Sparkler's Story - How a blanket's journey brought comfort.
By Sherri Galle-Teske

Little nine-year-old Madelyn Whipple from Plover underwent a series of operations when she was very young and spent much time in the hospital. By her bedside was her favorite blanket that helped her get through medical treatments. This is a colorful tie blanket called "Doc McStuffins", a blanket with pictures of a nurturing little girl who cares for stuffed animals.

This special blanket kept Madelyn warm and saw her through eight surgeries before she was nine years old. Despite her parents encouraging her to keep Doc McStuffins, she wanted this blanket to go to the HSPC shelter animal who "needs love the most". When asked about it, she said since she doesn't need any more surgeries, she doesn't need the blanket. She said a scared animal who requires medical help will need the extra comfort, and this blanket helped her. This little girl is one very brave individual.

Sparkler, the blanket, Sherri & Madelyn

We knew exactly what animal should have the blanket! That animal was "Sparkler". Everyone at the shelter knows this cat and has spent some time either petting her, feeding her, giving her medicine, or cleaning her room. We watched her grow up from a kitten. Sparkler the kitty has something in common with Madelyn having undergone three major surgeries before she was 10 weeks old. She is one very brave girl too.

Sparkler and two littermates were born in a garage. When only two weeks old

Sparkler came to the HSPC shelter. Sparkler was found to have urination problems. A wonderful veterinarian, "Dr. Tom", saved Sparkler's life. Dr. Tom came up with a unique resolution to help Sparkler's bladder eliminate urine from her body. Her first operation was ineffective. Her second operation was more involved, and the results were also not satisfactory. The third operation saved her life!

Sparkler as a kitten

Madelyn gave Sparkler her special "Doc McStuffins" blanket. These two resilient girls spent some time together and played. Sparkler showed her appreciation by purring and laying in the blanket immediately. She played with the toys Madelyn made for her and fell asleep in the blanket when the visit ended. The "girls" hold a special bond. This blanket will remain with only Sparkler.

Sparkler remains alive, in good spirits, and is currently up for adoption. She is considered "special needs" because of the special food she eats, special kitty litter and her current medical condition. We hope someone will find Sparkler as charming as shelter staff does and adopt her. She has been with us for over 500 days.

Madelyn loves animals and the photo below shows how she demonstrated her support to her neighborhood – using her family's driveway.

We would like to thank the Whipple family for informing us about Madelyn's courage and her blanket's journey. We want to thank Madelyn for her caring and willingness to share her blanket with a special needs kitty.

UPDATE: This April Sparkler met someone very special, Humane Officer Serena Goelitz. Serena works in our Animal Control Department and Sparkler's room is directly across from where Serena works. Serena made many visits to entertain and pet Sparkler, and a wonderful bond between the two emerged. Serena is now fostering Sparkler at her home. "Sparky" has her special blanket (as promised), special litter, food and medicine with her. But now she also has one more important item - a human who loves her. It took a while, but the wait was worth it.

Mission Statement

Our mission is to prevent cruelty, abuse, neglect and overpopulation of companion animals while seeking adoption of these animals into compatible homes, and teaching humane awareness and respect for all life thus helping to build a better community.

Kitten Fosters needed

We receive many kittens (two months of age or younger) who need urgent rescue and care. We are looking for Kitten Fosters who can bottle feed kittens overnight while we secure a long-term foster home! We are also in need of foster homes for adult cats who have special requirements or just need a break from the stressful shelter setting. As an adult cat foster, you'll provide us with valuable information about your foster cat's personality that will help us find the perfect adopter! We are looking for those extra special people with a little extra love and room to spare who are willing to offer special needs foster care for these animals. HSPC will provide everything you need to care for your new foster and work with you to provide the best care. If you are interested in becoming a foster, please complete an application or call the adoption coordinator at 715-344-6012 ext 308.

Online Adoption & Foster Applications Available at www.HSPCWI.org

A Frequently asked Question - Why is HSPC Open by Appointment Only?

Until February 2020 the Humane Society operated as a retail store. We had set hours where the public was invited to visit us without having an appointment. We never knew if we would have many visitors or no visitors. Many things outside of our control changed visit patterns. With scheduled open hours we always had to have complete set of staff ready to help our visitors.

In 2020 everyone learned new ways of operating. Work from home, remote education and visits by appointment only were practiced. At HSPC we learned there were many benefits to this new model. The animals at the shelter were healthier and less stressed by interruptions. HSPC staff became more efficient because they could concentrate on the animals well being and health. Staff expenses for adoption and front desk went down. These savings were redirected to increase staff working with animals (cleaning, enrichment and veterinary). Our cat population saw a dramatic drop in upper respiratory infections.

The time to approve adoptions and operational costs like heating and cooling dropped (less doors being opened and closed). Adopters are now pre-approved before coming to the shelter for their appointment. Once at the shelter adopters get the full attention of staff which makes their visit(s) more enjoyable and productive.

All of our adoptable and recently found animals can be viewed on our web site. WWW.HSPCWI.ORG

Hours of operation

The Humane Society of Portage County shelter is open by appointment only. Call 715-344-6012 to make an appointment.

Our Everyday Wish List

Canned cat food (Hill's Science Diet, Friskies & Iam's PATÉ ONLY)
 Canned dog food (Hill's Science Diet, Pedigree, Purina ONLY)
 Adult cat and kitten dry food (Iams, Royal Canin, Purina Pro)
 Cat & Dog toys
 Liquid Laundry Soap
 Frontline Plus for Dogs (45-88 lbs)
 Revolution for Dogs (85-130 lbs)

From The Heart

Sherri Galle-Teske Executive Director

Starting on a serious note— many of you have read about the influx of animals we have received this spring, It's a serious matter. Our resources are stretched to the maximum and we are asking for community support.

For those who have read the articles and responded--a big thank you. We can't begin to tell you how much this helps the animals and the organization.

Some people aren't familiar with how we operate the shelter and how we take care of the animals here. We

have an onsite medical facility, animal control department, shelter care, and adoption. It is a big team effort that includes staff and volunteers. But we can't forget about the major role our community members play and all you do for abandoned, neglected and abused animals in our area. Your participation in giving counts—every dollar.

If you have any questions as to how we use funds, please touch base with me. I'll offer you a tour to see what we do --and why we do it.

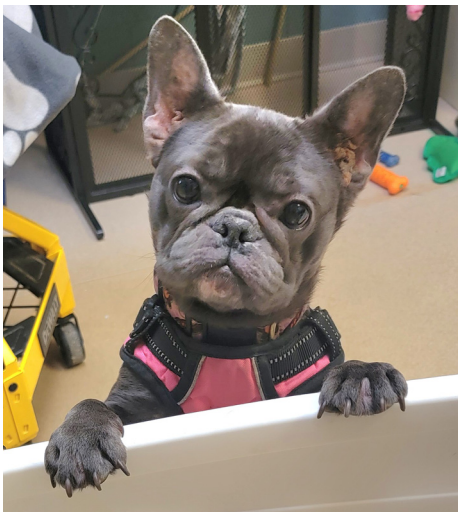

Thank you for believing in our mission.

With all sincerity,

Sherri Galle-Teske

Evita is "Ear Marked" for surgery

This little girl has been through a lot in her first year of life. We have no idea where she originally came from only that she was found hiding under parked cars in a retail store parking lot.

When Evita arrived at HSPC she was sick and stinky - covered in a bloody mix of urine and pus. Her coat had patches of bare skin and inside her ears were large infected growths. The growths could be a result of ear infections that were never treated.

This pup needed immediate medical help. The HSPC Medical Team went into action. Evita went through a series

of tests, immunizations and antibiotics, and spayed. The diagnosis is Evita needs ear surgery on both of her ears. We contacted multiple surgeons and received bids ranging from \$10,000 to \$5,000. She will undergo the first surgery soon and possibly a second surgery depending on the severity of her condition.

We know this is an unusual newsletter request – but we need your help with the \$5,000 cost. Any amount will be greatly appreciated for her. Thank you in advance from HSPC and Evita.

(Due to Evita's current condition she is "not adoptable". She has many healing adjustments ahead of her. Please do not call as updates will be made on FaceBook and in the newsletter. Any applications for her at this time will not be processed. Thank you for your understanding!)

Here are five of our residents that have been waiting very patiently for a loving home. They all desperately want a forever home! Might you be the answer to their wish?

Happy Tails - stories about adopted animals & shelter visitors

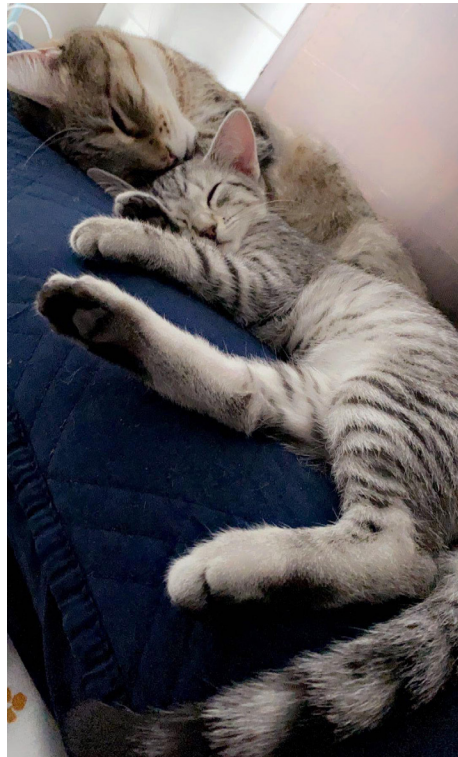

Hi Miltonia here, Just wanted to give you an update. I waited 266 days at the shelter before I found my forever home. A lot has changed since I was adopted on 4/15/2016. I'm no longer a shy kitty, afraid to purr & scared to be touched. I love to cuddle in a warm spot and be petted. I even come when called by my name. And oh my do I purr! My mom looks at me and I start purring. She tells me my motor is loud. Did I mention I have a new name? Bella is my name and did you know it means beautiful in 5 languages? Speaking of beautiful, did you notice my eyes? It took 5 months to see my green eyes with gold flecks. I spend my days playing with toys, relaxing in a warm cozy spot & being petted. Thank you HSPC and the adoption team for giving me a life I could only dream of. --Bella

Josie's family says "Rumor, renamed Josie, is doing great. She is such a cuddler and is next to or on me all the time. She LOVES walks in the park and treats. She quickly told Miley who was in charge - it took 6 weeks for Miley to look her in the eye! Josie is adapting to her new environment and routine very well. We love having her in our family. Thank you so much for letting Josie join our family!"

Bronson's family says "Bronson was a perfect match for me and has been the best pup!"

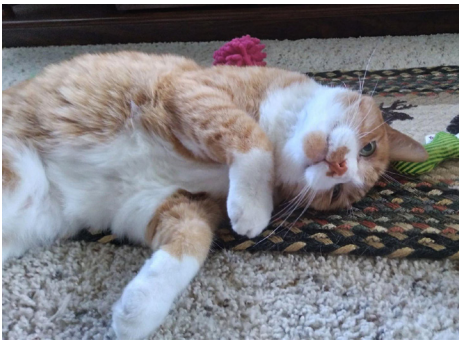

Leo's family says "I just wanted to provide a quick update on an adorable kitten I adopted last week. I took Nicky (now Leo) home and he settled RIGHT in. He was curious and wanted to explore, play, and snuggle right away. Over the past week him and my 14 year old cat Bill have become quite close playing and snuggling. I think Bill is happy to have a friend and I know Leo is so happy to have a home."

Boo's family says "Update on KOA (now named Boo). We wanted to share a first week update on this beautiful girl. She is amazing! She is fitting perfectly with the family. She loves to cuddle and have belly rubs, and the purring never stops! She is an absolute love bug! She loves her tower to slumber and watch the birds and tease her new big brother Sully. They are able to lay next to each other now, which is great, and share toys from a distance, but actual play time will take a bit more time. We absolutely adore her and couldn't be happier having her be a part of our family. Thank you HSPC!!"

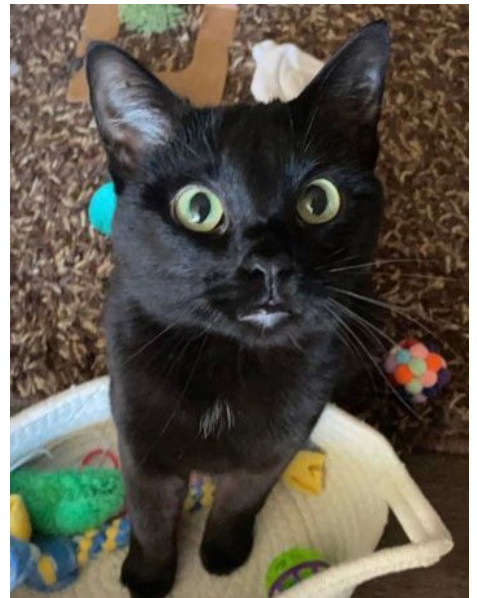

Jacalyn Keller says "Hi guys! Me and my partner adopted Grady from you guys a few months ago. I wanted to send you updated pictures and let you know he is the happiest boy there ever was. We have lovingly renamed him Gravy and he is such a loverboy and couldn't be happier"

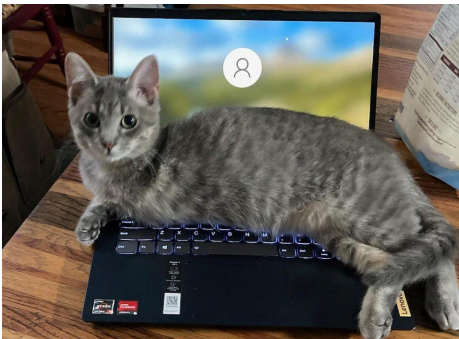

Chris Yrios' says "It is Nacho's 17th birthday today! He adopted me from the Humane Society of Portage County in 2008. He was known as Sesame then."

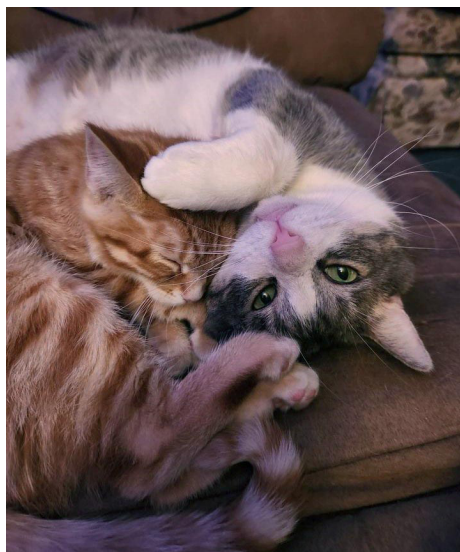

AnnaLee Domaszek says "Here is Bally (fka Taffy) today! She's a rambunctious little girl who loves her toys and snuggles! We love her so much!"

Sabryn Steines says "Hi! I adopted a cat from you guys back in May and figured I would give you an update! I adopted Connie who had unfortunately lost her tail and her back feet. The toy that she had to go home with was a little toy pickle and because of that her name is now Pickles, P for short or Princess P. She is currently in rehab for prosthetics and although she is stubborn she is such a strong little fighter! Her absolute favorite things to do are cuddle with mom as much as possible as well as follow mom around wherever she goes, telling lots of stories by meowing and trilling all day long, playing with toys, using her scratchboard, and watching the birds outside. She is very expressive in so many ways whether it be vocal or with her eyes. She's very big on attention and pets! She is a very happy little girl and extremely spoiled and loved."

Trooper's family says "Trooper - Hard At Work"

Allison Burr says "Howdy! Wanted to give a little update on Freddie (previously Ron). He's now the third cat we've adopted from y'all (Cosmo 2017, Ramsay 2021) and he's all settled in with his new friends. He loves cuddles, wrestling with Rams, and playing fetch. He's a loud little rascal but makes a great addition to our family."

Kane & Simba sent us this photo of their "Lazy Saturday afternoon."

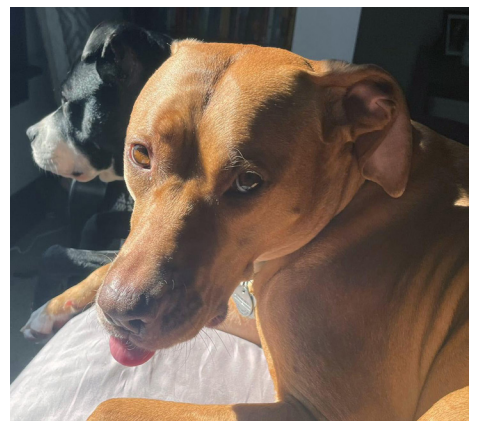

Photo: Ron (orange kitty on left) & Ramsay (right)

Margaret Witt says "We adopted Luckster 'Lucky' and just love him!!!!"

Frankie's family says "Here's an update on my VERY cuddly baby I got in October! Ordered a DNA test on him and turns out he's got a lot of Maine coon in him! He's a big boy, so I had to find out."

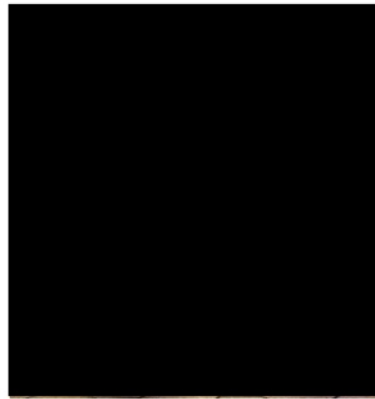

Katrina Shankland says "Both Stitch and Lyra came from a humane society — Stitch from South Wood County and Lyra from Humane Society of Portage County." Photo: Lyra is dog in front

WALK FOR WAGS

Building Tomorrow Together

Honoring Portage County Firefighters who saved animals in 2023

Sponsored by:

Sunday, June 23rd 2024 at Piffner Pioneer Park 11AM - 2PM

1.5 mile walk for dogs and their humans, fun activities for animal lovers, music, demonstrations, vendors, and a basket raffle. 300 participants expected. Some of the highlights will be a Portage County Humane Officer table, Cycling Without Age, free children's events, food, ice cream, a multitude of vendors, and a Pet Fashion Show. All hosted by guest emcee WSAW Channel 7's Jeff Thelen.

Schedule of Events

Dogs and their owners are invited to participate in Walk for Wags.

- 10:30 am — Registration
- 11:00 am — 1.5-mile walk begins
- 12:30 pm — Pet fashion & costume contest
- Kids games, Face painting & Music
- Win prizes and baskets with raffle tickets
- Vendors will display pet products and services
- Walk held rain or shine
- Walk with or without a pet!
- Dogs must be on a leash and be current on vaccinations. Please use a muzzle if your dog needs one.
- Food and beverages available for purchase or included if registered for the walk

Join us for a fun day of activities at Walk For Wags at Piffner Pioneer Park from 11AM - 2PM.

Register Online at HSPCWI.ORG/W4W

OPTION 1: Register online at HSPCWI.ORG/W4W \$45 until June 19th. \$55 after June 19th.

OPTION 2: Show up on the day of WALK FOR WAGS, Sunday, June 23 at Piffner Pioneer Park. \$55

Please register in advance for \$45 and Save \$10! Questions? Call 715-344-6012.
THE LAST DAY FOR EARLY REGISTRATION IS June 19, 2024

ALL PROCEEDS BENEFIT THE HUMANE SOCIETY OF PORTAGE COUNTY

Business Spotlight: Muckamoor Kennels

By Heidi Laszewski

Pets are a cherished part of the family. Their amusing and foolish behaviors have filled our homes with laughter, helped us be more active, taught our children empathy, and have provided us all with comfort when needed. We love having our pets with us! What about when we can't? It is the long needed and anticipated family vacation, the business trip you are excited for or maybe not so excited about, the wedding, the graduation, the unexpected events, basically the happiest and saddest moments of our lives. You need someone you can trust to keep your pet safe.

The Laszewski family - Troy, Laszewski children, Heidi and pets

Muckamoor boarding kennels of Plover has filled this role since 1952. In 1999 while our dog was happily dragging us up the walk my husband and I decided Muckamoor would be a great place for us to work together and raise a family, but it wasn't for sale. Thankfully the idea of us working together while taking care of our neighbor's fur babies was not just a fleeting thought. We made it a reality in 2011. It truly has benefited our family and drawn us closer together. Owning the business has made it

possible to adjust our schedules to volunteer more in community outreach. Something our children have grown up to enjoy with Troy and me.

The first question I asked was why is it called Muckamoor? I know you are thinking it too! We were made aware that the original owner, Ann Buck didn't have plans of it being a kennel for the public. She bred Irish Setters and that was the name of the blood line they created. There is still a picture in the office of five generations of her Champion Irish setters! She let friends bring their pets by while on vacation when she had space. Over time it became a boarding facility. We kept the name Muckamoor because of the history and reputation it had in the community.

Because we are a family of animal lovers we understand the unending amount of love a person can have for their pet. We know how hard it can be to leave them! They are an integral piece of our family. The picture of us together with our pets is incomplete. Recently we lost our 14 year old Poodle named Turbo. That amount of sadness is something only a person who has loved a pet can comprehend. There most certainly are more ups than downs with having a pet to love. The memories we treasure are priceless, and this is what makes giving an animal a forever home worth it!

The reason we brought our personal pet to Muckamoor was the pets are kept separate from each other. We take great pride in maintaining a peaceful, playful, and loving environment. To minimize interruptions we are not a grooming facility or store. This allows our focus to be on giving your pet the best boarding experience.

Your pet will see other pets when playing outside or while inside, but they will not come into direct physical contact with dogs not from their own household. This helps us get to know each pet personally. Allowing us to better fulfill their individual needs, while guarding their health and safety. We are always prepared for any animal's special needs whether expected or unexpected.

A unique feature at Muckamoor is a separate building for cats. We call it Pur-Z-Moor Condos. Each individual condo has its own window. For entertainment there is easy listening music and a bird feeder outside. Here in this peaceful environment Hamsters, Guinea Pigs, and Rabbits are also kenneled.

There are several more very special "guests" we entertain at Muckamoor with our butterfly gardens. Soon we will also see Milkweed tussock moths (tiger moths) emerge. As their name suggests their larvae like Milkweed too, and are harmless. Milkweed is the only food source for Monarch caterpillars, so please don't pull it, plant it! Let it coexist with your nectar producing flowers which the adult monarch will feed on. There is something about watching a butterfly that can remove us from our concerns making our hearts feel lighter, even for just a moment. Watching your pet just enjoy life is very similar to the feeling you get watching the butterfly.

We love seeing pets that have been adopted arrive with their families who adore them! A potential roadblock to adopting a pet is that people are worried it will hold them back from going places. Having a boarding kennel you can trust alleviates that concern. We are happy to provide this service to our community! Check out muckamoor.com and our new Facebook page.

Adoption Updates! In the "Paws to Read" April 2023 edition, we showcased our longest term residents.
