CeCe's Story

by Sherri Galle-Teske

It's a dark, dangerously cold evening at the beginning of winter 2026. There are a lot of snowbanks along this country road between Plover and Amherst in Portage County. A nice lady driving along this road at night saw something sitting at the edge of a driveway --what was it? She could drive no further; she stopped and backed up. What was this?

There - sitting and shivering; was a little brown and white bulldog--so skinny her ribs were showing. In the dark –alone--abandoned by a countryside driveway --in freezing weather. No blanket, no coat, just shivering with her short fur and pink visible skin. She gently scooped the dog in her car and approached the residence to be told "Nope, not our dog". The lady knew something was wrong and proceeded to travel to each neighbor on the road; and no one knew the dog. Thoughts crossed her mind as to how did this animal get to this road? It was obvious this dog could barely walk.

That's when she called The Humane Society of Portage County and met the Animal Control Humane Officer who recognized the dog was in a medical crisis. In an instant, the HSPC Humane Officer sprang into action.

Calls were made to numerous HSPC department heads - action must be taken now.

The dog was rushed into our HSPC medical department. It was discovered she was pregnant and in labor for some time. After an examination by the HSPC Medical team and our Veterinarian it appeared she had been in labor for so long that a life threatening condition called sepsis was settling in her body.

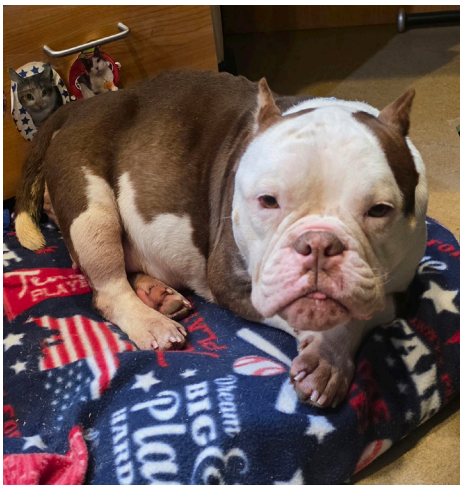

The Medical staff assisting our Veterinarian performed an emergency c-section on the dog they named "Cece". Sadly, the puppies were already deceased. CeCe continued to slope into sepsis where she underwent lifesaving treatment from our HSPC Medical staff. The Medical team and Veterinarian worked on the dog for hours trying to make her pain minimal while the sheltercare staff tried to make her comfortable with good food and soft blankets. Minutes turned to hours.

The entire staff held their breath for two days. CeCe began to eat and walk. She even smiled. On the second day the Medical team's sharp eye's noticed something went wrong with CeCe. She was in excruciating pain and in serious trouble. Her surgical incisions dehisced (opened up). Once again, she was rushed into emergency surgery. The entire HSPC staff was on alert to her condition.

I remember thinking—how much more can this little girl take?

She knew we had stood with her side by side; and were there to help her. We were not going to abandon her. "Don't give up CeCe—please don't." Many of us laid down with her on the kennel floor and many of us just prayed she would make it through this. During her health battle this dog never growled and never moved from her blanket. She suffered in silence. Hours turned into days and days to weeks, as CeCe healed. She made it!

This little girl was so grateful to be alive and thanked us all with her smiles and tail wags. She brought such joy to our staff every day.

CeCe has now recovered and is well--so well she has gotten adopted to a wonderful home. We cannot tell you who she is with, but we can tell you she is a "working girl" and accompanies her new Mom to the office.

Continued on page 4

Mission Statement

Our mission is to prevent cruelty, abuse, neglect and over-population of companion animals while seeking adoption of these animals into compatible homes, and teaching humane awareness and respect for all life thus helping to build a better community.

Kitten Fosters needed

We receive many kittens (two months of age or younger) who need urgent rescue and care. We are looking for Kitten Fosters who can bottle feed kittens overnight while we secure a long-term foster home! We are also in need of foster homes for adult cats who have special requirements or just need a break from the stressful shelter setting. As an adult cat foster, you'll provide us with valuable information about your foster cat's personality that will help us find the perfect adopter! We are looking for those extra special people with a little extra love and room to spare who are willing to offer special needs foster care for these animals. HSPC will provide everything you need to care for your new foster and work with you to provide the best care. If you are interested in becoming a foster, please complete an application or call the adoption coordinator at 715-344-6012 ext 311.

The Humane Society of Portage County shelter is also **open by appointment**.
Call 715-344-6012 to make an appointment.

Our Everyday Wish List

Canned cat food (Hill's Science Diet, Friskies & Iam's PATÉ ONLY)
Canned dog food (Hill's Science Diet, Pedigree, Purina ONLY)
Adult cat and kitten dry food (Iams, Royal Canin, Purina Pro)
Cat & Dog toys
Liquid Laundry Soap
Frontline Plus for Dogs (45-88 lbs)
Revolution for Dogs (85-130 lbs)

From The Heart

Sherri Galle-Teske Executive Director

My last newsletter editorial "We SAVE Lives" explained the why and how's—of HSPC. To reiterate my last message, "I could not be prouder of the work we do; how we do it, and who we do it with. Our HSPC staff is amazing-- the Medical Team and Doctors, the Management team, Shelter Care, Animal Control, Adoption, our caring Volunteers, our Administration team and the Board of Directors are phenomenal."

In the last twelve months we have made more changes to our organization. I will discuss two of those changes now and other changes in future editorials.

Let's start with the Humane Society of Portage County Board of Directors. I have enough room in this column to mention three members out of the six Board of Directors serving the shelter. Sue Wilcox is our current Vice President of the HSPC Board. She has had a multitude of experience as an Executive Director. Sue understands management of an organization, donor impact and customer relationships to name a few. She is retired as the Executive Director of the United Way of Portage County; a position she successfully held for 33 years. She has received many awards including the Sue Wilcox Legacy Award and has made lasting changes to our local community.

Our Treasurer is Meg Erler; who served the Village of Plover as its President 1995-1999. Her involvement in the Stevens Point Area Public School District is legendary. Being a member of the School Board for over twelve years and serving as President has been a huge job to hold in our community. Also an attorney; she serves as the Past President for the Boys & Girls Club Board and currently serves as President of the Portage County Legal Aid Society Board of Directors. Her contributions to our area have made remarkable impacts. Meg shares her home with her two good dogs—Bigby (Border Terrier) and Koda (English Cream Golden Retriever).

Our HSPC Secretary for the last fourteen years is Ann Conners Barett. Ann owns and manages her own company. She serves as President at Conners/Barrett & Co., LLC and is a Certified Association Executive. She provides management services to non-profit associations and corporations. Her wealth of experience in association management, business development, event planning and working with other non-profit organizations has been and is monumental to us. She has also been instrumental in the Wisconsin Land Information Association as their Executive Services Manager for the last 33 years.

I am so lucky and honored to have these great ladies on hand to help and guide the work we do here. The next newsletter will highlight the other members of our Board of Directors.

Another major change for 2026 has been our Medical Team programs. We have decided to include more domesticated animal health options for the Portage County community. The Medical Team (consisting of our Vet, two Vet Tech's, Med Assistants, and Med students) have expanded our services. Since January 2026 we have provided the local Portage County public 14 spay and neuter clinics (8 dog/6 cat) at low cost. And we still made time to hold our Immunization Clinic in February; also at low cost prices to the community!
Providing and expanding the low-cost clinics is our way of "giving back" to our community. These are just some of the ways we work with our area pet owners and community residents. We just don't preach the importance of spaying and neutering your pets--- we practice it.

We appreciate your help and cannot be prouder to live and work in Portage County!

Thank you all for supporting the Humane Society of Portage County.

Hope to see you at Feltz Family Farm and Dairy Store for our "Beer, Cheese for Pets Please" event on August 22! Tickets are BOGO and bring the kids! See the flyer in this newsletter.

Sherri Galle-Teske

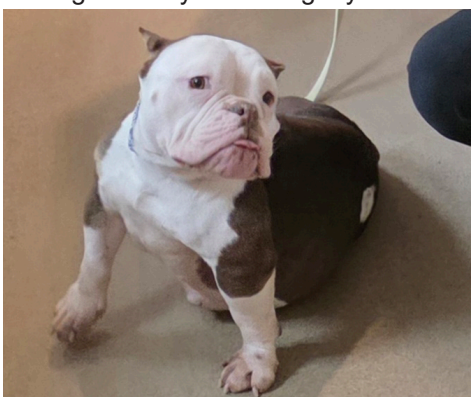

CeCe's Story

continued from page 1

Thank you, donors and the community support we received. We cannot do these lifesaving efforts without the help of you. There are more animals like CeCe in our community.

They go unnoticed until something really goes wrong. We daily prepare for these animals; and scenarios. We organize and practice the lifesaving measures and medicines used to treat these animals. Your help goes a long way from intake to good health and a forever home. Without your support dogs like CeCe have no hope or opportunity for a good loving home.

From CeCe herself—thank you Portage County for saving my life.

The culprit who did this to her is still out there. Our Humane Officers worked relentlessly on this case and have fallen to dead-end leads. If you recognize this dog please call the Humane Society right away. We are still trying to find out how CeCe was left in this horrendous situation.

Meet Squeakers

Grab out the tissue—advanced warning! Squeakers is a beautiful black/white tuxedo cat. She came to us earlier this spring with a group of her newborn kittens. She was close to death—but never let her babies down. This story is honoring her determination and her motherhood. Here's her story-

"Squeakers" was an outside cat that some very nice people were feeding. They knew she had recently had babies and knew where her nest was. She was a frequent visitor to the nice people daily.

One day her humans noticed her barely walking –her arm was shredded & bloody. She was not eating and super sick; barely walking. They couldn't believe their eyes that she was even moving. Squeakers must have been in immense pain. The new mother—in all her determination--literally made it back to her nest to feed her babies. She never left them and never missed a meal to give them.

The nice people called a Humane Officer at HSPC Animal Control and the Officer gathered her and all the babies back to HSPC.

We all thought the mother (Squeakers) was not going to "make it" as she was in such bad shape. She got really upset when we had to take the babies away-still protecting them. The sad part is she was unable to further care for them.

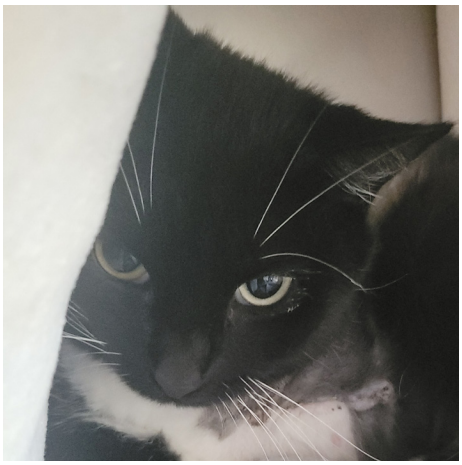

Our HSPC medical staff worked diligently to provide the care she needed, from arm amputation to syringe feedings to medicine and hours of care. And today proves it---she made it!

And the babies? Even though they were unweaned--all survived under the watchful eye of a wonderful foster mom!

Day by day Squeakers has regained her strength and her confidence and is now a thriving champion ready to complete her long journey in a forever home. This little mother of the year now enjoys her days watching outside the big picture window at the HSPC Cat Circle.

Squeakers is as shy but sweet as can be. She is not feral—just shy. She is spayed, immunized and litter trained. Because of her one arm she is not an outside cat and is considered special needs.

All of her babies have grown and were adopted—now its her turn! Please consider falling in love with her as much as we have. Come and meet this brave girl!

Her adoption fee is $55. If you are interested in adopting a cat from HSPC, please complete our adoption application. Approved applicants will be contacted within 3 working days for an appointment. We operate Adoption by appointment only; using our online application. The application can be found at: https://hspcwi.org/adopt/ All cats adopted through HSPC are spayed/neutered, microchipped, FeLV & FIV tested, and receive core vaccinations (younger kittens may not be fully vaccinated due to age). If you have any questions please email the Cat Adoption Manager at adoption@hspcwi.org We look forward to introducing you to your new cat!

Congratulations - Deb Klein Retirement

Sherri Galle-Teske Executive Director

Deb Klein is not a “one size fits all” kind of person. She is a true believer in matching the right family (person) to the right animal. And Deb would know; as she has adopted thousands of animals out to homes in her thirty-nine years working at the Humane Society of Portage County WI.

Her humble upbringing in northern Wisconsin only enhanced her love of the outdoors—and animals. After her move to central Wisconsin Deb found herself at Bukolt Park in Stevens Point circa 1987. The Humane Society was founded by three amazing women; Pat Okray, MaryAnn Krueger and Betty Iber in the early 1970’s. They were instrumental in locating the first shelter in Bukolt Park, Stevens Point; and Deb still remembers it well. “I worked under the leadership of one of the first Shelter Managers-Kathy Simonis. That’s what they called the Executive Director at that time.”

Deb started her career at the Humane Society as a Humane Officer in Animal Control. Animal Control was Deb’s springboard to working in adoption, office management, surrenders, sheltercare and medical care during her 39 year tenure. She has attended a multitude of trainings and received education in specific animal behaviors, breed focused enrichments, and adoption protocols to name a few.

Deb was instrumental in kicking off the very first Bukolt Park Shelter’s Spay and Neuter program; the development and implementation. Once the new shelter opened she also developed and implemented the new Adoption program; and protocol platform used for all the domesticated animals the shelter interacts with. Her role was a full time volunteer at that time. She went one step further and trained adoption volunteers to assist in that program.

Some of the major changes she has witnessed in the domesticated animal shelter industry in addition to rescues, daycare facilities and shelter mandates have been the revisions made in the dog breeding/selling industry.

“Years ago you didn’t need permits or Veterinarian health assessments for puppies from dog breeders. I think it is a positive move in the right direction to keep breeders and animal selling legitimate in our state.” Deb said.

Over the years popular breeds people favored has changed too. Thirty years ago everyone seemed to want Labs and Retrievers. Along came the Poodle and little dog trends, then the Pittie craze, Beagle, and now French Bulldogs.

When asked “What advice do you have for a person who is considering adopting a dog?” Deb mentioned three rules she has utilized.

1. Know your breed. Sure that puppy is cute and it licked your face. But do you understand that puppy will grow into a 125-pound guard dog?

2. Understand the make-up of your family. A pet needs to fit into your family’s culture. Is your family the outdoor type who likes hiking, cycling, and swimming? Are you gone every weekend? Maybe that little poofy lap dog who you have your eyes on may not be the right fit for you or the kids.

3. Not every animal is perfect. A pet you adopt cannot always meet all your expectations, it takes patience. Most pets do not come automatically trained; be prepared to help train the animal; showing them positive reinforcement and lots of love

What will Deb miss about working at HSPC? “Everything. I will miss helping the animals find good homes and working with the people who love and care about the animals as much as I do.”

We will all miss you too Deb! Thank you for all the years, sleepless “puppy nights”, hard work, and love it took to do your job well. We wish you lots of fun and enjoyment in your future plans.

Happy Tails - stories about adopted animals & shelter visitors

LUNA- Jennifer Wilkinson says “Luna has done amazing in our home. She is so sweet. First night was a huge success and today first walk with us went smoothly.”

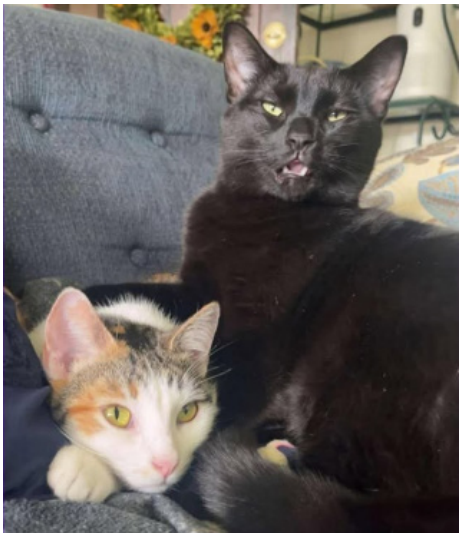

BELLA/Faith Her family says “OMG Faith (Bella) is precious!! We have her quarantined in my office (it used to be a living room so it’s huge) so she can get used to the cats before being introduced. She has a crate, blankets, toys, whatever she needs. She settled right in. Either my hubby or I have been with her the whole time. She just wants to be with us. At one point today I was reading some documents and she fell asleep under my desk and was snoring!!!! She is now in the middle of the room sleeping and snoring…we love her!!”

BOUGEE - Her family says “Bougee is doing awesome, she warmed up to the new environment in only a few days. She loves her toys and she definitely loves her food haha! But we love her and we think she was the perfect addition to our family. She is doing amazing and we are so happy we decided to adopt. Thank you guys at the Humane Society for this opportunity.”

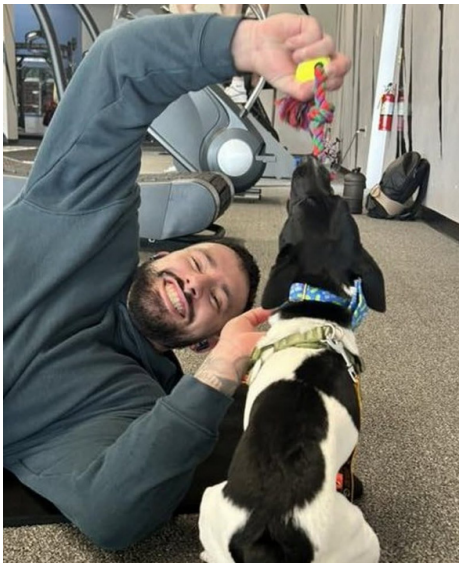

LIL’ LARRY/Pucky - His family says “Lil’ Larry is wonderful. He is so very loved. Spoiled rotten. He loves all the Christmas festivities. From his new holiday sweater with deers and comfy bubble jacket. Staying safe from hunters in the bright orange We wish you a very merry Christmas PS. He has a puppy on his Santa’s list!

ROLO & ROSIE/Raquel - their family says “It’s been one year since we adopted Rolo and Raquel. They’ve been such a joy and I can’t thank the humane society enough! We are going to drop off a case of wet food and a bag of dry food to celebrate their one year adoption.”

GOOSE/Rue - Anisah Rahaman says “Happy Thanksgiving! We wanted to give you an update on Goose. It took him some time to settle in but now he’s the absolute best boy. He’s done amazing with his training, he knows a bunch of different commands. He’s also ridiculously smart so he picks up on things right away. He got his picture taken with Santa recently, he had a great Thanksgiving hanging out with family and his Uncle Finn the golden doodle. He’s got his very own toy box filled to the brim with toys, which he loves. He loves everyone and everything. He’s involved in everything we do, he went trick or treating for Halloween and helped us pick out our Christmas tree. He is a very happy boy. We are very thankful for all the love Goose has given us.

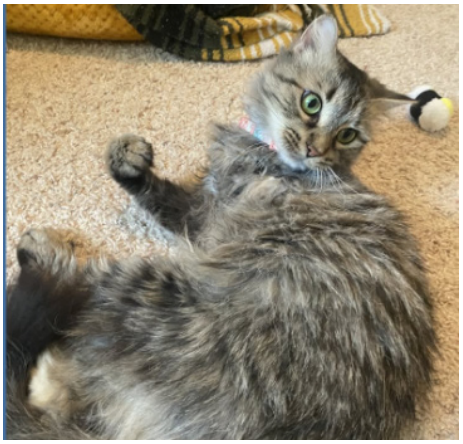

He’s been to work with me as a therapy dog for my patients and he’s regularly going to our dog friendly gym! He’s living his best life”

NALA/Romona & LUNA/ Trillium - Their family says “Wanted to give you an update on Nala & Luna’s first day in their forever home. Luna was comfortable with my kids and I right away and loved all the toys. Luna played for hours and came up to my daughter, my son, and I for cuddles and attention. Luna also loved playing with Nala and was a sweetheart to Nala. Nala was a little shy at first so we let her do her thing. Within a couple hours, Nala was playing with her toys and playing with Luna. Then Nala wanted to cuddle and get attention from my kids and I. They are happy babies, so adorable, sweet, and funny. They get along very well together. We love them already and happy they are happy in their new home. They went in the litter box with no problem. I have three litter boxes but they seem to like to share at times. They love to be held, pet, cuddled and play. They enjoy their own room with their beds. The room is child (kitten) proof for their safety. I ordered a big cat tower for them.”

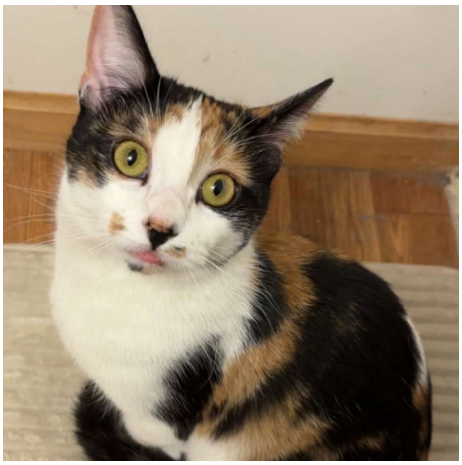

ASH/Pancake - Her family says “Pancake’s new name is Ash, Ashley when she’s naughty! She gets along great with my other cat . They run around all night playing together and spend all their time together. They are never apart now. She’s been the bestest friend to me and Mufasa . I’m so grateful to have her!

CALYPSO - Her family says “Calypso has adjusted really well in such a short period. We decided to keep her name. She’s so sweet, loves to be pet, slowly loving cuddles, and comes running at the sound of the treat bag. She’s great with my 3 year old and loves playing and chasing toys. She and the dog continue to adjust really well together (she no longer hisses at my dog). She’s getting more adventurous living with 3 legs and exploring what she is capable of, like jumping from furniture to the kitchen counter haha.”

MINNIE/Lucky Penny & MOLLY/ Dreamcatcher - Their family says “I wanted to send a quick update on the girls! Minnie and Molly are settling into their new home so well! We were shocked how quickly they adjusted. They absolutely love having each other to play with, and it has been wonderful watching their personalities continue to come out. They spend their days chasing each other around, exploring, and then curling up together for naps. They are both incredibly sweet and snuggly, and the bond between them is truly heartwarming. You can tell they take comfort in having their sister by their side. Bringing them home together was definitely the right decision, and we are so grateful to have them as part of our family. Thank you to everyone involved in caring for them and helping them find their forever home. We couldn’t be happier with these two girls!”

CALLIE/Cali - Her family says “She is amazing, and adjusted perfectly. She does get the zoomies, but is so sweet and loving. She’ll bring us toys in the middle of the night, or she’ll come and just lick you. We did end up getting her a little cat tower, and she absolutely loves. We decided to keep the name Callie. My roommate I had this past school year was also Cally, so it was fitting for her to meet Callie the cat.

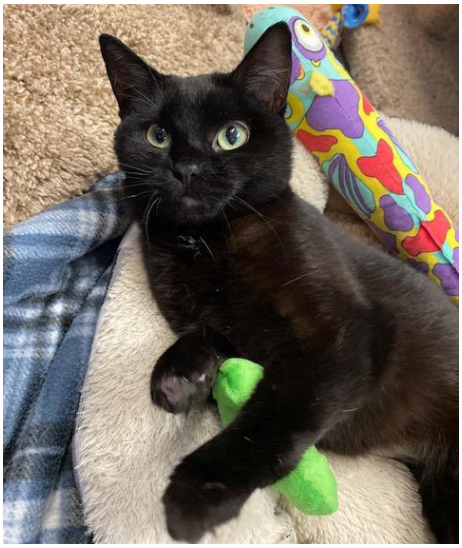

MILO/Elmer - His owner says “I just wanted to update you guys about how Elmer is doing. He is settling in so well. Once he took some time to look around his new home he was comfortable so quick! I’ve met so many affectionate and social cats but I can say with confidence he is the most affectionate, sweet boy ever. He has his own bed but he jumps in my bed every night to sleep next to me and cuddle, which I don’t mind at all lol! Thank you guys for all your help during the adoption process, you guys are the best!

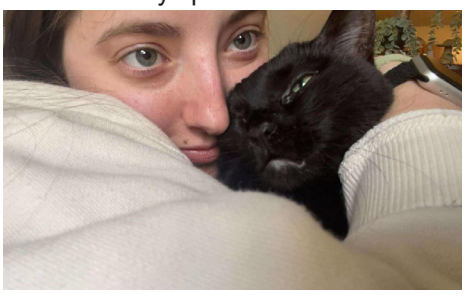

Pickles - Alumni Update

Editor's note: Connie was admitted as a stray in 2022 with serious injuries that resulted in the amputation of her tail and her lower rear legs. Sabryn, her adopter, renamed her Pickles and has provided us these updates.

Sabryn Steines says "Hi! I adopted a cat from you guys back in May 2022 and figured I would give you an update! I adopted Connie who had unfortunately lost her tail and her back feet. The toy that she had to go home with was a little toy pickle and because of that her name is now Pickles, P for short or Princess P.

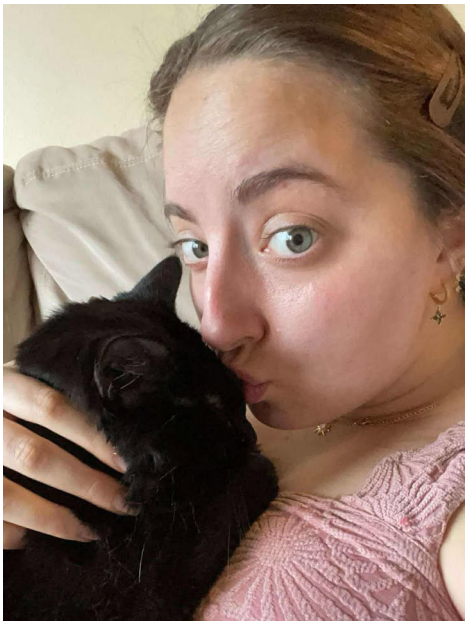

P is such a strong little fighter! Her absolute favorite things to do are cuddle with mom as much as possible as well as follow mom around wherever she goes, telling lots of stories by meowing and trilling all day long, playing with toys, using her scratchboard, and watching the birds outside. She is very expressive in so many ways whether it be vocal or with her eyes. She's very big on attention and pets! She is a very happy little girl and extremely spoiled and loved.

P had rehab sessions for prosthetics. She is stubborn and completely rejected the prosthetics. Lucky for her, she exceeds without them. Her back legs/feet have ever so slightly curved over time due to how she runs and walks. Nothing slows her down! She acts just like any other cat except mom and dad don't have to ever worry about her jumping on the counters.

P is friendly to everyone she meets and holds so much love in her heart. Any chance she gets for a snuggle, she will be on her way! She loves sitting by the big patio door in our new home that we moved to recently. Her view is of a large pond and she's obsessed.

I have personally wanted a cat since I was very young and didn't get one until I adopted her. The second I read about her and met her I knew she was meant to be mine. I wanted to provide a happy and safe home for her that would be filled with lots of love and that's what she got! I always tell her she's my dream come true and she knows how obsessed I am with her! She basically looks just like a little bunny when she runs and when she walks, her little booty moves slightly back and forth. So cute! P is truly living her best life and I have enjoyed watching how she learns and adapts.

P still has her toy pickle and plays with it occasionally. She's more into anything extremely light that she can fling around like crazy.

She never goes a day without knowing she's loved and she will literally beg for kisses by tilting her head back and staring at me. I could go on and on about her. She's an angel (most of the time…sometimes the zoomies get the best of her) and everyone that knows me, immediately knows about her. She is the light of my life no doubt!"

P loves to get warm under blankets, chirps back at the birds, and seriously loves to "hide" and jump out to try and scare mom and dad. We play along with it so that she feels proud of herself. I just know that given her circumstances, there would be people that knew her and took care of her that would appreciate seeing how far she has come. A huge thanks to them! Without them, P and I wouldn't be besties!

Editor's note: Sabryn, Thank You for the update. Many of us knew P when she was at the shelter going through her surgeries. We are proud of her!

Address Updates - Are you getting extra copies of our newsletter? Do you need an address correction?
Let us know how we can help. e-mail: address.corrections@HSPCWI.org
Phone 715-344-6012 Mail HSPC, 3200 Iber Lane, Plover WI 54467
We will need to know the old name & address and the correction required.

Are you interested in Volunteering?

Volunteers provide immeasurable affection, devotion and time to animals. In return, volunteers receive the unconditional love of animals who need the touch of a gentle hand, or the satisfaction of knowing their volunteer work assisted us in providing food, comfort and veterinary care to animals in need.

We recently adjusted our volunteer needs to include reception/ greeters (on Tuesday & Thursday afternoons), experienced dog walkers, housekeeping (laundry room) assistants and event helpers.

We welcome anyone 18 years or older who would like to volunteer their time and is interested in making a difference.

We look forward to welcoming you to our volunteer team!

Apply online at
WWW.HSPCWI.ORG

Our animal care services are entirely dependent on contributions from our donors! If we missed recognizing your donation, please email executive.director@hspcwi.org to inform us about the omission. We will recognize your donation in the next newsletter.
