cat named Mustafo came to us as a surrender. She was not spayed and didn't have any vaccines. She is a spunky girl who loves to play with laser lights and she really enjoyed her wet food. Mustafo was well known for her cute little "chirps". Lindsey posted her as pet of the week and shortly after Mustafo found her forever home on 10/5/23.

The amount of surrender requests has not slowed a bit. We receive calls almost every day from people in our area and the surrounding counties wanting us to take in their unwanted pets. There are shelters, rescues, pet owners and animal retailers that refuse to take back the animals they adopt out/ sell/give away even if it has only been a day. There is no guarantee how an animal will act in its new home or how the adopter will care for the pet. The adoption team always lets the adopter know if the pet does not work out in their home we will take that pet back. There is absolutely no reason to leave one of our adopted animals in a home where it is not wanted.

Animal Control – Brett Jarman Interim Leader

In October we get the opportunity to make a presentation to the communities we serve. The preparation steps take a few days. Activity counts are extracted from the Shelterboss system and formatted for easy reference. Information about how many animals served by municipality and how many services we provide to the residents of each municipality. Our budget and actual financial results from the past few years are also part of the booklet. All Portage County Municipal leaders are invited to the meeting. This year about eight people attended. I made a 30 minute presentation about what we do and the rules we follow. The Chief Deputy of the Sheriff's Department also makes a presentation. The final part of the meeting is the county treasurer explaining the fees for the upcoming year. Copies of the presentation and the booklet are posted on our website on the animal control tab <https://hspcwi.org/animal-control/>.

One of our interesting activities in October occurred when a large bully breed dog chased a jogger. The jogger complained and we sent the dog's owner a warning letter and requested information about the dog's license status. The owner believes that the Rabies vaccine kills dogs that are of German descent (German Shepherds, Rottweilers ... etc). Typically a dog license requires proof of a Rabies vaccination. The Wisconsin statutes have an exception that allow veterinarians to exempt an animal. The exemption is for the Rabies vaccine only. The dog owner must still purchase a license.

On October 18th, 2023, multiple reports came in to Animal Control regarding a loose dog near the intersection of County Road HH and West River Drive in the City of Stevens Point. Multiple callers had seen a small black dog wandering close to the Wisconsin River and were unable to get close enough to catch him.

Humane Officers arrived to the area at approximately 2:00pm and located the dog. HO Contreras followed the dog as it ran across rocks on the edge of the river. HO Contreras noticed the dog had stopped moving, and upon further inspection, found the dog hovering over a cream colored cat hiding in the rocks by the river's edge. As HO Contreras began to pull the cat from the rocks, the dog neared and allowed HO Contreras to pet him. While HO Contreras contained the cat, HO Wimme was able to get a slip lead around the dog and pull him to safety. Both were brought to HSPC as strays, named Fuzzie (dog) and Wuzzie (cat).

Fuzzie and Wuzzie were not reclaimed.

Wuzzie has been adopted and Fuzzie has adoption applications.

Shelter Care - Mandi Durocher Shelter Care Manager

Humane Society of Portage County

IT Status Report –October 2023

Many of the things I do and help with are like the movie Groundhog Day, we do them every month. Some we do every week and other are daily activities.

Board Support

- Created the board package. (see May 2021 report for details).
- Worked with Sherri, and board members Beth and Melinda to update the employee manual for 2024.

Updated animal counts at the “Shelter Animal Count” web site

- Physical inventory of animals in the shelter. This process guarantees our computer systems match real life. It increases trust in the system
- Prepared the foster report.

ShelterBoss Software System

- Worked with software developer to fix problems on ShelterBoss. Additional help was provided to a shelter similar to HSPC in North Carolina. I performed name and address cleansing for Richland County as they prepare to migrate to Shelterboss. Richland County South Carolina has been working towards their cut over to ShelterBoss for nearly a year. My role is to provide details about the system is integrated with their workflow. Example - Officer picks up a dog in the field. The steps for them are:
 1. Scan the dog for a microchip If found look in Shelterboss, Trackit (their license system) and then the chip vendor
 2. Decide where the animal will be housed (A veterinarian or the local humane society) They don't have a shelter
 3. Take photo of animal
 4. Enter animal into shelterboss attach the photo
 5. If the animal is going to a vet create a lost and found entry in Shelterboss
 6. Transport the animal and pass the animal's shelterboss number to the new facility.

IT Support

- Progress on implementing Microsoft 365 is taking longer than I had anticipated. One of the parts is a firewall that will be provided by Spectrum. We have most of the configuration details settled. The implementation of web site access filtering will be considerable easier if Spectrum also provides the network switch and implements a vlan. A contract change has been requested. The network switch was not an item that I had found a support provider for. Having this added to Spectrum is an additional item off of my list.

Fundraising Support

- Updated the donation process to support Yoga for Paws 2024 – the tenth annual celebration

Humane Officer Activity

- See my humane officer report earlier in the board package for additional details.

Newsletter

- The next newsletter continues to be developed. No significant progress was made in September

Staff support

- Transported food and supplies from our offsite storage.
- With dog population at a record high the amount of laundry generated is more than staff can complete. I spend between 2 and 6 hours a day helping with laundry and dish washing.

Facilities Update

- The washers and dryers had a maintenance check up – quote to replace both of the washers and both of the dryers with new units including installation is \$33,000. Lead time on acquiring equipment is approximately 4 weeks. Used Washers and dryers are available with a similar lead time. Dexter Washing machines would cost approximately \$5,000 and a Dexter Stacked dryer (two drums) is approximately \$7,000. \$17,000 plus installation is about half the new price. I am waiting for information about parts availability on our current equipment.
- The proposal for electrical / lighting upgrades has been received. Replacing 72 indoor ceiling lights is estimated to cost \$16,800. Replacing the 22 outdoor light fixtures is estimated to cost \$5,500
- I continued to research how to get support for a dental x-ray solution we received as a donation. The donated items were from a company named SCIL. SCIL has been bought and sold a couple of times and while there is support still available, no new licenses are available. A small part to the system is missing which complicates its use. I have requested price quotes from our veterinary supplier.
- The traps on the outdoor kennels and on the outdoor dog runs have been installed.

Note Adopted The count of adoptions is from the animal inventory report. The adoption process takes time. After applications are approved it takes time for applicant to schedule a meet and pickup date. Sometimes an adoption is delayed until an animal is spayed or neutered or a medical problem is resolved. Adoption counts may be higher than application counts because some adoptions are for a pair of animals.

FOUND PIG LOCATED AT HSPC! HELP US FIND HER OWNER!

The shelter-assigned name is Patsy Swine ID# 25372

FOUND 10/29/23 at Nicks Rd and Old Highway 18 Rd in the Town of Hull WI. Here is a link to the Lost & Found list <https://hspcwi.org/lost-found>. Lost & Found list entries are in "date lost/found" sequence.

Contact: Humane Society Of Portage County. Call 715-344-6012 during business hours. If this is your animal please see the reclaim protocol on our website. Here is the link

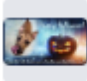

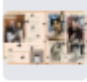

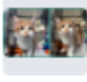

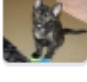

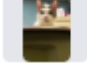

<https://hspcwi.org/animal-control>. When you take the link, select "RECLAIM A PET".

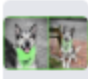

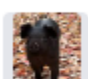

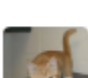

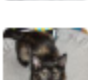

We will not be able to answer inquiries or questions about a found animal on Facebook. Please call 715-344-6012 for answers to your questions. We are deliberately not posting identifying information other than a picture and general location. We want to give the owners the opportunity to correctly identify their animal to ensure the animal goes to the right home. We will try to update the listing if/when the animal has been reclaimed. There is a state mandatory 4-day hold for every stray. After that the animal will be assessed and may be available for adoption. We cannot "hold" any animal for possible adoption. Please check our web site <https://hspcwi.org/adoptable-animals> for all our animals currently available for adoption.

Volunteer Statistics

On May 6, 2023 a purge of inactive volunteers was performed. This is the first volunteer purge since 2019. During the pandemic years we were unsure what impact would be on the volunteers. Many of our volunteers are students. Most students graduate in four years so this purge had a significant impact. A reconciliation of active fosters will be done at a later date.

Over the past few months we have stopped using Volgistics to schedule staff. There were several volunteer entries we established to support scheduling. WE also had broken many of the jobs down into smaller pieces to support scheduling. All of these items have been marked as inactive. The result of these changes provides the ability to report staff hours along with volunteer hours. This new report started in May 2023 and replaces the previous report which only covered volunteers.

On November 19, 2023

360 people entries in the system

- 16 inactive

- 127 applicants (volunteer applicants received in 2023)

- 40 prospects (job applicants)

- 20 prospects not a fit

- 4 prospects interested in

- 38 staff (36 worked hours in October or November)

- 115 volunteers (62 have zero hours in 2023

- 53 have volunteer hours in 2023 –

- 30 performed fostering in 2023

- 20 performed volunteer services

- 4 performed both fostering and volunteer service)

There are many volunteers that help us with events and several board members helping with community activities and veterinary services that are not counted in these reports.

A purge of inactive staff occurred on January 2nd, 2023

A purge of inactive volunteers was performed on May 6, 2023. This purge was volunteers with zero hours of service, volunteer applicants, and staff that have left our employment. The normal criteria for purging is no recent service in past 100 days or applicant for more than 100 days is the criteria for purging.

The pandemic has dramatically reduced our use of volunteers. We expect a different more structured volunteer program to be implemented in the last quarter of 2021.

Fosters were reconciled in December 2020 which reduced the number of active fosters.

GENERAL LEDGER ANALYSIS

Fiscal YTD (01/01/2023)

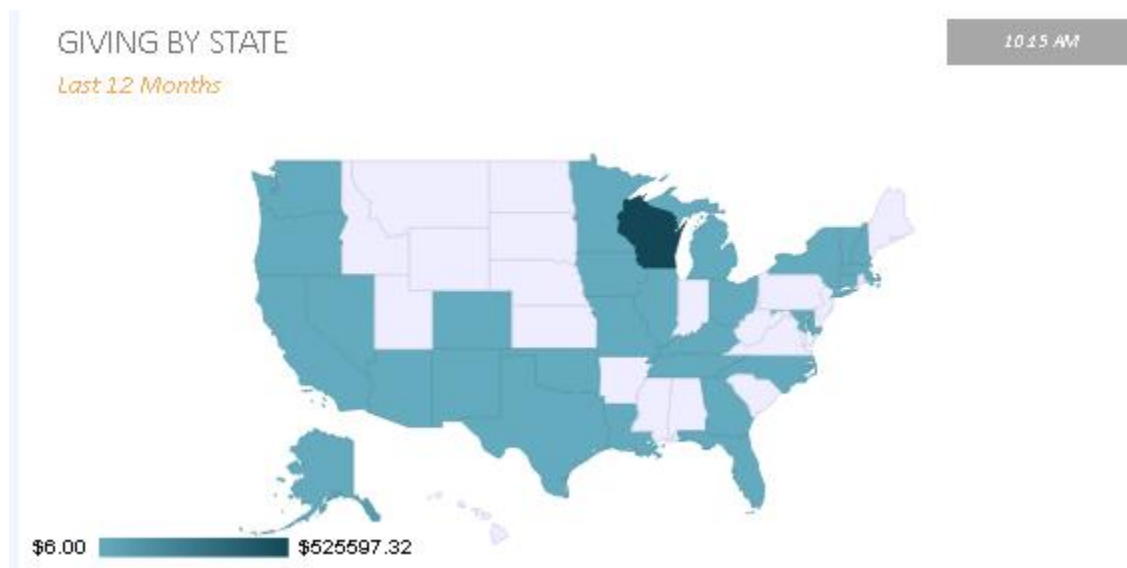

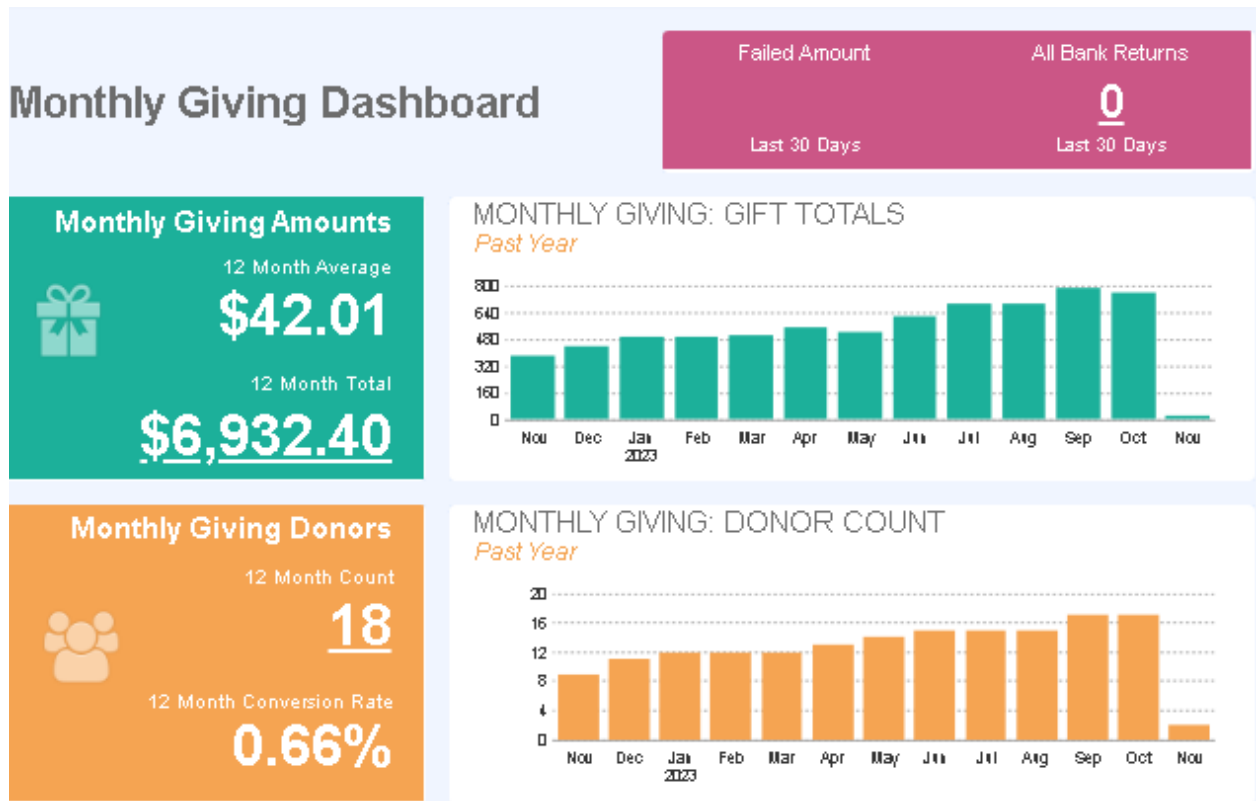

NOTE: In January 2023 we discovered that items that contained a memorial or honorarium message had been coded as memorial or honorarium income. This would cause some of the solicitation reports to have shown lower results than actual. All the gifts were counted it was only the coding of general ledger codes that was incorrect. Our goal is to use the general ledger code for the source of the gift.

NOTE: In May 2023 we analyzed the names in our donor database. As part of the analysis we performed a calculated process to remove people from our active mailing database. Examples of our criteria include:

- Names with incomplete addresses
- Potential donors that have been receiving mail from us for 3 or more years and never made a gift
- Donors that have made a gift in the past but have not made any gifts for the past 4 years
- Donors that live outside of our service area (Portage County) and have not made any gifts in the past 2 years.
- Donors that have made only one gift and the gift was made in memory or in honor of a person or animal and this single gift was made more than a year ago.

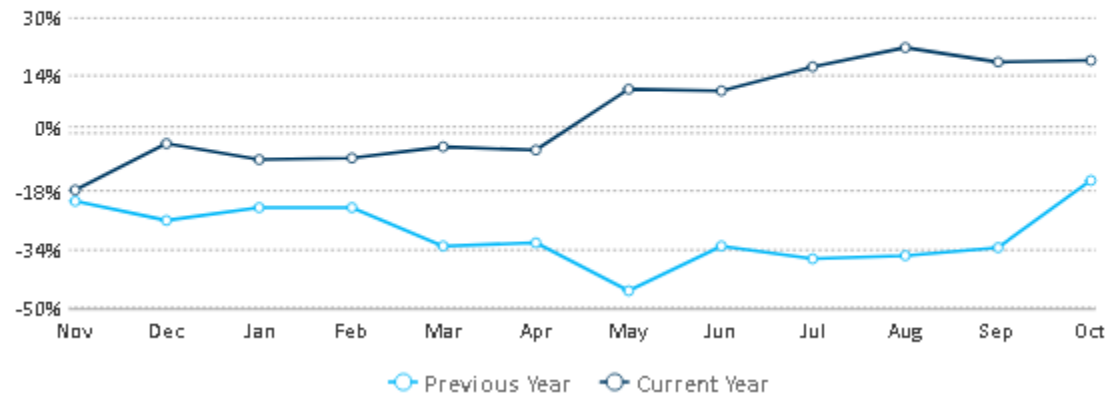

In October 2020 Donor Perfect added an additional dashboard item that shows monthly donors.

The following reports from DonorPerfect will provide additional details.

In September 2021 the Humane Officer team was restructured. A new interim manger was appointed and the interim manager attended the Humane Officer training program conducted by the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) in Madison. This week long course is required training for all Humane Officers.

Based on the training in the class many of the ways the HSPC Humane Officers were using our computer system were reviewed and analyzed for efficiency and accuracy. Several changes were implemented that will cause the following report to look different in 2022. One of these changes is the way we track animals that are received as stray or surrendered animals.

HSPC receives nearly 1,000 stray or surrendered animals each year. The majority of the animals are brought to the shelter. In 2021 the animals was entered into the computer system and an additional / duplicate entry was made as a dispatch. The dispatch entries would show up on the report shown below. In late 2021 we stopped creating dispatches for stray and surrendered animals that were not part of an investigation.

It is our hope that we can change the way the report is produced to reflect both the dispatch counts and the animal intake counts.

In January 2023 the format of the Humane Officer report was changed so it was easier to read. This new version does not include the animal intake counts.

2023 Dog & Cat Report

HSPC is an Adoption Guarantee facility. This means that all healthy animals are kept for adoption until a home is found or until circumstances would change. Some animals adopt quickly while others are with us for many months but we keep looking for a great home for each and every one of our "adoptables."

We take our commitment to our animals and community very seriously and try to do the best for the animals first while considering what is also best for the community. It happens periodically that an animal is no longer adoptable if there are serious health or behavioral concerns. In these situations euthanasia may be our only recourse if an animal has dangerous behavior or temperament that can't be corrected, a fatal or chronic disease, or is seriously injured.
