M. House

7. New Business- none

8. Adjournment

M. House

Meeting adjourned at 7:05 pm

Minutes submitted by S. Placzek for Ann Barrett, Secretary

Activity Report by Sherri Galle-Teske

January kicks off with a boom! Barely squeaking by-we made the month (Melinda will discuss) for donations over the last two years and I am still elated! So many good things happening already for 2024.

We have a new relationship with Operation Bootstrap. I have been in contact with two new Volunteers and we are trying to work with a Purina donor group on receiving semi's of free dog food. There are a lot of details yet to work on, and a major hurdle or two to overcome. Even if Purina falls through, I appreciate new beginnings.

Received Memorial Income from Jan. / Feb for H. Herman. I spoke with his mother and grandmother and thanked them. The young man will be honored with a brick in our gazebo area.

And wait until you see the Business Event Schedule!! I have received calls, texts and visits from people that want to work with us. I have been lining up sponsors for events and laying out posters and assembling raffle baskets. A bit early—but if the interest continues I expect a banner year for Event income.

I know you hear me say it every month-but with all heartfelt sincerity--Thankyou Board of Directors--for all you do for HSPC and the animals! You are an amazing group to be working for! ("On The Go" report –the calendar and photo's submitted)

Sherri

Business Events for HSPC --We're aiming for a goal of 55 in 2024! (BOLD font denotes a new event. *Italics notes Retained Event*)

Ambassadors Give Back

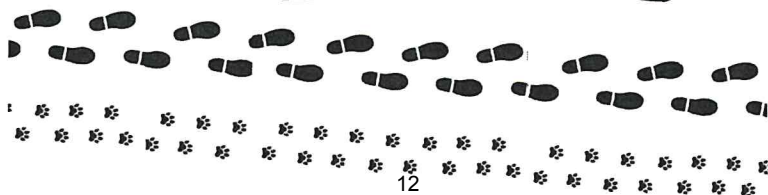

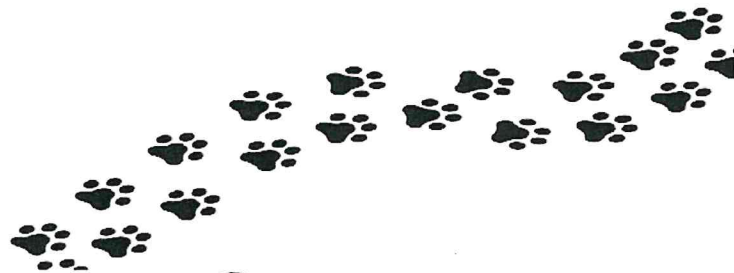

We love to see our members and all Portage County businesses thrive and grow!

The frigid weather doesn't stop our Ambassadors Club from doing an outside ribbon cutting! On January 19th we had the opportunity to visit Nordic Night Community Sauna located at 1027 Union Street, Stevens Point. If you haven't yet, check out the first authentic wood fired public sauna in the Stevens Point area.

Help us congratulate Section 715 Throwing Co. on their 3 year anniversary. On January 19th members of our Ambassadors Club, Portage County Business Council staff and Village of Plover dignitaries helped them celebrate with a ribbon cutting.

EVENTS

Humane Society of Portage County
3200 Iber Lane
Portage County
Plover, WI 54467

Dear Humane Society of Portage County,

Congratulations, I am pleased to inform you that you are receiving a grant in the amount of \$7,250.00 from the Downtown Stevens Point Christmas Crawl Fund through the Community Foundation of Central Wisconsin. The grant is designated to be used for general expenses.

No tax receipt is required to be sent to the Community Foundation or the donor, donor advisor or related party who has recommended this grant. However, if you wish to express your appreciation, it can be sent to:

Downtown Stevens Point Christmas Crawl Fund
301 Sherman Avenue
Stevens Point, WI 54481

If you plan to publicize your receipt of this award, please refer to the grant as a grant from the Downtown Stevens Point Christmas Crawl Fund within the Community Foundation of Central Wisconsin. Contact me to discuss any additional public references to this gift.

The IRS stipulates that in exchange for the grant, no tangible goods or benefits may be received by the donor who established the fund, or by an advisor or related party.

Conditions of Acceptance:

- If funds cannot be used for the above use, a re-direction of the grant may be used for other charitable purposes if that amount is under \$500. If not, the funds need to be returned to the Community Foundation of Central Wisconsin.
- To allow the Community Foundation to include information about this grant in the Foundation's public reports, newsletter, new releases, social media posting, on the Foundation's website, etc.

Acceptance of the funds enclosed confirms the funds will only be used for the designated purpose as described above and all terms enclosed in this letter.

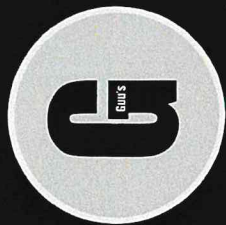

Thank you for making a difference in our community. Please let me know if you have any questions about this grant.

Cordially,

A handwritten signature in black ink that reads "Marlee Samuels".

Euthanasia numbers: none

- This month in the Medical Department we had a few critical patients that arrived here at the shelter
 - Gabriel a larger dog arrived vastly malnourished with a body condition of 1/5. He is currently on a refeeding schedule so his body can slowly start processing food again. He is under the care of one of our CVT's so they can keep a close eye on him as he works his way back up to a healthy weight.
 - Sky a young pup arrived with a broken leg, and soon after went into surgery needing her leg amputated. She is also recovering from surgery with a medical team member as she is on the road to recovery.
 - Crash a feline that arrived mid December with a significant neck wound underwent his first surgery to close up the wound. Through most of December we were doing daily wound care and bandage care along with syringe feedings to get him to a more stable state. In January our Veterinarian was able to close up the majority of the wound and he has continued to improve. He is not yet ready for adoption as we are still monitoring him as his wounds finish healing.

- For Behavior and Enrichment we have had a few nervous cats arrive but with a little TLC they have blossomed. Dr. Pepper and Admiral Halsey were not enthused to make a stop at the shelter. Dr. Pepper was all but shut down and Admiral was not impressed by our presence. Dr. Pepper has been here for just shy of a month and once a scared shut down cat he is now at the front of his kennel giving head bumps and asking for attention. With calm and slow interactions, and of course lot of treats, he soon peaked his head out in interest. With continued interaction he quickly blossomed. Admiral was one of those intake cats that needed time to decompress. Arriving here was a stressful event for him so giving him his space, a bit of time to settle in, getting him into a double kennel where he could venture to the other side as we cleaned allowed him to take some time to acclimate. Each of these cats needed something drastically different to blossom, not every route taken will be the same but with adding in different enrichment options can allow the animal to flourish.

- I have been working with a couple of the shelter care staff on ways to decrease jumping up with some of our dogs and walking easier on the leash. As the month has gone on the updates keep coming in that each day the dogs they have tried this on have greatly improved. My hope is that we can continue this for all the future arrivals and improve the overall basic manners before they go home to their forever homes.

- We have a very anxious dog currently and I have been working with him on relaxation. He is extremely ball motivated and will anxiously search for one most of the time. The focus for him has been getting out and getting moving, going for walks and burning some energy off. The use of the Thunder Jacket initially and Adaptil Collar. Then working with a couple basic commands, Sit and Down to get his focus on something else and to eventually increase the duration so we can work on relaxing on a "place". I have been working with clicker training with those cues and he has shown improvement with his anxious pacing. He is able to relax in a down for 15-20 seconds, which is an achievement from his previous pacing. With the added enrichment and training he is now able to lay down and enjoy a treat filled kong in a relaxed manner for a prolonged time. This might not seem like much but for him this is great beginning strides and with added behavior and enrichment time I suspect he will continue his growth.

Adoption – Deb Klein Coordinator Manager, Kala Blasi and Lindsey Kraklow - Coordinators
Tammy Mathewson - Adoption Volunteer Assistant

Our little independent sassy cat Coke finally found her forever home. Coke came to us on October 26th 2022. Her fur was thin and she was full of scabs, she had tapeworms and possible frostbite. Coke was so feisty she couldn't be handled. She didn't like cats and really didn't care much for people. After hanging around here for over a year with our wonderful caring staff and volunteers she settled down a little, and was able to charm an adopter into taking her home. Coke was adopted on January 8th 2023.

Mack, a sweet Yellow Labrador had been here a couple times as a stray. On November 28, 2023 he was surrendered by his owner. Mack had a horrible wound from a tie out that had wrapped around his leg and cut into his flesh. The wound was very deep and took a long time to heal. When his leg was healed and Mack was ready he was adopted by his new family on January 23.

We are still receiving a high number of surrender requests, from our County and surrounding Counties.

Due to the large population of cats and kittens in our shelter I reached out once again for help. The Dane County Humane Society had some empty cat kennels and took 15 of our cats and kittens. H.O. Emily drove the cats/kittens to the Dane County Humane Society on January 4th.

The Oshkosh Humane Society took in 4 of our cats. Brett and H.O. Lucy drove them there on January 12th, a very snowy day.

This month we adopted out a couple ducks, Bert and Ernie and a Rooster Albert Eggstein. ☺

Coke & Mack

Shelter Care - Mandi Durocher Shelter Care Manager

January was another busy month for Shelter Care! We brought on Abbey Stanford for our cat team, and Brayden Charneski is joining Shelter Care for an internship, which we are hopeful will turn into employment for him. Both have been doing remarkably well and make great additions to our team!

At the beginning of January we found out that we are experiencing another Giardia outbreak, like last winter. Giardia is an infectious disease, highly contagious to both animals and people. It causes whoever is affected to have diarrhea and stomach upset. There is no medication to treat Giardia, but we can treat the symptoms of it. As I'm writing this in February, all of the dogs have finished their courses of medication – we did a 4 week retest and some are still coming back positive. We are working closely with the medical team to make sure we are following protocols that will help this go away ASAP. Last winter when we had this, it lasted until mid-May. We are hopeful that doing more intense cleaning protocols this time around will help to make it go away. One of the biggest difficulties we have is that it is ideal for these animals to be quarantined, but we have no way of quarantining and making separate spaces for our dogs who have it. Plus, Giardia thrives in moist environments, and as we are in winter coming into what feels like spring, it is very wet outside!

We are deep cleaning kennels every day for the animals who have Giardia. We are also making sure that we are not cross-contaminating between areas as best as we can. I have made separate mop buckets, laundry carts, and cleaning tools for each animal area. There are a lot of new protocols for us to follow, but my team is doing well and taking it all in stride!

Animal Control – Brett Jarman Interim Leader

January was a month of adjustments. . We miss Humane Office Cailyn Contreras who left us at the end on December. Cailyn's departure increased the number of nights on call per officer. Another one of our humane officers has been battling some medical problems since October and I have been covering her shifts. Late in December we were successful in hiring two humane officers. Lucy was able to start immediately and has been taking National Animal Care and Control Association's Animal Control Officer 1 class and shadowing the activities of Officers Lyle Piontek and Emily Wimpe. We are hoping our new Hire Mackenzie Brown will be able to start her training in March. Mackenzie is a current HSPC employee on the sheltercare team. She will be joining the Humane Officer team when her shelter care replacement is acquired and trained.

We are still waiting to hear from Portage County about our Animal Control Contract which expired at the end of December 2023.

Both Humane Officer vehicles are back in service. Some changes in where equipment is placed are planned to occur in February. These changes will reduce the sliding of items inside the vehicle when starting, stopping and turning corners.

December 2023

Humane Society of Portage County

IT Status Report –January 2024

Many of the things I do and help with are like the movie Groundhog Day, we do them every month. Some we do every week and other are daily activities.

Board Support

- Created the board package. (see May 2021 report for details).

Updated animal counts at the “Shelter Animal Count” web site

- Physical inventory of animals in the shelter. This process guarantees our computer systems match real life. It increases trust in the system
- Prepared the foster report.

ShelterBoss Software System

- I have been working with a shelter similar to HSPC in North Carolina. They went live with the system in January. One of the reports they wanted needed to access custom fields. A custom field is a way to capture additional data that is unique to a shelter. The North Carolina group captures the name of the magistrate and the outcome of citations that are issued. We don't have any custom fields at HSPC. Custom fields are extracted from ShelterBoss in a different way than the rest of the data. I wrote a visual basic script to join custom data with regular data.

IT Support

- Reconfigured all of the HSPC computers and network devices to use static IP addresses. This will allow the new firewall to assign address for new equipment using Dynamic Host Configuration Protocol (DHCP) to assign the network addresses.

Fundraising Support

- Provided support for the Comedy Night event held in January.
- Created and updated the poster for The Dueling Pianos event to be held in April.

Humane Officer Activity

- See my humane officer report earlier in the board package for additional details.

Newsletter

- The next newsletter continues to be developed. No significant progress was made in January – The newsletter will be restarted with a 2024 edition.

Staff Support

- Transported food and supplies from our offsite storage.
- With dog population at a record high the amount of laundry generated is more than staff can complete. I spend between 2 and 6 hours a day helping with laundry and dish washing.

Facilities Update

- The hot water heater required attention in January. The heater is nearly 3 years old. During a cold snap it would report a soft reset error. This is a non-description error message that could be caused by many things. Chet's Plumbing started with a couple of routine items but returned with parts to replace the igniter and flame sensor. The hot water heater has been added to their annual maintenance list.
- Every day there are small facility tasks. Fix the hose that broke, why is the color of this liquid a different shade of blue, where is a bungee cord, fix or replace this tool and list goes on. These small things interrupt some of the larger tasks. I refer to these as the tyranny of the urgent.
- The garage has been a cold storage facility for dry food. There has not been a fill the van event for several months so our supply of dry food has gone down. The warmer weather has kept the mice active so most of the dry food has been used or moved offsite.
- A full van of surplus donated blankets and towels was transported to our partner Crossroads in Mosinee.

Nov-24	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
Dec-24	0	0	0	0	0	0	0	0	0	0	0	0	0	0	
Total	9	1	3	2	75	10	2	5	0	4	0	16	11	138	43

Note Adopted The count of adoptions is from the animal inventory report. The adoption process takes time. After applications are approved it takes time for applicant to schedule a meet and pickup date. Sometimes an adoption is delayed until an animal is spayed or neutered or a medical problem is resolved. Adoption counts may be higher than application counts because some adoptions are for a pair of animals.

UPDATE Here is a copy of a comment from Nicole Dean
👍👍👍 Update as of 1/22/24 🤖🤖🤖

The drone was able to locate the horse as of 11:30 am today. She is spooked and her flight instinct kicked in when searchers entered the woods off Corrigan Rd and Pleasant drive. Unfortunately she was laying down and when a searcher kicked up a deer the deer spooked the horse. She's still hunkered down in the woods and we are letting her be for now to calm down. Additional updates will follow.

LOST HORSE! HELP THE OWNER FIND HER!

Ava was lost 01/12/24 from State Highway 54 in the area of Pleasant Drive/Corrigan Road/County Road N in the Town of Buena Vista WI. The owner has created an entry in our Lost & Found list. For more information, here is a link to the Lost & Found list <https://hspcwi.org/lost-found>. Lost & Found list entries are in "date lost/found" sequence.

PLEASE NOTE Although we are sharing this information on Facebook, the most current information will be available on our Lost & Found list. Please take the link and use the contact information provided in the entry to get in touch with the person.

FOUND DOG LOCATED AT HSPC! HELP US FIND HIS OWNER!

The shelter-assigned name is Gabriel, ID# 25576

FOUND 01/25/24 at 4th Street and County Road J in the Town of Stockton WI. Here is a link to the Lost & Found list <https://hspcwi.org/lost-found>. Lost & Found list entries are in "date lost/found" sequence. NOTE This dog has a microchip, and we are also attempting to contact the owner that way.

Contact: Humane Society Of Portage County. Call 715-344-6012 during business hours. If this is your animal please see the reclaim protocol on our website. Here is the link

<https://hspcwi.org/animal-control>. When you take the link, select "RECLAIM A PET".

We will not be able to answer inquiries or questions about a found animal on Facebook. Please call 715-344-6012 for answers to your questions. We are deliberately not posting identifying information other than a picture and general location. We want to give the owners the opportunity to correctly identify their animal to ensure the animal goes to the right home. We will try to update the listing if/when the animal has been reclaimed. There is a state mandatory 4-day hold for every stray. After that the animal will be assessed and may be available for adoption. We cannot "hold" any animal for possible adoption. Please check our web site

<https://hspcwi.org/adoptable-animals> for all our animals currently available for adoption.

Volunteer Statistics

On May 6, 2023 a purge of inactive volunteers was performed. This is the first volunteer purge since 2019. During the pandemic years we were unsure what impact would be on the volunteers. Many of our volunteers are students. Most students graduate in four years so this purge had a significant impact. A reconciliation of active fosters will be done at a later date.

Over the past few months we have stopped using Volgistics to schedule staff. There were several volunteer entries we established to support scheduling. WE also had broken many of the jobs down into smaller pieces to support scheduling. All of these items have been marked as inactive. The result of these changes provides the ability to report staff hours along with volunteer hours. This new report started in May 2023 and replaces the previous report which only covered volunteers.

On January 6, 2024

399 people entries in the system

- 16 inactive

- 143 applicants (volunteer applicants received in 2023)

- 52 prospects (job applicants)

- 20 prospects not a fit

- 4 prospects interested in

- 42 staff (40 worked hours in November or December)

- 122 volunteers (62 have zero hours in 2023

- 53 have volunteer hours in 2023 –

- 30 performed fostering in 2023

- 20 performed volunteer services

- 4 performed both fostering and volunteer service)

There are many volunteers that help us with events and several board members helping with community activities and veterinary services that are not counted in these reports.

A purge of inactive staff occurred on January 2nd, 2023

A purge of inactive volunteers was performed on May 6, 2023. This purge was volunteers with zero hours of service, volunteer applicants, and staff that have left our employment. The normal criteria for purging is no recent service in past 100 days or applicant for more than 100 days is the criteria for purging.

The pandemic has dramatically reduced our use of volunteers. We expect a different more structured volunteer program to be implemented in the last quarter of 2021.

Fosters were reconciled in December 2020 which reduced the number of active fosters.

DonorPerfect Statistics

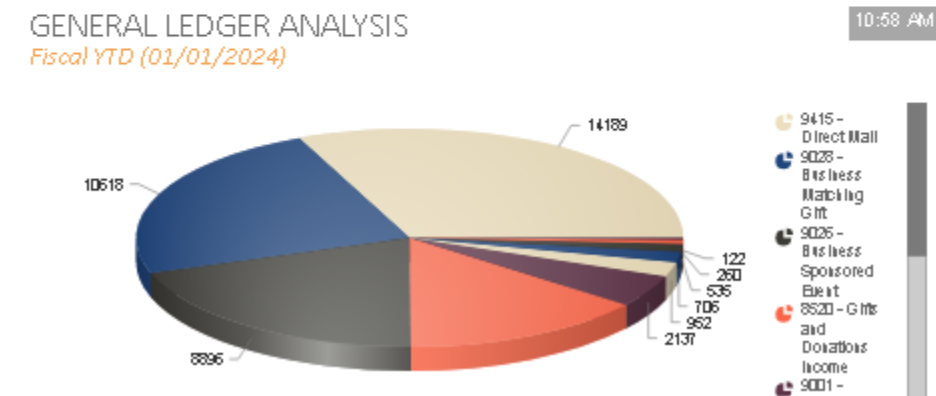

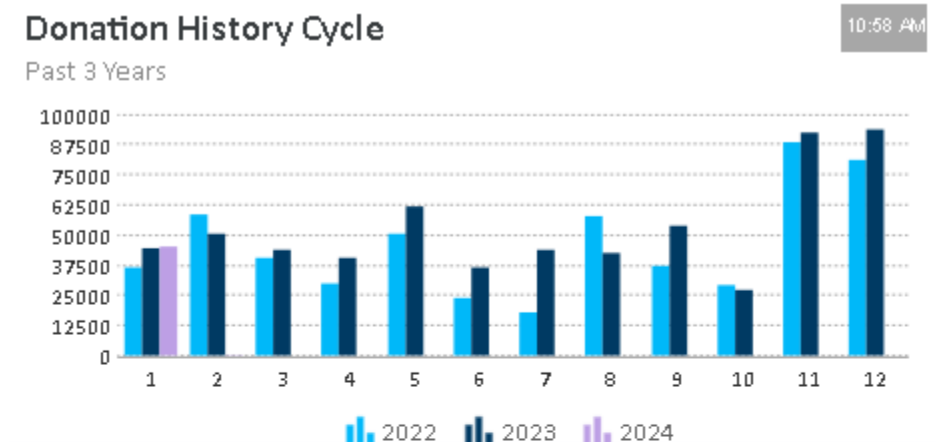

DonorPerfect is software that helps HSPC record information about our donors and patrons. It has been active since the end of August 2013

- All Individual monetary donations has been extracted from our old system and loaded.
- All Business and organization monetary donations has been extracted from our old system and loaded.
- All contributions are put into DonorPerfect (cash and non-cash gifts)
- All Volunteers are added to DonorPerfect – (updated every 4 months)
- Any person that attends one of our major events and purchases an item (registration , auction) are added to Donor Perfect
- All people who make in-kind donations and sign our gift registry have been loaded into Donor Perfect.
- All mailing lists have been consolidated into Donor Perfect
- All people who have adopted a pet from HSPC in the past 5 years have been loaded into Donor Perfect. New adopters are added each week.
- Donor Perfect has been the system of record for all donations since August 2013.

Our donor base continues to grow. In January 2014 we had 6,289 donors and in January 2015 we had 7,655. On February 3, 2024 we have 16,897 constituent records in our Donor Perfect database. Note: 11,104 are do not mail records.

Note: Large estate gifts received in February 2021, April 2021 & December 2022 will skew these graphs.

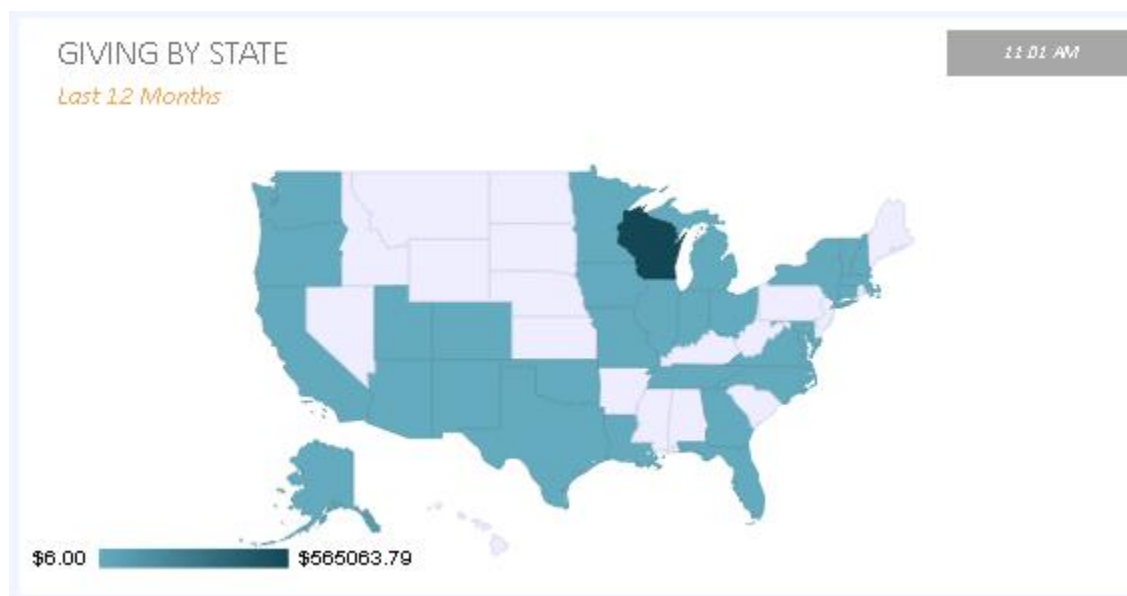

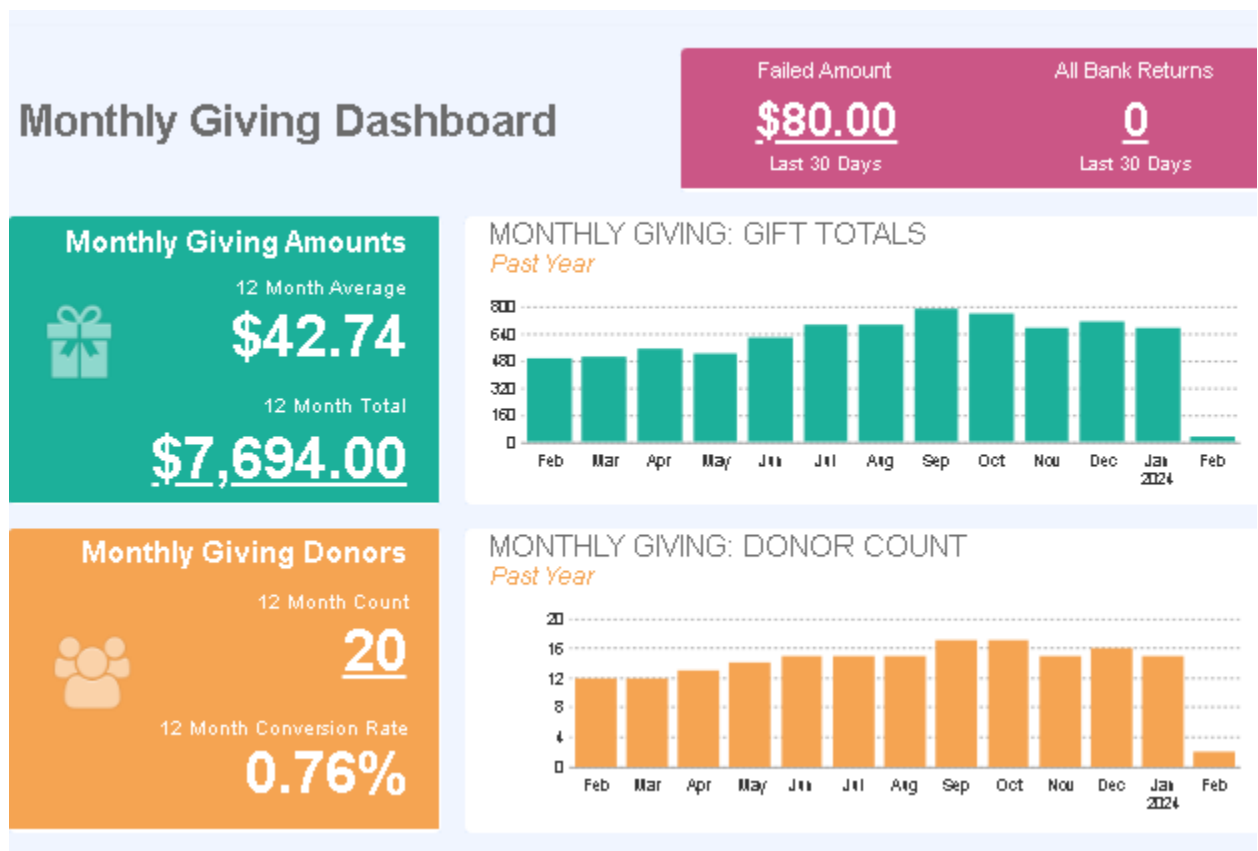

NOTE: In January 2023 we discovered that items that contained a memorial or honorarium message had been coded as memorial or honorarium income. This would cause some of the solicitation reports to have shown lower results than actual. All the gifts were counted it was only the coding of general ledger codes that was incorrect. Our goal is to use the general ledger code for the source of the gift.

NOTE: In May 2023 we analyzed the names in our donor database. As part of the analysis we performed a calculated process to remove people from our active mailing database. Examples of our criteria include:

- Names with incomplete addresses
- Potential donors that have been receiving mail from us for 3 or more years and never made a gift
- Donors that have made a gift in the past but have not made any gifts for the past 4 years
- Donors that live outside of our service area (Portage County) and have not made any gifts in the past 2 years.
- Donors that have made only one gift and the gift was made in memory or in honor of a person or animal and this single gift was made more than a year ago.

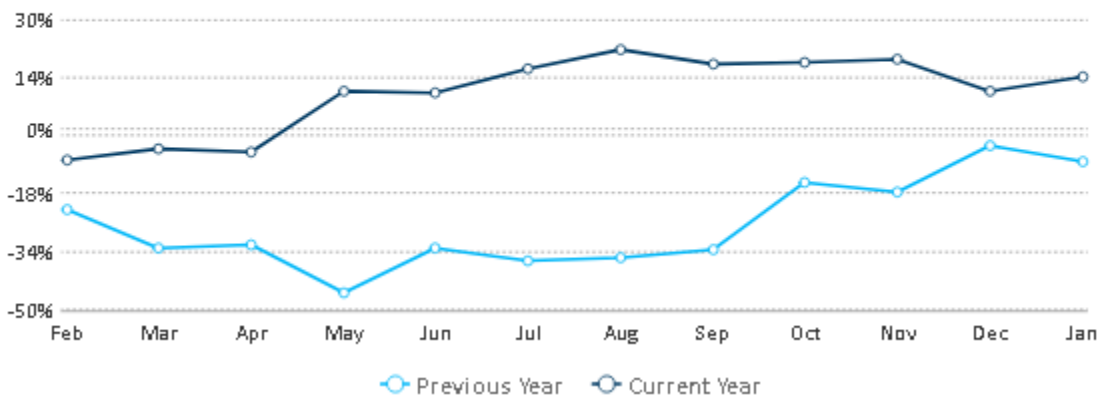

In October 2020 Donor Perfect added an additional dashboard item that shows monthly donors.

The following reports from DonorPerfect will provide additional details.

In September 2021 the Humane Officer team was restructured. A new interim manger was appointed and the interim manager attended the Humane Officer training program conducted by the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) in Madison. This week long course is required training for all Humane Officers.

Based on the training in the class many of the ways the HSPC Humane Officers were using our computer system were reviewed and analyzed for efficiency and accuracy. Several changes were implemented that will cause the following report to look different in 2022. One of these changes is the way we track animals that are received as stray or surrendered animals.

HSPC receives nearly 1,000 stray or surrendered animals each year. The majority of the animals are brought to the shelter. In 2021 the animals was entered into the computer system and an additional / duplicate entry was made as a dispatch. The dispatch entries would show up on the report shown below. In late 2021 we stopped creating dispatches for stray and surrendered animals that were not part of an investigation.

It is our hope that we can change the way the report is produced to reflect both the dispatch counts and the animal intake counts.

In January 2023 the format of the Humane Officer report was changed so it was easier to read. This new version does not include the animal intake counts.

General Ledger Analysis 1/1/2024 to 01/31/2024

2024 Dog & Cat Report

HSPC is an Adoption Guarantee facility. This means that all healthy animals are kept for adoption until a home is found or until circumstances would change. Some animals adopt quickly while others are with us for many months but we keep looking for a great home for each and every one of our "adoptables."

We take our commitment to our animals and community very seriously and try to do the best for the animals first while considering what is also best for the community. It happens periodically that an animal is no longer adoptable if there are serious health or behavioral concerns. In these situations euthanasia may be our only recourse if an animal has dangerous behavior or temperament that can't be corrected, a fatal or chronic disease, or is seriously injured.
