## **Activity Report by Sherri Galle-Teske**

Now that we have devoured all the candy kisses, thrown out those dead roses; and sung Irish songs until our voices went hoarse; are you ready for Easter? And besides all of that this time of year can't be any busier for fundraising now and planning for this summers events.

This spring will be full of events for us—Fill The Van on March 23 at Fleet Farm, on April 19<sup>th</sup> "Stand-Up Comedy for a Cause" at the Moose Lodge in Stevens Point-fundraiser for HSPC, "BowWow Meow" is doing a May fundraiser for us-complete with live entertainment, food and craft fair in their parking lot' called the 3<sup>rd</sup> Annual Lulupalooza/Artisan & Crafts on Sunday, May 05; and another first time May fundraiser "People's For Pets" Event in the banks parking lot with Frisbee golf, a petting Zoo and music/food for Friday, May 31, then there is the Saratoga Riders Club—ATV Fun Ride for HSPC ShelterAnimals on June 01; and finally when summer hits---it's our own "Walk For Wags" in Pfiffner Pioneer Park on June 23. (I will have lost my mind by July.....)

We have been working with Lexi; the owner of the new "Starry Nights" coffee cattery downtown Stevens Point. It has been a great team partnership so far. She will feature some of our adoptable felines there. She trained with our sheltercare staff to ensure the highest standard of housekeeping is met. She will be filling out our foster parent documents. I hope you will all take a moment and stop in to meet her when she opens her doors in the old Whiting building.

Brett and I had a good meeting with the Portage County Attorney regarding the Animal Control contract and you will hear more about that later in the evening.

Should there be any interest amongst our Board members in volunteering for any of the events listed below please contact me.

Sherri

**My name is Mack.**  
**You saved my life.**

Your support of the Humane Society of Portage County has saved lives—like mine.

If it weren't for you, I'd still be out there in the cold, hurt and terrified. While running loose, I tangled my leg in a very sharp wire, and the cut it caused was so severe that I could hardly walk. Thankfully, I was rescued and taken to the shelter.

After my wound was assessed, I went to surgery, where they gave me stitches and stopped the infection. Thanks to you, I am feeling better and am now walking!

Through your generosity, I am receiving the medical attention, food, and exercise I need to run and play again. I am on the road to recovery and will someday go to my forever home. All because of you!

# Ambassadors Give Back

We love to see our members and all Portage County businesses thrive and grow!

What a blast we had at the ribbon cutting on February 16th to celebrate the renovation completion of The Playhouse Theatre Group rehearsal space located at 2917 Post Road, Stevens Point. Our Ambassadors, Portage County Business Council staff, Village of Plover and other community members were treated to lunch and three mini-performances by some very talented kids. Thank you for having us a part of the celebration!

## Dueling Pianos returns to Eron's Event Barn

After three years of selling out, Dueling Pianos is returning to Eron's Event Barn as a fundraiser for Humane Society of Portage County.

This year's benefit is being sponsored by Eron's Event Barn, Rack Industrial, and Van Horn Nissan.

Dueling Pianos is a request-based show that has audiences singing and clapping as performers deliver the audience's favorite songs from Bruno Mars to Billy Joel and ABBA to ZZ Top. Magician James David will also perform.

Tickets are \$75 per person and include a charcuterie board, buffet dinner, homemade pie, soda, and water. A cash bar is available, with basket raffles and a 50/50.

Doors open on March 2 at 4 p.m., followed by dinner and music at 5:30. Tickets are available at [www.eronseventbarn.com/events](http://www.eronseventbarn.com/events).

## **Euthanasia numbers: 0**

At the end of this month we began the first of 4 vaccine clinics being held at HSPC for the public. Vaccines, microchipping and licensing are offered for cats and dogs through these clinics. The remaining 3 are spread out through March and into April.

We also started doing Working Cat surgeries for the public. These cats are also considered barn cats and along with spay or neuter they receive vaccines, topical flea and tick, and have their left ear tipped. The ear tip is to indicate that they are already altered if ever caught in a trap or brought into a clinic/shelter.

We have a handful of critical patients either arriving this month or getting near the end of their treatment and soon will be available for adoption.

- Longer term medical care patients:
  - **Crash** arrived with a severe neck wound that has taken almost 3 months to finish healing. He had his final surgery a couple weeks ago and now has his bandages removed. In a couple weeks we believe he will be ready to become adoptable.
  - **Gabriel** our malnourished dog is doing well and still in his foster home as he continues to gain weight
- This month's medical care patients:
  - We had an intake of a small dog (**Evita**) that has an infection in both ears and both ears are closed off from the buildup. She had her first appointment soon after she arrived for a checkup and some ear cytology's. Antibiotics were started and she will be awaiting her next appointment in March to determine if they can be surgically repaired or if we need to send her to another clinic that is more specialized.

**Crash**

**Gabriel**

**Evita**

This month the giardia cases still persist, each feline is being tested prior to moving to the adoption floor and a few of the dogs are finishing their treatment.

**Adoption** – Deb Klein Coordinator Manager, Kala Blasi and Lindsey Kraklow - Coordinators  
Tammy Mathewson - Adoption Volunteer Assistant

One of the transfers we received from a Northern Wisconsin Shelter was Frannie, a female Coon Hound. She is a wonderful, sweet girl but due to her loud bark and walking strength adopters found her to be a little too much.

Sylvie who has a Hound rescue was very interested in Frannie and wanted to adopt her as part of her family. But due to her rescue being at its limit with fosters she was not able to. Sylvie kept calling and checking on Frannie to see if she was still here. After three months Sylvie finally found a home for one of her foster dogs and was then able to adopt Frannie for her family.

Everybody had to sniff her, of course, but she has made herself right at home. She loves running and playing with her new friends, and she play bows to invite them to play with her. Frannie claimed a dog bed right next time Dave's bed, and she snuggles right into him when he lays down next to her..no issues getting her to take her pills with peanut butter. She had no problem going up and down the back deck steps, but she had to practice going up and down the stairs to the second floor. Of course, she had never been in a house before!

We had a little rabbit come in as a stray. We named him King Moonracer. He was a very calm, sweet bunny. We found through his micro chip that Moonracer had been adopted out from the K&R Small Animal Sanctuary in Appleton Wisconsin. Moonracer's real name was Wrex. The adopter was not found so a volunteer from the K&R Small Animal Sanctuary came and picked up Wrex and took him back to the Sanctuary. They posted a notice to remind people domestic pets do not do well outside.

Reminder: we will always take back our K&R alum critters that you've adopted from us for any reason. It is NEVER acceptable to dump your pet outside.

Welcome back Wrex. We are so sorry that your humans failed you, but so thankful that you survived so many potential dangers outside and are safe!!

Huge thank you Humane Society of Portage County for following up on his microchip and connecting with us! 🍷

Comment from an Adoption Application:

*Your system of matching cats and people by their personalities is very appealing and we want to adopt a cat that needs a home.- Neena from Stevens Point*

## **Shelter Care - Mandi Durocher Shelter Care Manager**

Pardon my brevity in this February report, March is keeping me very busy!

In February we did some updates in our laundry room. Rhyen Nemzoff and I relabeled our storage areas, in hopes that we could look neater and more tidy. A problem we often have in the laundry room is items being placed into the wrong areas. Relabeling hasn't been quite as effective as we had hoped, but we will work with staff to see if we can get there. It may not seem like a big deal, but Shelter Care goes in there quickly to get the items they need and when things aren't in the right spot it adds more time for us. We're also working with staff to get them to fold things neatly as they get put away. When things are neat, it's not only easier for your brain to sort through it, but we can also fit more items in an area.

We had much more interesting things going on in February too, but unfortunately I am filling in on Shelter Care shifts due to being short-staffed. I'll have a more exciting report for March!

## **Animal Control – Brett Jarman Interim Leader**

Some months are slower than others. During the colder months there are less animals outside and less animal interactions. In contrast with summer months February was a slower month allowing our energies to be devoted to vehicle repairs and equipment checkups to prepare for the busy times .

Frankie the cat came to HSPC after a welfare check on Frankie's owner revealed that she had died several days earlier. Even though Frankie had not been fed for a few days, he managed to lead the folks attempting to pick him up around the apartment finding new places to hide while hoping the team would leave. The HSPC Humane Officer and the Plover Police team were able to humanely capture Frankie after playing "cat and people" for 30 minutes. Frankie is pictured below.

We continued to work with a Portage County resident who had refused to get their pets vaccinated for rabies or licensed. They own a large bully breed dog and the dog broke away from the owners control and bit a person walking past the house.

Humane officers performed the preparatory work for the vaccination clinic held at the end of February. The prep work includes loading the owner's and their animal's details into Shelterboss and calling owners when information was missing.

Prepared for additional meetings with Portage County about the Animal Control contract.

## **Finance Committee Meeting**

**March 7, 2024**

### **Attendees:**

- Melinda House
- Sherri Galle-Teske
- Lori Lang
- Brett Jarman

### **January 2024 Items reviewed:**

- Check Register
- Balance Sheet
- Profit and Loss
- Management Report

**NOTE:** The 2024 budget is under development. Until the budget is complete and loaded into Quickbooks the management dashboard reports which compare results to budget lack any meaningful information. They are not included in this month's board package.

**NOTE:** We have determined that two of the round gauges (major gifts & events) in the management dashboard are not operating correctly. The problem is related to our software level and will be addressed later this year when our software is updated.

## **Humane Society of Portage County**

### **IT Status Report –February 2024**

Many of the things I do and help with are like the movie Groundhog Day, we do them every month. Some we do every week and other are daily activities.

#### **Board Support**

- Created the board package. (see May 2021 report for details).

#### **Updated animal counts at the “Shelter Animal Count” web site**

- Physical inventory of animals in the shelter. This process guarantees our computer systems match real life. It increases trust in the system
- Prepared the foster report.

#### **IT Support**

- Reconfigured all of the HSPC computers and network devices to use static IP addresses. This will allow the new firewall to assign address for new equipment using Dynamic Host Configuration Protocol (DHCP) to assign the network addresses.
- Details to support the new firewall and the voice over IP phone system have been sent to the vendors.

#### **Fundraising Support**

- Provided support for the Dueling Pianos event to be held in early March.
- Created the web pages and support for the February, March and April vaccination clinics.
- Developed drafts of materials to support Walk-for-Wags
- Developed poster for the Saratoga Riders Fun Run

#### **Humane Officer Activity**

- See my humane officer report earlier in the board package for additional details.

#### **Newsletter**

- The next newsletter continues to be developed. The newsletter was re-created using a wider range of dates

#### **Staff Support**

- Transported food and supplies from our offsite storage.
- With dog population at a record high the amount of laundry generated is more than staff can complete. I spend between 2 and 6 hours a day helping with laundry and dish washing.

#### **Facilities Update**

- The hot water heater required additional attention in February. The heater is nearly 3 years old. The heater required a new blower motor. To reduce the downtime when the motor failed we drove to Appleton to get the part.
- The large motors in the air exchange unit were replaced. The air exchange unit helps keep our air smelling fresh and our HVAC energy costs down.

**Note Adopted** The count of adoptions is from the animal inventory report. The adoption process takes time. After applications are approved it takes time for applicant to schedule a meet and pickup date. Sometimes an adoption is delayed until an animal is spayed or neutered or a medical problem is resolved. Adoption counts may be higher than application counts because some adoptions are for a pair of animals.

**FOUND DOG LOCATED AT HSPC! HELP US FIND HER OWNER!**

The shelter-assigned name is Evita, ID# 25630

FOUND 02/23/24 at Commons Circle and Crossroads Drive in the Village of Plover WI. Here is a link to the Lost & Found list <https://hspcwi.org/lost-found>. Lost & Found list entries are in "date lost/found" sequence.

Contact: Humane Society Of Portage County. Call 715-344-6012 during business hours. If this is your animal please see the reclaim protocol on our website. Here is the link <https://hspcwi.org/animal-control>. When you take the link, select "RECLAIM A PET".

We will not be able to answer inquiries or questions about a found animal on Facebook. Please call 715-344-6012 for answers to your questions. We are deliberately not posting identifying information other than a picture and general location. We want to give the owners the opportunity to correctly identify their animal to ensure the animal goes to the right home. We will try to update the listing if/when the animal has been reclaimed. There is a state mandatory 4-day hold for every stray. After that the animal will be assessed and may be available for adoption. We cannot "hold" any animal for possible adoption. Please check our web site <https://hspcwi.org/adoptable-animals> for all our animals currently available for adoption.

We have been excited over the last couple weeks to share the watercolor portraits local artist [Lisa Florentino Art](#) has painted of adoptable animals to promote adoption. When each animal is adopted, the portrait goes home with the pet.

But Moochy caught us off guard. Lisa was working on the portrait when an adopter fell for Moochy and took him home ❤️. Lisa has still donated the picture to the family, and we wanted to show you the work-in-progress and the completed watercolor.

Do you see a hint of Mona Lisa's enigmatic smile like I do?

## Volunteer Statistics

On May 6, 2023 a purge of inactive volunteers was performed. This is the first volunteer purge since 2019. During the pandemic years we were unsure what impact would be on the volunteers. Many of our volunteers are students. Most students graduate in four years so this purge had a significant impact. A reconciliation of active fosters will be done at a later date.

Over the past few months we have stopped using Volgistics to schedule staff. There were several volunteer entries we established to support scheduling. WE also had broken many of the jobs down into smaller pieces to support scheduling. All of these items have been marked as inactive. The result of these changes provides the ability to report staff hours along with volunteer hours. This new report started in May 2023 and replaces the previous report which only covered volunteers.

On March 7, 2024

- 479 people entries in the system
  - 21 inactive
- 182 applicants (volunteer applicants received in 2023)
  - 77 prospects (job applicants)
  - 20 prospects not a fit
  - 5 prospects interested in
- 39 staff
- 135 volunteers

There are many volunteers that help us with events and several board members helping with community activities and veterinary services that are not counted in these reports.

A purge of inactive staff occurred on January 2<sup>nd</sup>, 2023

A purge of inactive volunteers was performed on May 6, 2023. This purge was volunteers with zero hours of service, volunteer applicants, and staff that have left our employment. The normal criteria for purging is no recent service in past 100 days or applicant for more than 100 days is the criteria for purging.

The pandemic has dramatically reduced our use of volunteers. We expect a different more structured volunteer program to be implemented in the last quarter of 2021.

Fosters were reconciled in December 2020 which reduced the number of active fosters.

## DonorPerfect Statistics

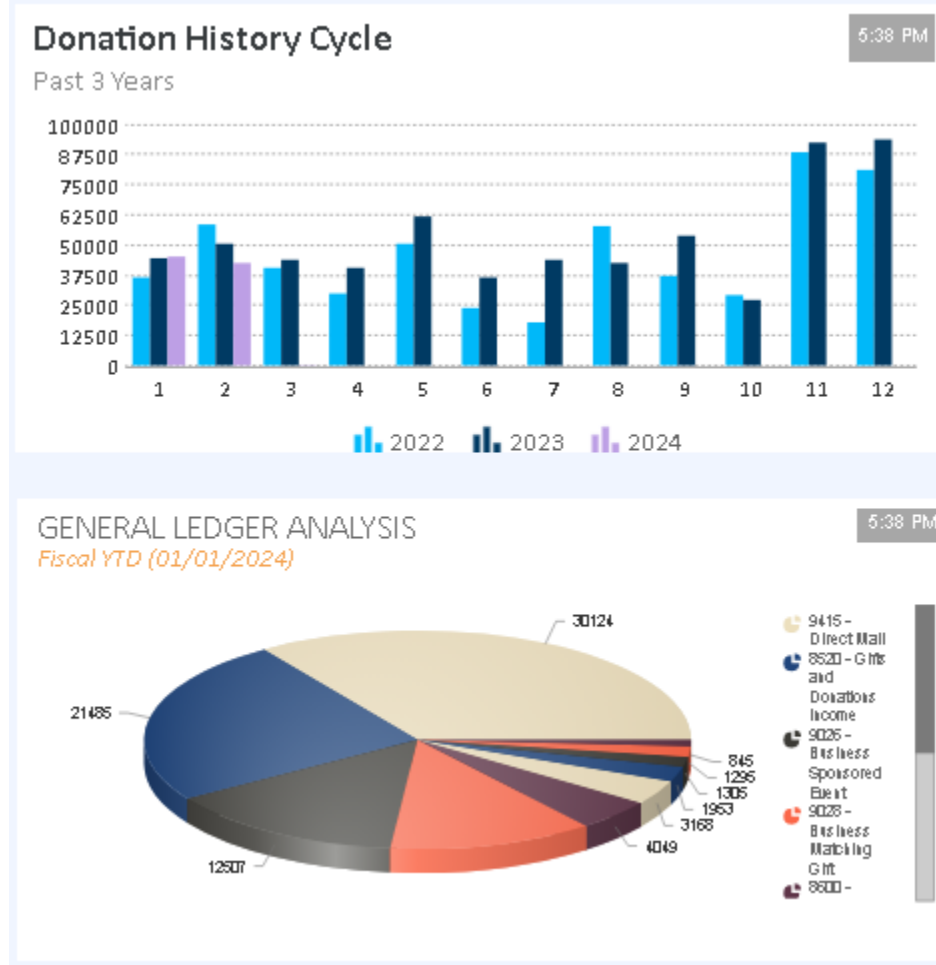

DonorPerfect is software that helps HSPC record information about our donors and patrons. It has been active since the end of August 2013

- All Individual monetary donations has been extracted from our old system and loaded.
- All Business and organization monetary donations has been extracted from our old system and loaded.
- All contributions are put into DonorPerfect (cash and non-cash gifts)
- All Volunteers are added to DonorPerfect – (updated every 4 months)
- Any person that attends one of our major events and purchases an item (registration , auction) are added to Donor Perfect
- All people who make in-kind donations and sign our gift registry have been loaded into Donor Perfect.
- All mailing lists have been consolidated into Donor Perfect
- All people who have adopted a pet from HSPC in the past 5 years have been loaded into Donor Perfect. New adopters are added each week.
- Donor Perfect has been the system of record for all donations since August 2013.

Our donor base continues to grow. In January 2014 we had 6,289 donors and in January 2015 we had 7,655. On March 3, 2024 we have 17,299 constituent records in our Donor Perfect database. Note: 11,109 are do not mail records.

**Note:** Large estate gifts received in February 2021, April 2021 & December 2022 will skew these graphs.

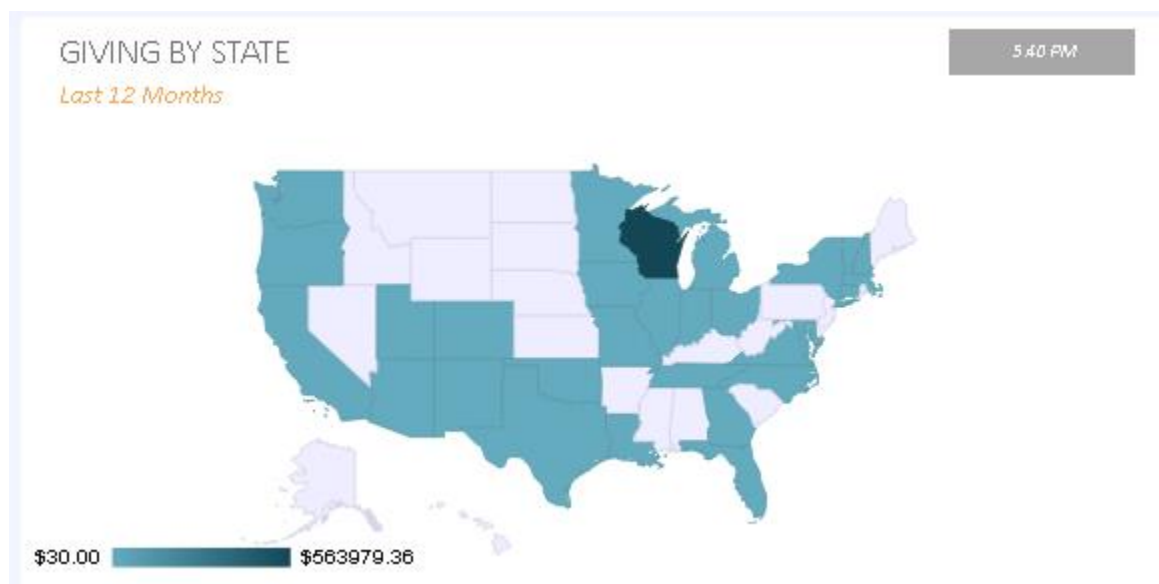

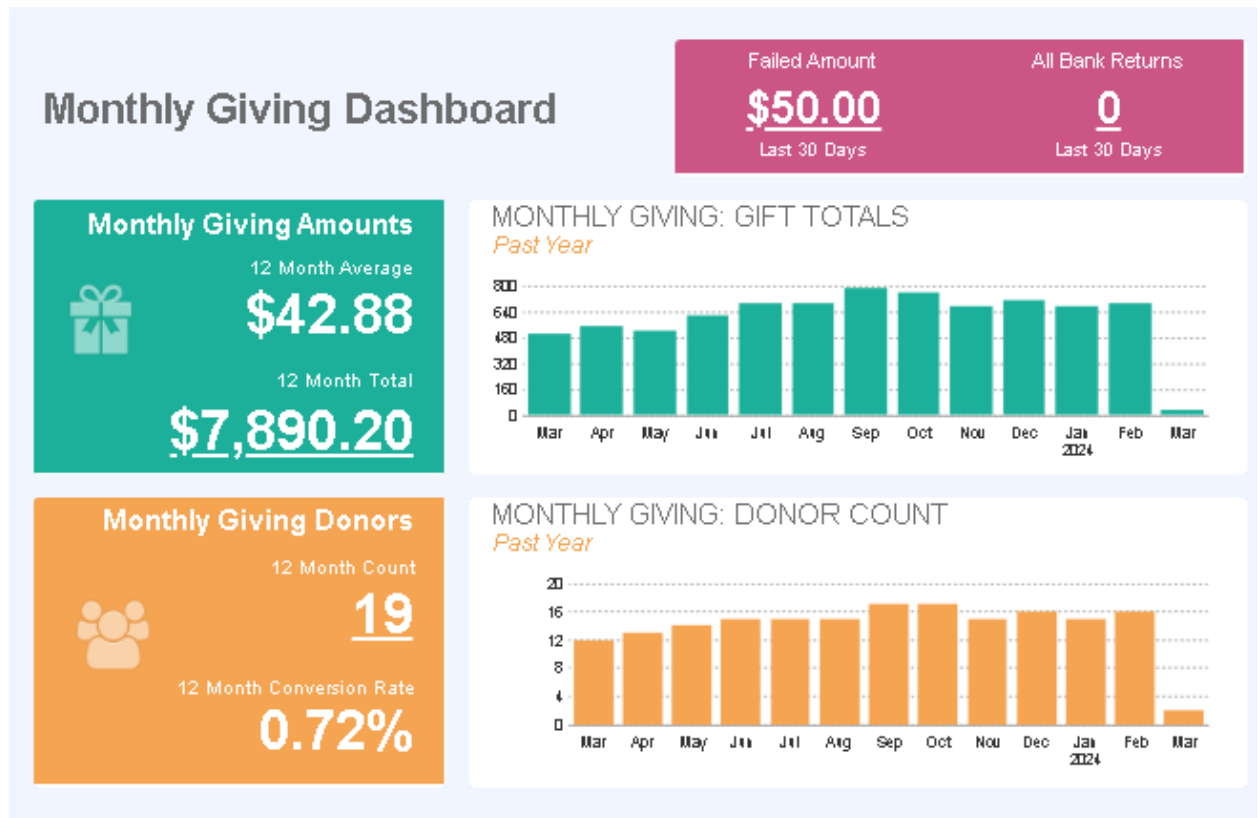

**NOTE:** In January 2023 we discovered that items that contained a memorial or honorarium message had been coded as memorial or honorarium income. This would cause some of the solicitation reports to have shown lower results than actual. All the gifts were counted it was only the coding of general ledger codes that was incorrect. Our goal is to use the general ledger code for the source of the gift.

**NOTE:** In May 2023 we analyzed the names in our donor database. As part of the analysis we performed a calculated process to remove people from our active mailing database. Examples of our criteria include:

- Names with incomplete addresses
- Potential donors that have been receiving mail from us for 3 or more years and never made a gift
- Donors that have made a gift in the past but have not made any gifts for the past 4 years
- Donors that live outside of our service area (Portage County) and have not made any gifts in the past 2 years.
- Donors that have made only one gift and the gift was made in memory or in honor of a person or animal and this single gift was made more than a year ago.

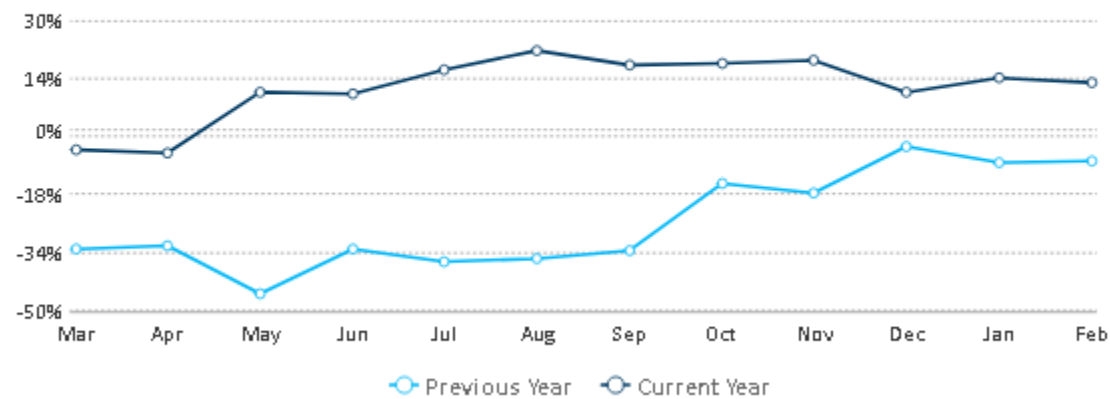

In October 2020 Donor Perfect added an additional dashboard item that shows monthly donors.

In September 2021 the Humane Officer team was restructured. A new interim manger was appointed and the interim manager attended the Humane Officer training program conducted by the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) in Madison. This week long course is required training for all Humane Officers.

Based on the training in the class many of the ways the HSPC Humane Officers were using our computer system were reviewed and analyzed for efficiency and accuracy. Several changes were implemented that will cause the following report to look different in 2022. One of these changes is the way we track animals that are received as stray or surrendered animals.

HSPC receives nearly 1,000 stray or surrendered animals each year. The majority of the animals are brought to the shelter. In 2021 the animals was entered into the computer system and an additional / duplicate entry was made as a dispatch. The dispatch entries would show up on the report shown below. In late 2021 we stopped creating dispatches for stray and surrendered animals that were not part of an investigation.

It is our hope that we can change the way the report is produced to reflect both the dispatch counts and the animal intake counts.

In January 2023 the format of the Humane Officer report was changed so it was easier to read. This new version does not include the animal intake counts.

## 2024 Dog & Cat Report

HSPC is an Adoption Guarantee facility. This means that all healthy animals are kept for adoption until a home is found or until circumstances would change. Some animals adopt quickly while others are with us for many months but we keep looking for a great home for each and every one of our "adoptables."

We take our commitment to our animals and community very seriously and try to do the best for the animals first while considering what is also best for the community. It happens periodically that an animal is no longer adoptable if there are serious health or behavioral concerns. In these situations euthanasia may be our only recourse if an animal has dangerous behavior or temperament that can't be corrected, a fatal or chronic disease, or is seriously injured.
