**Humane Society of Portage County Board of Directors**

April 15, 2025

**1. Call to Order**

**Dr. P. Lillis**

Meeting was called to order at 5:50 pm.

**2. Roll Call**

**Dr. P. Lillis**

Present: Dr. Pat Lillis, Jared Redfield, Ann Barrett

Others: Sherri Galle-Teske, Brett Jarman, Michelle Armstrong, Meg Erler, Sue Wilcox

**3. Approval of Minutes**

**Dr. P. Lillis**

Motion: to approve the minutes from the board meeting held on March 20, 2025 (Lillis, Redfield) motion carried.

**4. Board Seating/Resignations**

We have three new board candidates in attendance of Michelle Armstrong, Meg Erler and Sue Wilcox. Per our bylaws we should have seven to nine board members but we do meet the minimum requirements of the IRS with three. We are working to fill the vacancies of the four board members who resigned in 2024.

**5. Old Business**

**Dr. P. Lillis**

Reviewed the board packet that is full of operational information that goes on our website in order to be transparent to our community. Pat pointed out the Facebook reach has 18,000+ followers and is managed very well by Darcy Jarman.

**6. Executive Director Report**

- a. Sherri described her one of her goals for the past six years was to be more visible in the community and she has accomplished that. March was a good month with donor retention level at 58%. She noted we have over 7,000 donors and receive most of our donations from direct mail campaigns when HSPC shares stories of our animals. Our live release rate remains at an impressive 99.5%. We put the story of the injured cat Nadia on social media and it helped raise money to pay for her medical expenses, and next her wheelchair. We will take her to Wausau to meet the wheelchair sponsor and then we hope for a happy adoption story. Then we will continue to have regular stories of our animals and happy success stories. Currently working with a nonprofit management consultant and she has been a big help. Reviewed our social media, AI and euthanasia policies to add key points of decision makers. We also had a PowerPoint on bullying created for staff. We are up to 22 new and returning independent fundraising events for HSPC for the year with a goal of 60. New one next year will be the Winter beer Olympics at Central Waters Brewery. Reviewed Sherri's daily activities that included participating in "Pours for Paws" at Gu's, the upcoming artisan fair at Bow Wow Meow in May and she does a radio show every Wednesday.
- b. See Sherri's report in the board packet for more details.

## 8. Financial Report

- a. Reviewed the statement of the HSPC current financial position and the monthly profit and loss statement for the end of March 2025. Pat would like a few board members to meet with Brett and Sherri on the financials. We are projected to be at a loss at the end of the year which is common for charitable non-profits in order to fulfill the mission. Plan to review the county contract.
- b. Sherri to hire an outside company to review our financials.

## 9. Committees

- a. We can now reconstitute committees and would like to start with the finance committee.

## 10. New Business

- a. Our consultant would like to do a SWOT analysis for HSPC, would like to see additional board members and has recommended we apply for grants and develop a financial fact sheet. Some grants require five board members.
- b. The board went into closed session to discuss confidential matters about personnel.
- c. Motion: to approve Meg, Michelle and Sue as new associate board members for a month and then will vote for them to be full board members at the annual meeting in May (Redfield, Barrett) motion carried. We now have a board of six people. Would like more with additional skill sets.

## 10. Adjournment

**Dr. P. Lillis**

Meeting adjourned at 7:34 pm

Minutes submitted by Ann Barrett, Secretary

## **Activity Report by Sherri Galle-Teske**

Hurray hurray in the month of May!

So many good things to report on—finance, staff, events, animal intake & more. Spring was very kind to us.

What happened to April Donations? We did not have a March event at Eron’s Event Barn—our 2 year run has ended. The Sweet 16—generated \$7K last year at this time. –In April/May Evita and her ears generated \$7K too. This year our Nadia story only generated \$2K. When the financial report for April is reviewed you will see we were a bit down. But looking at the whole picture—we are moving forward at a strong pace

I am sharing my strategic plan in another document.

Memorials really help our cause and two major ones came in this spring.

Our “Live Release Rate” is still 98-99.5%. And remains unwavering..

# How to Acclimate Working Cats

Because of the shy, timid, and feral temperaments of Working Cats, we ask that **adopters spend 2-4 weeks acclimating the cats to their new environments.** This involves keeping the cats housed in a crate with a litter box, food and water, a den to hide in, and toys for enrichment. Crate dimensions should be 24" W x 37" L x 27" H minimum. Small, confined, climate-controlled spaces like tack rooms or workshops are also suitable, as long as the cats can't escape on their own accord!

Think of this as the "Honeymoon Period!" Adopters should tend to the cats daily, keeping their cages clean and talking to them, so that the cats get used to the voices of their new caregivers. Cats will stay where they feel safe and have resources, and this acclimation period is your time to show the cats that they will be fed and cared for in their new home.

Following this 2-4 week period, adopters will release the cats, and even if they take off in a hurry, they will know the smells, sights, and sounds of their new environment, and return "home" when the excitement of release has worn off!

**We are happy to loan out large dog crates, feral cat dens, and litter boxes for this acclimation period, to be returned once the cats have been released!**

## Acclimation Crate Set-Up

Sheet over the crate so the cat feels safe and enclosed.

Hiding box for the cat to retreat to when they are afraid. Keep towards the back and face the entrance away from the front of the crate, so they don't feel like you are reaching for them as you are cleaning and feeding.

Provide dry food and wet food twice daily. Confined feral cats can be stressed and may not eat readily, so it's important to give them food that is enticing.

Change litterbox and give fresh water once daily.

# The Power of Community: A Park in the Heart of Stevens Point

The path to creating Seramur Park wasn't a straight line. For years, efforts to revitalize the lot started and stalled. Each attempt, however, laid the groundwork for what was to come. Eventually, the neighborhood group began to make steady progress, by knocking on doors, holding listening sessions, and organizing fundraisers, ensuring residents were involved every step of the way.

### Partners in Purpose

To enhance the project's credibility, The Friends of Emerson Park Committee (later renamed Seramur Park) partnered with the Community Foundation of Central Wisconsin. As a Special Project fund they were able to access 501(c)(3) benefits and fundraising support. This simplified financial processes and added credibility

# Women's Fund of Portage County

The Women's Fund of Portage County has been partnering with local organizations that support issues most important to women for over 25 years. This year, the Women's Fund granted over \$40,000 to initiatives that provide resources and care for women seeking mental and behavioral health support, childcare access and expansion, and financial wellness.

Through a Women's Fund grant, the Stevens Point Area YMCA established the Parents Morning Out program providing drop-in childcare for three hours the first Thursday of each month. The program is an innovative solution that chips away at the challenges caregivers face.

BreAnn Costantineau, who directs the program, shared that the program quickly reached full capacity. "The cool thing about the offering has been how parents have used the service for a variety of reasons. The parents are using the service so that they can accomplish more to support themselves and their families!"

The Women's Fund has been able to provide grants to 60 organizations since 2000 due to the generosity of donors. You can continue to champion women in Portage County by joining the over 900 individuals who have made gifts to the fund.

**"OUR FRIEND BEAR, HE'S RIGHT THERE"  
HEARTSTRINGS WHILE RAISING  
MONEY FOR ANIMALS IN NEED**

Dennis and Becca Kaegi's rescue dog Bear is "right there" raising awareness about the needs of rescue dogs, local shelters and the Langlade County Humane Society is among the beneficiaries.

The Kaegis are authors of *Our Friend Bear, He's Right There*, a true story designed to raise awareness of the journey some dogs go through to find their forever homes. Designed for young readers but able to be enjoyed by all ages, the book, available through Amazon, is a story of struggle and resilience with a "Happy" ending.

**About the Book**

In *Our Friend Bear, He's Right There*, Bear, the dog, struggles to find his forever home. In his journey, he starts his life with not-so-nice people and realizes finding a forever home is not as easy as one dog imagines. In time, Bear finds his people, but even then, he is reminded of how hard it used to be. He sometimes acts out and doesn't trust people, but in the end finds his "Happy" (Happy is his real sister and housemate) & forever home. "We want to build awareness about the trials and tribulation a dog goes through to find their people," said Becca Kaegi.

**Release Details**

*Our Friend Bear* is available in paperback on Amazon. The book is priced at \$13.95 with all proceeds to be donated to local shelters around central and northcentral

Hello, Oratorical Judges

We have seven students who will be competing this year. Here are the details:

**Saturday, April 26**

**Holiday Inn Complex [1001 Amber Ave Stevens Point, WI 54482 USA](#)**

We are currently scheduled to be in the "**Wisconsin Room**" of the hotel. This may change in the next few days (I will email you again if it does).

**Judges will arrive by 10 a.m.**

**Contestants/Students will arrive at 10:30 a.m.**

Once everyone has arrived, we will select the contestant order, and I will answer any questions about the rules. Parents and guests are allowed to be in the competition room, but they must remain seated, stay absolutely quiet, and not interfere with the competition in any way. FYI: The room is a bit on the smaller side. The competition should conclude by Noon, just in time for lunch! I am excited to hear that everyone will stay for lunch this year.

If you have any questions or need to get a hold of me faster, please call/text me: 920-585-4300

See you on Saturday!

# VOLUNTEER

~~Update June 2023~~ - Our volunteer program is slowly re-starting. Our experiences over the ~~past~~ <sup>last</sup> years have ~~changed~~ <sup>PAVED</sup> the way the shelter operates. As a result, volunteer needs have changed. We are

starting with a smaller group of volunteers and ~~testing our scheduling system~~ <sup>revisiting the scheduling system</sup>. It may take some time for us to determine our next steps. We are accepting volunteer applications and ~~keeping the applications on file~~ <sup>changing them where we need the most help and participation</sup>.

Volunteers at the Humane Society of Portage County provide

immeasurable affection, devotion, and time to our animals. In return, they receive the unconditional love of animals who need the touch of a gentle hand, or the satisfaction of knowing that their volunteer work assisted us in providing food, comfort and veterinary care to animals in need.

*WE RECENTLY ADJUSTED OUR NEEDS TO INCLUDE EXPERIENCED DOG WALKERS, AND ASSISTANCE, AND EVENT HELPERS.*

## BECOME A VOLUNTEER

We welcome anyone 18 years or older who would like to volunteer their time and is interested in making a difference.

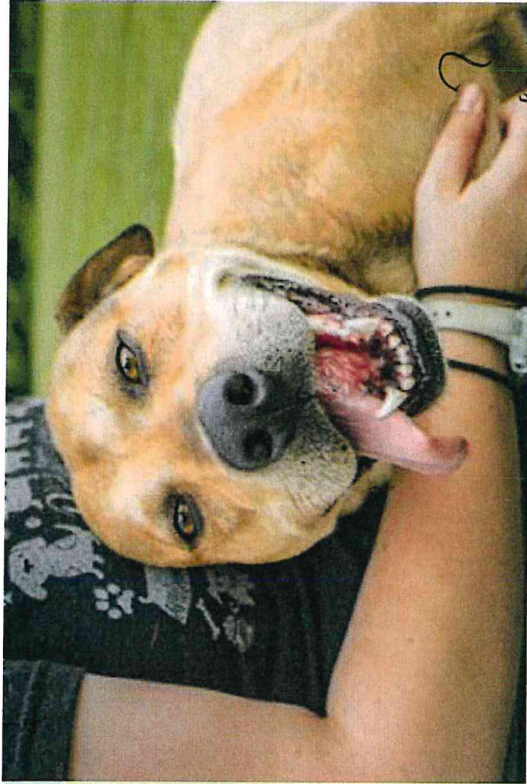

Because of the time involved in training and the fast-paced environment the shelter is, we ask that volunteers be able to commit to 6 hours of service per month for a 6 month commitment to the shelter. A 6 month commitment can take on many forms and we will work with interested individuals to develop a schedule that works for both parties. Daily starting at 8:00 AM for dog walking and 11:00 AM for cat socialization.

Volunteers are scheduled for specific duties and shifts, and all dog walkers must be pre-trained before walking dogs solo.

We look forward to welcoming you to our volunteer team. If you have any further questions about the volunteer program, please feel free to contact the Volunteer Coordinator at

### **Euthanasia numbers:** 1 cat (medical) 2 dogs (both medical)

- We had one confirmed case of Parvovirus that was treated with the new drug canine parvovirus monoclonal antibody. She was treated for 2 weeks and tested negative on 4/29. No other dogs in the shelter have tested positive.
- A 6 month old kitten came in with a degloved and broken tail with her spine exposed. Dr. Emily Nelson did a tail amputation and the kitten is doing well in foster.

- We currently have 4 moms and litters of kittens and 1 pregnant mom that is due in the next week- all out in foster.
- Dr. Mel Beyer, a relief, traveling, and high volume spay/neuter vet will be filling in for Dr. Brook in the month of May. We are very grateful to have her!

**Adoption** – Deb Klein Coordinator for dogs & Tammy Mathewson - Adoption Volunteer Assistant

During the month of April nine dogs/puppies were adopted. All were small dogs. The Mini Pincher Angel was the mother to five of the puppies. She was also the mother of two of the puppies we adopted out in March and three puppies that are being surrendered in May. Thankfully our Humane Officers were able to bring Angel into the shelter and Jim & Shelley J. were able to care for her five puppies until they were ready to be adopted. Our Medical Department was able to spay Angel and give medical care to her and her puppies. The puppies were posted on Facebook and the adoption team was able to find them all safe and loving homes. Truly a team effort by everyone for this sweet little dog and her pups! (See photos below)

The Adoption Office received 41 requests for animal surrenders during the month of April. 15 requests were for cat/kitten surrenders and 26 requests were for dog/puppy surrenders. Many of these requests were from people who live outside of Portage County. April requests for surrendering an animal that was adopted from HSPC were accepted.

## **Adoption – Ashley Weigand - Coordinator for cats**

During the month of April, 54 cats were adopted. During April, working cats were highlighted. Out of the 54 adopted, 15 were working cats. We also got two sets of bonded pairs out which is very exciting. I have been working with the adoption team to stay organized and posting all of the cats in our population so that they get seen as soon as they are ready to be adoptable and moved to the front for viewing. I will continue working with the shy cats to socialize, and highlighting working cats as we still have a lot in our care. We have a few kittens that are in foster that should be available soon, so kitten season is starting!! I look forward to continuing helping the cats find their forever homes!

Nina was showcased recently for her special needs. Nina is deaf. She is about 4 years old. She does not like other cats and will need to be the only pet in the household. She was surrendered because her family was moving and could not take this girl along. Nina is a sweet baby girl. She is deaf and it doesn't seem to slow her down at all. She loves to get as much attention as possible. For being deaf, she is surprisingly vocal. She is a strong independent kitty as she will tell you what she wants and when she wants it.

## **Animal Control – Victoria Nellessen – Animal Control Manager**

HO Bosworth and HO Nellessen responded to a potentially abandoned property with 4 animals present, 3 cats and 1 puppy. All animals were seized. The property was unfit for life with excess feces and garbage present making the conditions dangerous. After reviewing the situation it was agreed that the cats would be surrendered to us and the puppy would be returned to the owner with an abatement order stipulating bi-weekly check-ins, and no additional animals for the next year.

HO Brown received a dog that was “found stray” but on further inspection of the situation it was determined that the new owner (the dog had been recently rehomed) was the one who claimed it was stray (this means the new owner abandoned the dog). She was cited for abandonment. The dog was extremely ill when it came to HSPC and required euthanasia.

HO Brown responded to a call to a drug raid where the owner had committed suicide and a dog was present. HO Brown collected the dog and she was reclaimed by surviving family 2 days later.

HO Nellesen witnessed dogs on the side of the road that had recently been hit by a car. The dogs were known escape artists. The owner was contacted and the dogs were returned. The owner was given a citation for Running at Large and was spoken to in depth regarding the condition of the dog that was hit.

A young puppy was surrendered due to the elderly couple being unable to appropriately care for it. Three young cats were surrendered due to the owner no longer in his mental faculties to care for them.

There were a large number of bite reports and dogs running at large in the month of April.

Now let's welcome MAY, the official start of KITTEN SEASON.

## Thank You for sending me to “Dopamine Class”

by Sammy Williams (HSPC ShelterCare/Enrichment Specialist) for the May Board meeting

On Sunday May 18, I had the pleasure of attending this class regarding dog enrichment taught by Renae Dahms/Pawsitively Unleashed in Stevens Point.

I learned how to better understand aggressive dogs. I learned how to help them in learning and memory, and how to cope with their stress and dog anxiety. Dopamine is a form of a reward system (similar to a humans connection with chocolate or coffee—a comfort feeling).

The dopamine box contains treats and it switches aggressive focus to food. I learned how to make the treat box out of cardboard and its dimensions for each size of dog.

# April 2025

## Humane Society of Portage County IT Status Report – April 2025

Many of the things I do and help with are like the movie Groundhog Day, we do them every month. Some we do every week and other are daily activities.

### Board Support

- Created the board package. (see May 2021 report for details).

### Updated animal counts at the “Shelter Animal Count” web site

- Physical inventory of animals in the shelter. This process guarantees our computer systems match real life. It increases trust in the system
- Prepared the foster report.

### IT Support

- Updated email accounts and mastered new employees that require computer access. Each employee that gets computer access receives a 90 minute session to describe differences between systems they have used and HSPC. If they are going to use Shelterboss they get an additional couple of hours of training.
- Blocked access and turned off employees whose employment at HSPC has ended.

### Staff Support

- Transported food and supplies from our offsite storage.

### Fundraising Support

- Donation letters - Folded letters and helped a volunteer stuff and apply postage to envelopes
- Technical and logistical support for the vaccination clinics – including establishing the signup framework, sending emails inviting participation, extracting details of folks that have signed up, mastering new people and animals into the system, and printing the paperwork required to execute the vaccination clinic.
- Updated posters and raffle tickets for the Sarasota ATV/UTV event.

### Humane Officer duties

- I had a couple of on-call nights early in April. Humane officer Eric Bosworth completed his initial training and has been on the nightly rotation dramatically reducing my nights on call.

### Administrative support

- Research, development, document and execute book keeping activities.
- Perform onboarding of new employees

**Note Adopted** The count of adoptions is from the animal inventory report. The adoption process takes time. After applications are approved it takes time for applicant to schedule a meet and pickup date. Sometimes an adoption is delayed until an animal is spayed or neutered or a medical problem is resolved. Adoption counts may be higher than application counts because some adoptions are for a pair of animals.

### Nadia: A Story of Strength, Sweetness, and Hope

For weeks, a little calico cat wandered alone through the countryside, making her way across fields to visit a kind family. She wasn't their cat, but they had befriended her—offering food, gentle pets, and kindness whenever she came near. Shy but steady, she kept returning. Until one day, she didn't. The kind family kept looking out their windows to see her in the yard, but to no avail.

When she finally came back, something was terribly wrong. She wasn't walking—she was dragging herself through the field, her back legs limp behind her. And yet, even in such a heartbreaking state, she made her way to the people who had once shown her love.

The kind souls who found her wasted no time. They brought her to the Humane Society of Portage County, where Victoria Nellessen, Animal Control Manager and Humane Officer, welcomed her in. She discovered this is no ordinary feral cat. Despite her injuries, the little cat—just shy of 12 months old—was incredibly sweet. She purred constantly, rubbing her face into the hands that reached out to comfort her. Even though she couldn't walk, she insisted on being close, dragging herself forward just to be petted.

Our skilled veterinarian and medical team immediately performed an exam using our own in-house X-ray machine. What they found was devastating: Nadia had been shot - the bullet is in her abdomen that did damage to her T13 vertebrae.

"She's been shot," our veterinarian confirmed. "Little Nadia has been shot."

And yet, through all the pain and confusion, she never stopped purring.

We believe she "feels" her legs, but she's unable to use them to walk. She also cannot urinate on her own, and our dedicated medical staff is helping her urinate several times a day. Nadia's care requires time, skill, and compassion—and we are committed to giving her every chance at healing. HSPC ShelterCare has set up a special kennel for her with adaptable access to food, water, litter box and enrichment toys. She also has her favorite "tent bed" to feel safe and secure in and receives chin scratches every day from staff. According to Ashley Weigand our Feline Adoption Mgr., Nadia will be up for adoption upon the approval of our medical team.

Victoria named her Nadia. Nadia or Nadya (Надя, accent on first syllable) is the diminutive form of the full name Nadezhda (Надежда), meaning "hope" in Russian.)

Because that's exactly what she is—a small, soft reminder that hope doesn't give up, even when the world is unkind.

Nadia has a long road ahead. With your help, we hope to secure a special animal wheelchair-cart to help her move more freely and safely. Donations will also help cover her continued medical treatment, physical therapy, and daily care.

Please consider donating to support Nadia's recovery. Help us help her.

## Volunteer Statistics

On May 6, 2023 a purge of inactive volunteers was performed. This is the first volunteer purge since 2019. During the pandemic years we were unsure what impact would be on the volunteers. Many of our volunteers are students. Most students graduate in four years so this purge had a significant impact. A reconciliation of active fosters will be done at a later date.

Over the past few months we have stopped using Volgistics to schedule staff. There were several volunteer entries we established to support scheduling. WE also had broken many of the jobs down into smaller pieces to support scheduling. All of these items have been marked as inactive. The result of these changes provides the ability to report staff hours along with volunteer hours. This new report started in May 2023 and replaces the previous report which only covered volunteers.

There are many volunteers that help us with events and several board members helping with community activities and veterinary services that are not counted in these reports.

A purge of inactive staff occurred on January 2<sup>nd</sup>, 2023

A purge of inactive volunteers was performed on May 6, 2023. This purge was volunteers with zero hours of service, volunteer applicants, and staff that have left our employment. The normal criteria for purging is no recent service in past 100 days or applicant for more than 100 days is the criteria for purging.

The pandemic has dramatically reduced our use of volunteers. We expect a different more structured volunteer program to be implemented in the last quarter of 2021.

Fosters were reconciled in December 2020 which reduced the number of active fosters.

In August 2024 several purges from Volgistics were performed.

Foster counts will resume in the October board package.

A purge of prospective employment applications was done on November 15, 2024

On November 15 there were 205 volunteer and 55 job applicants in the system. There were 144 volunteers (76 have never had any activity, 29 had no activity in Octobers and 39 performed volunteer service or fostered animals)

On April 12, 2025 two purges were performed, 179 applicants and 6 control names were archived. The 179 applicants had been applicants for more than six months.

Currently there are 88 applicants. 27 job prospects, 38 staff, 11 inactive staff, and 115 fosters / volunteers.

## DonorPerfect Statistics

DonorPerfect is software that helps HSPC record information about our donors and patrons. It has been active since the end of August 2013

- All Individual monetary donations has been extracted from our old system and loaded.
- All Business and organization monetary donations has been extracted from our old system and loaded.
- All contributions are put into DonorPerfect (cash and non-cash gifts)
- All Volunteers are added to DonorPerfect – (updated every 4 months)
- Any person that attends one of our major events and purchases an item (registration , auction) are added to Donor Perfect
- All people who make in-kind donations and sign our gift registry have been loaded into Donor Perfect.
- All mailing lists have been consolidated into Donor Perfect
- All people who have adopted a pet from HSPC in the past 5 years have been loaded into Donor Perfect. New adopters are added each week.
- Donor Perfect has been the system of record for all donations since August 2013.

Our donor base continues to grow. In January 2014 we had 6,289 donors and in January 2015 we had 7,655. On January 1, 2025 we have 12,051 constituent records in our Donor Perfect database. Note: 4,846 are do not mail records. In December 2024 we removed 5,686 donor records that were marked as no-mail and had never given a gift. Also removed 609 donor records that were marked as no mail and the value of all of their gifts = zero dollars. Also removed 2,996 no mail donors with last gift 2017 or earlier On May 14, 2025 we had 8.610 donors.

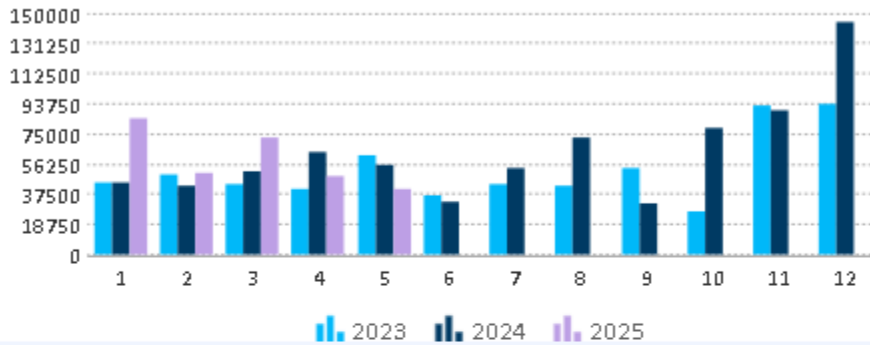

**Note:** Large estate gifts received in February 2021, April 2021 & December 2022 will skew these graphs.

### GENERAL LEDGER ANALYSIS

11:06 AM

Fiscal YTD (01/01/2025)

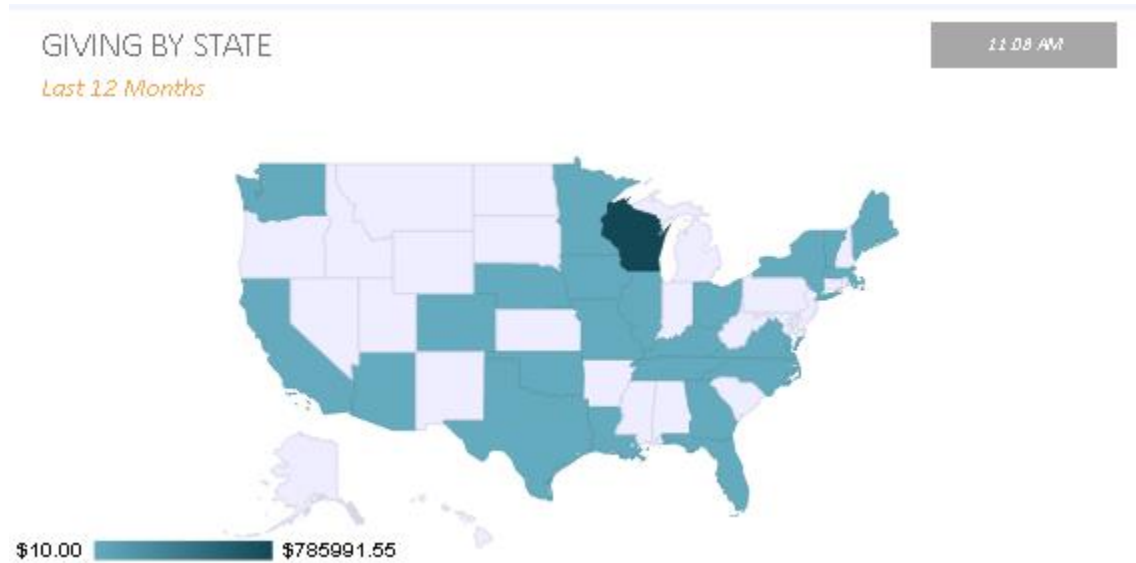

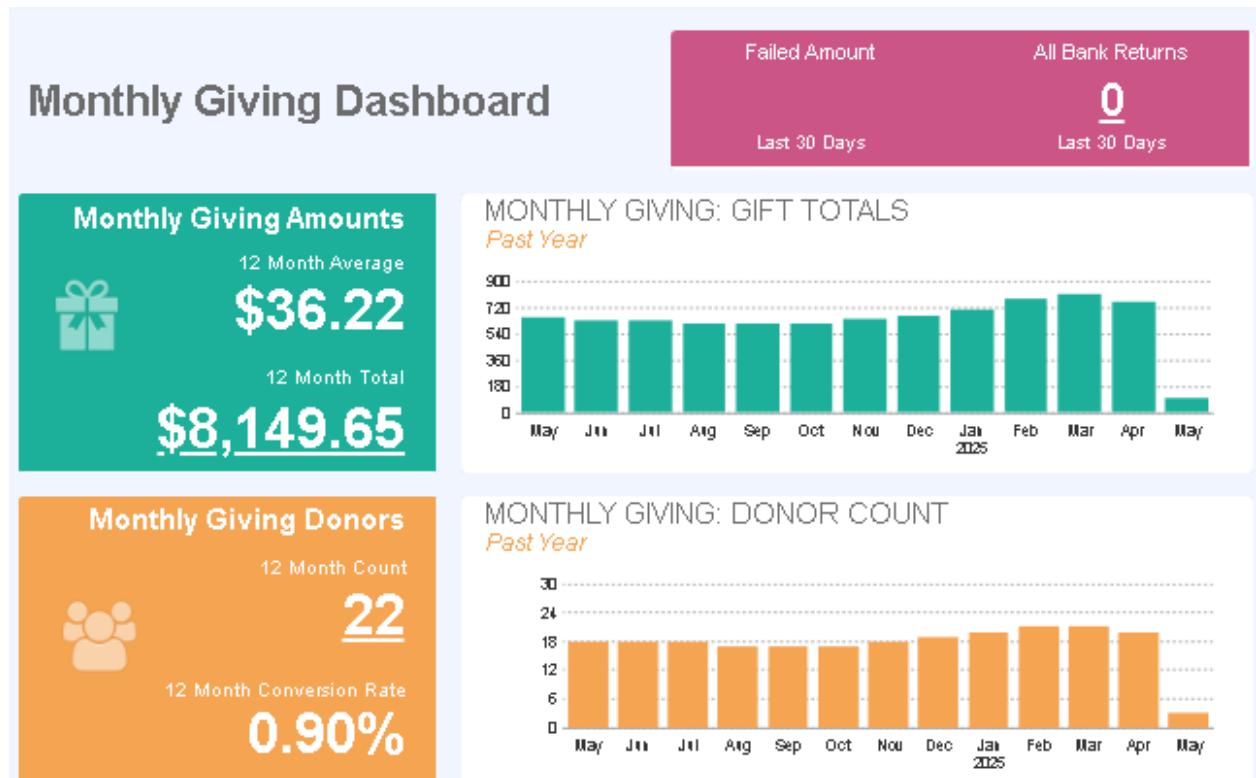

**NOTE:** In January 2023 we discovered that items that contained a memorial or honorarium message had been coded as memorial or honorarium income. This would cause some of the solicitation reports to have shown lower results than actual. All the gifts were counted it was only the coding of general ledger codes that was incorrect. Our goal is to use the general ledger code for the source of the gift.

**NOTE:** In May 2023 we analyzed the names in our donor database. As part of the analysis we performed a calculated process to remove people from our active mailing database. Examples of our criteria include:

- Names with incomplete addresses
- Potential donors that have been receiving mail from us for 3 or more years and never made a gift
- Donors that have made a gift in the past but have not made any gifts for the past 4 years
- Donors that live outside of our service area (Portage County) and have not made any gifts in the past 2 years.
- Donors that have made only one gift and the gift was made in memory or in honor of a person or animal and this single gift was made more than a year ago.

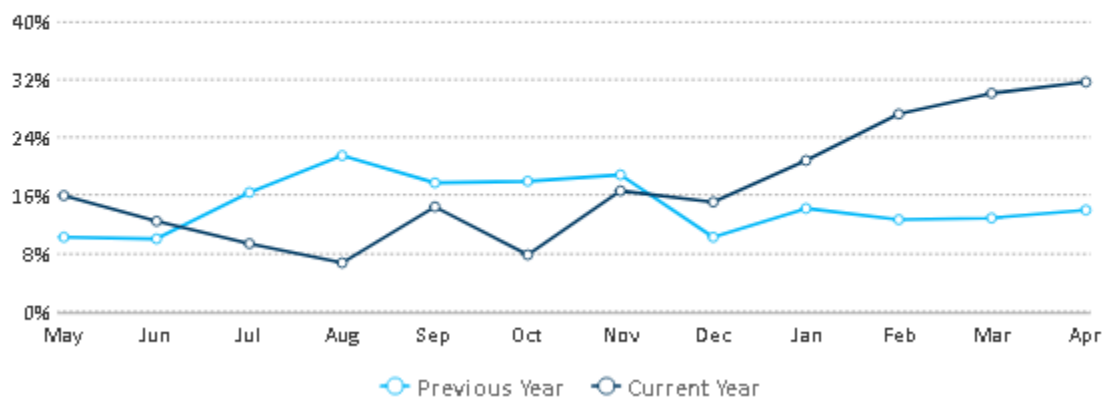

In October 2020 Donor Perfect added an additional dashboard item that shows monthly donors.

In September 2021 the Humane Officer team was restructured. A new interim manger was appointed and the interim manager attended the Humane Officer training program conducted by the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP) in Madison. This week long course is required training for all Humane Officers.

Based on the training in the class many of the ways the HSPC Humane Officers were using our computer system were reviewed and analyzed for efficiency and accuracy. Several changes were implemented that will cause the following report to look different in 2022. One of these changes is the way we track animals that are received as stray or surrendered animals.

HSPC receives nearly 1,000 stray or surrendered animals each year. The majority of the animals are brought to the shelter. In 2021 the animals was entered into the computer system and an additional / duplicate entry was made as a dispatch. The dispatch entries would show up on the report shown below. In late 2021 we stopped creating dispatches for stray and surrendered animals that were not part of an investigation.

It is our hope that we can change the way the report is produced to reflect both the dispatch counts and the animal intake counts.

In January 2023 the format of the Humane Officer report was changed so it was easier to read. This new version does not include the animal intake counts.

## 2025 Dog & Cat Report

HSPC is an Adoption Guarantee facility. This means that all healthy animals are kept for adoption until a home is found or until circumstances would change. Some animals adopt quickly while others are with us for many months but we keep looking for a great home for each and every one of our "adoptables."

We take our commitment to our animals and community very seriously and try to do the best for the animals first while considering what is also best for the community. It happens periodically that an animal is no longer adoptable if there are serious health or behavioral concerns. In these situations euthanasia may be our only recourse if an animal has dangerous behavior or temperament that can't be corrected, a fatal or chronic disease, or is seriously injured.
